## MARY GORMAN'S SUDDEN DEATH

WILL BE INVESTIGATED TO-DAY BY CORONER ROBERTS.

The Woman Was Found Dead in Bed in a House in Nealis Court After a Week's Illness Without an Attending Physician-Vaccinations at Simpson M. E. Church-Willie Green Up Against It-Other Notes tunity for Mr. Boyle versatility. and Personals.

Mary Gorman, aged about 34 years, a familiar character in police circles. died at noon yesterday in a house in the rear of 202 North Ninth street. The woman had been ill for about a week and refused to have a physician attend her, remarking to Mrs. W. J. Van Dyke, with whom she bearded, that if a doctor came to attend her she would spit in his face.

For several days the woman had been suffering from convulsions and writhed in agony at intervals during the days and nights of suffering. Her companions were wholly incapable of attending to her physical nee is. The house in which she died is situated in Nealis' court, overlooking the Lucka-

Coroner Roberts was notified of the case and made an autopsy on the body last night. The cause of death was due to alcoholism. Deceased was a native of Wilkes-Barre, and a stepdaughter of James Smart, who was sottfied of her death.

After the woman was found cold in death Dr. Comegys was summoned. He viewed the remains and directed the occupants of the house to notify the coroner. An inquest will probably be held in the case today.

#### Moving Picture Exhibition

Without a doubt the best moving picture exhibit ever made in this city was presented at the Simpson Methodist Episcopal church last evening by the Lyman H. Howe company, For two hours an audience that completely tilled the church, sat and thoroughly enjoyed the display of the clearest and most distinct set of pictures ever

thrown on a canvas in Scranton. The films used were exceptionally tlear and free from the nerve-racking features that usually accompany exhibits of this nature. The pictures included the crowned heads of Europe scenes from the Paris exposition, the

#### Green Severely Punished.

William Green, of 522 Roberts court, wore out a warrant yesterday in Alderman Kellow's court for the arrest his brother-in-law. Benjamin Thomas, of 355 North Bromley avenue charging him with assault and battery. The defendant waived a hearing and entered bail for his appearance at court in the sum of \$300.

Green married Thomas' sister, widow with five children. After a time they separated, but a reconciliation was effected and all went well until yesterday.

"Willie," as Green is familiarly known, invited his wife's father and brother around to his house. brother responded. When he appeared in the alderman's office Willie looked like a foot ball player after a rough and tumble scrimmage.

#### Vaccinations at the Hospital.

An army of parents and children, seeking free vaccination, responded to the invitation of the West Side hospital directors yesterday, and from noon until late in the evening there was a steady run of callers willing and anxions to be inoculated free of charge. One hundred and twenty-one arms were scraped and punctured with vaccine, and as many more were turned away, owing to the inability of the physicians to attend to them all yesterday.

The directors really intended that the opportunity was offered more particularly for the poorer classes who are unable to pay for the vaccination of the children, and while none were turned away on that score, they nevertheless want it understood that the poor are preferred. Another thing that should not be misunderstood is that only between the hours of 12 and 1 and 4 and 5 o'clock will the applications be made

Dr. J. W. Houser worked like a seaver on the applicants who thronged the building and the hospital nurses and Dr. M. J. Williams rendered him material assistance during the work The exclusive announcement in The Tribune of such a move on the part of the directors elicited much favorable comment throughout the day, and the

### NO SLEEP FOR SIX MONTHS

One Cause of Sleeplessness That Car Be Overcome.

Wm. Handschu, of 46th street Cotion Alley, Pittsburg, Pa., ex-presses himself as follows regarding the new remedy for that common and obstinate disease, piles: "I take pleasure in stating I was so afflicted with piles that for three months I got no regular sleep; I became completely prostrated, the doctors did me no good; my brother told me of the new remedy for piles, the Pyramid Pile Cure, I purchased of my druggist three fifty-cent boxes and they completely cured me. I am once more at work and but for this excellent remedy I would be on my back. I take great pleasure in writing this letter because so many people are sufferers from this trouble who like myself did not know where to look for a perma-

nent, safe, reliable cure." Experience with the Pyramid Pile Cure for the past three years has demonstrated to the medical profession as well as to thousands of sufferers from piles, that it is the safest and most effectual pile cure ever offered to the public, containing no opiates or poisons of any kind, painless and convenient to handle, and being sold by druggists at 50c and \$1.00 per box, is within the reach of every sufferer.

Very often two or three boxes have made a complete cure of chronic cases that had not yielded to other reme-

dies for years. There is scarcely a disease more aggravating and obstinate to cure than the various forms of piles, and it is a common practice to use ointments, salves and similar preparations containing dangerous poisons to remove the trouble. The Pyramid has superseded all of these ineffectual remedies and no one suffering with any rectal trouble will make any mistake in giving the Pyramid a trial.

