CONSTABLE GILBY ARRESTED. Is Taken in Custody on the Charge of

Feloniously Wounding. Constable Stephen A. Gilby, of this city, was arrested on Monday night County Detective Leyshon and taken before Alderman Jones of the Second ward, who held him in \$800

ball on a charge of feloniously wounding Eddie Gorman on New Year's The charge of feloniously wounding refers to the act of Constable Gilby in drawing his revolver and shooting Gorman when the latter had escaped from the constable's custody while he was being taken to the county jail on committment papers issued by Alderman

Delevan, who had held Gorman in \$100 bail on the specific charge of the larceny of \$2.90. The constable was on his way to the jail with the prisoner and had gone but a short ways when the latter aimed a savage blow at him, which caused Gibby to relax his hold. When Gorman stripped himself of his overcoat and hat and ran down Belmont street and was outstepping his caretaker, who was burdened with a sore foot. After Gilby had called on him to stop, the constable fired his revolver in the air, then aimed at the runaway and shot twice more, the first bullet going wide but the second finding a resting place

in Gilby's knee, which brought his flight to an abrupt termination. Gilby then hired a cab and brought his prisoner or patient to the city stronghold. from whence he was conveyed to the Emergency hospital, where the bullet was extracted into that night. Since then it has been a much discussed question whether Cilby was jus-

a petty charge, even if he was escap-ing from castely. The wisacres have the constable himself was intaxionic was doing. To this the constable re-

Leyshon is commented upon for the reason that he was removed from the office of county detective several hours before he served the warrant upon Gilby and had been succeeded in the position by William A. Phillips. The explanation given for this is that the papers were prepared on Saturday, before he was removed, and that he was acting with the knowledge and under the instruction of District Attorney

Lewis in the matter. Constable Neary accompanied Detective Levshon when the arrest was made. Constable Gilby wished to be taken before Alderman Delevan, whose court officer he is, but his request was refused as Alderman Jones had issued the papers, and he was brought before the evidence, held him in \$800 bail. Albert E Gilby, brother of the prisoner, furnished the security and the con-

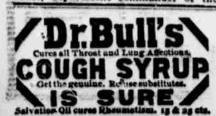

stable was set free. Eddie Gorman, the cause of the trouble, is still at the hospital recovering from the effects of the wound. He is doing nicely and if no unforeseen complicaticas ensue, he will be able to leave the institution in a week or ten days. The constable is prepared to take him to the county jail as soon as he can walk, still having the original commitment with him.

TRINITY CHURCH'S OPENING.

A Two Days' Observance of the Com-

pletion of the Beautiful Edifice. The day for the dedication and openng of the handsome new Trinity Protstant Episcopal church in this city has at last been determined, and if all goes well, Sunday, Feb. 10, will witness the imposing ceremonies. It has been decided that the event will be extended over until Monday, the 11th.

These plans were discussed and acted upon at a vestry meeting held in the Trinity parish house on Monday evening. The vestrymen did not adjourn this meeting until a very late hour. Rt. Rev. Ethelbert Talbot, bishop of the Episcopal diocese of Central Pennsylvania, presided over the meeting.

Elaborate preparations are under way to make this occasion one of signal impressiveness. Invitations have been sent out to many leading clergymen and laymen of this diocese and neighboring ones. The Sabbath celebration will, of course, consist of religious services and will be of a most inspiring nature. Bishop Talbot will, in all probability, preach the first sermon in the new sanctuary, and will be assisted by eminent divines.

The following day will be signalized by the gathering here of the archdeaconry. There will be a reception to Bishop Talbot in the evening. Bishop Coleman, of Delaware, will, in all likelihood, also be present.

The new organ is almost completed. When the new motor that will furnish the air power was tried on Monday it was found that it would not be powerful enough, so a new and larger one was telegraphed for yesterday afternoon. It is hoped that this defect may not delay the programme for the dedication of the church.

Will Be Blind.

Michael Toolan, of the West Side who has been in Philadelphia consulting occulists in regard to his impairment of vision, has returned with news of a most grievous nature The specialists have held out no hope whatever of his recovery, but, on the contrary, have confirmed the diagnosis of Dr. W. W. Fletcher, of this city, who predicted some time ago that he would eventually lose his sight. For a number of years Mr. Toolan

has been blind in one eye, and the other has now become diseased to such an extent that he can see but a small part of the time, usually only in the morning after a night's rest of the failing eye. Dr. Fletcher's explanation is that the cause is a detachment of the retina and a liquified condition of the vitreous. There is no cure for this trouble, and no hope can be held out to the unfortunate young man.

LAST RESORT.

Mrs. Mary Lawler, of Appleton, Wis., wife of Hon. John J. Lawler, pro-prietor "Central House," 653 Lake street, Appleton, Wis., was cured of an annoying case of catarrh of the kidneys by Peruna. In a recent letter to Dr.

"I recently caught cold which settled in the kidneys and caused me serious inconvenience. Nothing I did seemed to help me and the doctor advised a change of climate. As that was out of the question for me, I tried Peruna as a last resort and I found it was 60d-send to me. In two days I began to feel better and in less than two weeks the kidney trouble was greatly relieved. I used four bottles and am entirely cured, and if I ever feel any lassitude I take Peruna and always with the same good results."-Mary Lawier.
