Wednesday evening, at about 6.30 clock, the dwelling house owned by James Brown, in Miller's grove, was destroyed by fire. It was impossible to save the house, on account of lack of water, for there are no hydrants located on or near this street. The hose company offered its aid, as also did the friendly neighbors. Besides the house, furniture owned by Mr. Brown and Mrs. Seamans was destroyed. If the fire had been a few hours later, probably life would have been lost, for the children were about to be put to rest.

0000000000000000 THE MARKETS.

Wall Street Review.

New York, Jan. 4.—Today was one of the most exciting days in the history of the New York stock exchange. The recorded transactions feored up 1.837,000 shares, compared with the previous record of 1.023,001 shares on Nov. 12, 1000 There have been wider price movements than any of these made today in individual stocks, or in groups of stocks, but it is doubtful whether there has ever before been so violent a fluctuation in the average price for all stocks traded in as from the low price to the high price today. Blocks of many thousand shares of stocks were benefited about from band to band among the brokers with no more apparent consideration, beyond the excitement of the game than boys show in playing marbles. Considering the extreme variations in prices and the high consentration of some of the dealings it is no exaggeration to say that vast fortunes were made and lost on the floor of the exchange during the day, it would be useless to attempt to analyze closely the causes underlying such a market. There was a recrudesence in full force of all the bellish sentiment which has stirred up this morker for two months past. The effect was the more acute by reason of the rebound from vextenday's depression. The day opened with the bears in confident mood. They attacked the market with enthusiasm and were able to force declines unming from 1 to 2 at the very outset. The weakness of the market was not immediately overcome and there were netable losses all through the first hour. But the evidences of support were sufficient even in the opening dealings to serve as a warning to the bases and through the first hour. But the tende war, was in itself a back set for the nears. But the powerful lever which moved the whole market was N. Paul. The story current for some time flat the railway is to be leased to the Northern Pacific and Great Northern on the guarantee of a dividend with a preliminary discribution of the company's great amplus received renewed eredence, alitough there was no additional confirmation. The price moved 0000000000000000 Louis Mann and Clara Lipman presented their new comedy, "All on Account of Eliza," at the Lyceom last night, before an audience that was as large as the theater would permit it to be. There are few mirth provokers on the stage today who are greater favorites with Scianton theater-goers than Mr. Mann and Miss Lipman, and their work last night served to entrench them more firmly in the regard of their admirers. It is a wide departure from the somewhat salacious farcical comedies in which they have been seen of recent years, and is also constructed along more legitimate lines. The comedy is from the pen of Leo Ditrichstein.

Miss Lipman is cast for the role of a consely up-to-date young woman, who is employed as a school teacher by the board of education of the little village of Hemlock, in western New York, where her airy, modern gowns and ways soon make her the target for the anger of nearly all he women of the village.

Mr. Mann has one of the eccentric German nedy roles for which he is famed only in this naturce, it is toned down to some extent as compared to the others in which he has been who is president of the board of education. Mr. Mann and Miss Lipman made a great hit with last night's audience and were called before the curtain five or six times at the close of the They have the advantage of a good supporting

TAYLOR.

The Passion Play to be given at the Calvary Baptist church on Tuesday evening next is an attraction which is something new to our town people. Seldom before has such an opportunity been afforded to the public as this splendid entertainment, produced by Prof. W. Robert Goss, whose ability as an entertainer is widely known. Says the Rev. H. M. Warren, pastor of Park Baptist church, New York: "Exclamations of praise could be heard from all sides and I also noticed many who were moved to tears. personally want to thank the managers for this calistic and thoroughly devotional and beautiful entertainment. Deafness Cannot Be Cured
by local applications as they cannot reach the
diseased portion of the ear. There is only one
way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the
Eustachian Tube. When this tube is inflamed
you have a rumbling sound or imperfect hearing,
and when it is entirely closed, Deafness is the resuit, and unless the inflammation can be taken
cut and this tube restored to its normal condition, hearing will be destroyed forever; nine
cases out of ten are caused by Catarrh, which is
nothing but an inflamed condition of the mucous
aurfaces.

We will give One Hundred Dollars for any case
of Deafness (caused by catarrh) that cannot be
cured by Hall's Catarrh Cure. Send for circulars,
free.

MME. A. RUPPERT'S WORLD RE-NOWNED FACE BLEACH AL-MOST WITHOUT COST

NO MATTER HOW BLEMISHED THE SKIN, FACE BLEACH WILL MAKE IT PERFECT

Madame A. Ruppert says:

"My Face Bleach is not a new untried remody, but has been used by the best people for years, and for dissolving and removing forever pimples, freckles, moth patches, blackheads, eczema, tan, sunburn.

patches, blackheads, eczema, tan, sunburn, sallowness, roughness or redness of the akin, and for brightening and beautifying the complexion it has no equal.

It is absolutely harmless to the most delicate skin.

The marvellous improvement after a few applications is most apparent, for the skin becomes as nature intended it should be, smeeth, clear and white, free from every impurity and blemish. It cannot fall, for its action is such that it draws the impurities out of the skin, and does not cover tham up, and is invisible during use. The is the only thorough and permanent way.

During this month, I will offer to all a trial bottle of my world renowned Face Bleach, sufficient to show that it is all time. I claim for it, and any reader of this can send me 5 cents in stamp or either, and I will send the trial bottle, securely packed in plain wrapper, sealed, all charges or paid. My book 'How to be Beautiful' will be alled free to all who will write for it." MADAME A. RUPPERT,

6 East 14th Street, New York
