Factoryville, Jan. 8 .- The ice harvest is in full blast here now and many individual ice houses are already filled. removed and analyzed. The ice is of unusually fine quality this year, it being fully twelve inches thick and as clear as a piece of glass.

Factoryville encampment, No. 246, Independent Order of Odd Fellows, will, after conferring a degree and other lodge business, give a social and ban-quet to the members and their ladies. The banquets and socials in that branch of the order are frequent occurrences and are looked forward to (especially by the ladies) with much pleasure. Tomorrow night (Wednes-day) is the next meeting night.

Drs. Heller, of this place, and Longstreet, of Scranton, performed a critical surgical operation upon Whipple Thomas, at his home last Wednesday. The patient is resting comfortably and will recover.

The only letter remaining in the postoffice Jan. 1, 1901, was addressed to H. S. Page.

M. W. Bliss was a business visitor to Scranton yesterday. Mr. and Mrs. O. T. Spencer are

spending a week at Waverly, N. Y. Mr. and Mrs. John Blddleman re-turned yesterday from a week's visit with friends at Trenton, N. J.

Henry Crisman left yesterday for Pittsburg, after spending a few months with his parents here,

Walter Biddleman and Bert Zweizig left yesterday for Gouldsboro, where they will engage in the ice business. Mr. B. Camp, of Montrose, spent Sunday here with M. W. Bliss.

Some of our young men launched out into the junk business last week, with James Stanton as superintendent of affairs, but the business was suddenly brought to a close and the partnership dissolved.

PITTSTON.

WHAT SHALL WE EAT

To Keep Healthy and Strong. A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best, in spite of the claims made by vegetarians and food cranks gencrally.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more

quickly than vegetables or grains. Dr. Julius Remusson on this subject says: Nervous persons, people run down in health and of low vitality should eat plenty of meat. If the digestion is too feeble at first it may be easily strengthened by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three or four hours, while the malt diastase also contained in Stuart's Tablets cause the perfect digestion of starchy foods, like potatoes, bread, etc., and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase so necessary to perfect digestion, and any form of inligestion and stomach trouble except cancer of the stomach will be overcom by their daily use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure its complete digestion by the systematic use of a safe, harmless digestive medicine like Stuart's Dyspepsia Tab-

lets composed of the natural digestive principles, peptones and diastase, which actually perform the work of digestion and give the abused stomach chance to rest and to furnish the body and brain with the necessary nutriment. Cheap cathartic medicines masquerading under the name of dyspepsia cures are useless for relief or cure of indigestion because they have absolutely no effect upon the actual diestion of food.

Dyspepsia in all its forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the indigestion is to make daily use at meal time of a safe pre paration which is endorsed by the medical profession and known to contain active digestive principles, and all

appetite for food and the choicest dishes cannot tempt her. She turns and tosses through a restless night on a couch which might woo an empress to slumber. She has no strength for household cares, no delight in social pleasure. She sits "perked up in a glistering grief wearing a golden sorrow." She is a wife and mother. But she has no happiness in either relation. She knows her husband's life is set in tune and time to the minor music of her own misery. If her child laughs or cries her nerves quiver with pain.

Ask such a woman if she would like to be well; to be her husband's comrade. her child's playmate. Could there be but one answer?

Such a woman can get well if she will. All her symptoms indicate a diseased condition of the delicate womanly organism. Cure that condition and the oman will be lifted up to the full enovment of health.

In ninety-eight cases out of every hundred Dr. Pierce's Favorite Prescription will cure womanly diseases, will restore the womanly health. It has cured tens of thousands of women many of whom d been given up by physicians and friends. It is essentially a medicine for woman's ills. It dries enfeebling drains. It heals inflammation and ulceration. It cures female weakness and bearing down pains. It tranquilizes the nerves, re-stores the appetite and gives refreshing

"Favorite Prescription" differs from almost all other medicines put up for woman's use in that it contains no alcohol and is entirely free from opium, cocaine and all other narcotics. It is in the truest sense of the term a lemberance medicine.

The greatest irregularity and most erratic fluctuations were amongst the Grangers, Coalers, Pacifies and some of the trunk lines. These all had their early period of trength and again were most prominent in the late drive against the market. St. Paul rose at late drive against the market. one time to 161 and fell back late in the day 156%. The declines from the highest in other members of the groups tan from 2 to 3 points The southwestern railroad stocks were the most consistently atrong of any in the list. The special strength in Missouri Pacific had a stimulat-ing effect on the whole group. This stock opened up a fraction and inaugurated most of the rallies afterwards during the day. It closed at 81%, top price, showing a net gain of five points. The only news to account for the rise was a published estimate placing the earnings of the company at a high per cent, of the stock. The final strong rally of the market very

materially reduced the day's declines and lifted many stocks from 1 to 2 points above the low level. Reading rallied 25g. Total sales, 1.511,000 Philadelphia Grain and Produce.
