Breaker Boy Killed.

Daniel Jones, aged sixteen years, son of Mr. and Mrs. Whitmore Jones, of 312 Caroline avenue, employed as a slatepicker at the Capouse breaker, was instantly killed while at work yesterday by being ground in the elevators used to hoist the coal from the screens into the chutes.

The boy was not missed from his acustomed place in the breaker until his lifeless body was found in the elevators, mangled beyond recognition, will probably never be known just how the unfortunate accident occurred. The supposition is that young cones accidentally fell into the vators.

The body was removed to his home, where Coroner Roberts viewed the remains and decided that an inquest was unnecessary. The funeral will take place at 3 o'clock tomorrow afternoon. Rev. Thomas de Gruchy, D. D., of the Jackson Street Baptist church, will the Washburn street cemetery.

DUNMORE DOINGS

DISCOURSE OF THE REV. W. H. WILLIAMS.

He Spoke on "The Sin Against the Holy Ghost" at Last Night's Meeting-Fire in the Lunch Wagon at the Corners Did a Small Amount of Damage-Amos Washer Thrown from His Carriage by Running Away of Horse-Benefit Social to Be Held-Other Notes.

The Drummer Evangelist, Rev. W. H. Williams is demonstating to the people of Dunmore that he has a knowledge of the word of God and can preach a sermon as well as make xit: 30-31. He said in part:

"It is not a sin committed ignorantly, but knowingly; it is not a careless but a wilful rejection of the truth. It is not a sin committed in a moment, but is a final act to a long

"We often bear it said, he or she is an infidel who is fighting the church and Bible, saying that Jesus Christ was a bastard and a wretch. There are no infidels, but there are men and women who have crossed the line and we are to let them alone, for they are Joined to their idols. Christ, when on earth, changed his whole attitude towards such and closed the Book against them by speaking in parables. 'Eyes to see, they see not: ears to hear, they hear not.' We can become blind and deaf to the plan of salvation. It was malice that made the wicked Phrises say it is done by Beelzebub. It was ignorance that made the multitude cry crucify Him. These were forgiven; the others perished, without hope or another invitation, for they, in their blindness, were hurried on to meet their doom.

"Some would say this is unjust in God. Will you please tell me what is the extent of the crime committed, then I will modify my statement. What is it to sin against God. It is an awful crime to trample the love of heaven under your feet.

"Not every reproach is taken by the Holy Ghost as blasphemy, for we say many things against His work that we do not mean, but when in the judgment of the Holy Ghost He knows we mean it, then He resents it with a justice that knows no mercy. "Man then is left in a hardness of

heart and will never relent, but will live in a state of moveless indifference, until he departs to his own place. This results from the fact that he is abandoned. The spirit of God is tike the breath of life it departs. The candlestick is removed out of its place. The talents are given to another and the Holy Ghost becomes an enemy.

"God is love. Penitent souls find him so; unpenitent ones will find him America, held in Hartman's hall last a consuming fire, God is merciful, but sin is hurtful to Him and he cannet look upon sin with the least de-

gree of an allowance. "When will God have more power to save you than now? You are not safe now in your sins. Does not the peace of heaven demand that these rebels against all purity be outside of heaven. There was one rebellion in heaven. God will not take the risk of inother, for A very pleasant surprise party, was there. Shall the lights of heaven be entrusted to bloody brands."

Miss Hull sang again last night, to the great delight of all present. Mr. Williams will take for his sub-Friends in Heaven." Everybody is invited.

Fire in Lunch Wagon.

Considerable excitement was created around the Corners yesterday afternoon when a lively blaze was seen coming through the roof of the lunch wagon. The wagon is hemmed in on both sides by frame structures and the high wind blowing at the time made it look somewhat serious for a few moments, but luckily Permanent Man George Seeze, of the Neptune company, was on the scene and with e few well-directed blows was able to get to the seat of the fire, which was between the ceiling and the roof. He made short work of extinguishing it. It was caused by an overheated stove. The damage done will amount to about \$25, which is fully covered by insurance.

Constant Dull Pain in My Back

resides at 91 Cottage Row, Bradford, Pa. He has the following to say concerning his trouble and the wonderful cure accom-plished by Morrow's Kid-ne-oids.

"For the past three years I have had Kidney troubles so as to not be able to do much work. I had a constant dull pain in my back and at times it was accompanied by a sharp shooting pain just over the kidneys. My nerves were affected so I could not sleep well or get proper rest. The secretions from the kidneys showed a deposit indicating a constant drain on my system. I tried a number of doctors and took nearly every kind of ki iney medicine in existence, but nothing did me any good until I took Morrow's Kid-ne-olds. After taking them a few days I noticed a change in my condition. One 50 cent box has entirely removed the dull pain in my back and done me more good than all the doctors and other medicine I took in the past two years.