If in doubt as to the nature of your trouble send to the Pyramid Drug Co. Marshall, Mich., for a valuable book on piles, describing all forms of the disease and describing the method of

FUNERAL OF LATE MRS. WM. EDGAR HELD YESTERDAY.

Services Were Conducted in the Methodist Episcopal Church-Rev. Austin Griffin Presided and the Funeral Sermon Was Preached by Rev. George E. Forsythe-Many Visiting Clergymen Present-Revival Services Still Drawing Crowds-Miss Palmer to Lecture. Other News and Personal Notes.

The funeral of the late Mrs. William Edgar occurred from the Methodist church yesetrday afternoon. The large edifice was crowded with friends of the deceased, who came from the several towns of the valley where she and her husband have labored for many years. The Scripture lesson was read by Rev. Austin Griffin, presiding elder of the Wyoming district. Rev. A. J. Van Cleft, pastor of the Dunmore church, then offered prayer. Rev. George E. Forsythe, presiding elder of the Owego district, preached the funeral sermon, taking his text from Reviations, 21-1, 'And there shall be no more sea.

During his remarks he offered many onsoling thoughts to the living and paid a very loving tribute to the departed. Music was furnished by a double quartette, composed of Mrs. George Simpson, Misses Elsie Powell, Anna Powell, Jennie Eden, Messrs. J. W. Pinnell, William Lutz, Garfield Angwin and Rev. J. W. Kreamer. Many handsome floral offerings were banked about the casket.

The pall-bearers were the Rev. A. F. Chaffee, Carbondale; Rev. F. Gendall, Peckviile; Rev. G. H. Cure, Providence; Rev. J. B. Sweet and Rev. James Benninger, Hyde Park, and Rev. R. M. Pascoe, Avoca, Interment was made in Dunmore cemetery.

The following clergymen were pres ent at the services: Rev. W. G. Simpson, Rev. C. M. Surdam, Rev. O. L. Severson, Rev. R. J. Austin, Rev. F W. Young, Rev. J. V. Newell, Rev. C. B. Henry, Rev. J. Madison, Rev. T. M. Furey, Rev. B. R. Haughton.

The "Drummer Evangelist," Rev. W. H. Williams, preached his farewell sermon last night in the Methodist church, taking for his text Phil., 1-27. He said conversion is that by which we convey information to another, I is not what we say that speaks the loudest, but what we do. Many of us speak too many languages, one i church and several when outside of the church. Let us as Christians try and speak only one language and that the language of Canaan. We touch some one for good or bad every day. We can not go to heaven or hell alone, We are taking others with us.

The temptation will come for us to step aside just once from the narrow way mapped out by the Master's fingers. Dare I take one drink of whist key? No. One drink would snap the communication between my soul and God, for red liquor and the grace of God do not stay in the same hide at the same time. Whiskey goes in, grace goes out. Dare you attend one whis: party, one dance, tell one lie, defraud your neighbor just once? When we step aside just once we strike our names from the role in the Lamb's book of life.

Dare you go to sleep with the of heaven intrusted to your hands, or go into the fight with no arms or even one piece laid aside?

I came to you a stranger. You asked me to preach to you and teach. In return you have given me your love and I have honestly tried to preach the gospel, not creed. The burden of my preaching has been the fatherhood of God and the brother-

good of the race I look out today through the fog that rises up from the Jordan of death to he reunion. I expect to see you there What a time we will have, talking over sins pardoned and battles won. I am going in. I am going to take all my family with me. I have so much faith in the manger and the cross that I would coax you in, push you in be holy strategy; I would surprise you in With all the concentrated energies of my soul, physical, moral, mental and mortal, I would compel you to come in, I like you so well that I would like to spend eternity with you. See to it that your parting words are not words of regret; my farewell my be final. Then let every word spoken be said as if it was our last.

In conclusion, jast, but not least, I wish to thank the daily press of Scranton for the very generous report they have given me in this meeting and not in the meeting alone, but in meetings all over my district. have been a blessing to any life or ome, the press has been a very great help to me by so generously reporting the meetings. There is not a city in this whole country where the papers levote so much space to moral and religious reforms as the city of Scranton. and my prayers is that God may bless the press of Scranton, devil and all. If Mr. Sheldon would like to know how to run a religious daily, I think he could get some very fine pointers from the press of the Electric City.

## Revival Services.

The revival services at the Tripp Avenue Christian church was well attended last night. Rev. Mr. Cobb spoke on "What Shall I Do to Be Saved," taking his text from the sixteenth chapter of Acts. It is impossible to divorce the intelligence and emotional nature in conversion, he said. The apostles are said to be the servants of the most high God, who show unto us the way of salvation. They knew what was the will of God and revealed the way by the holy spirit. Faith, repentance and obedience are necessary for our salvation. At the close, two confessed their faith in Christ and accepted Him as their savior. The topic for tonight is The Gospel Is the Power of God Unto Salvation.'

From Ainslee's Magazine.

The remarkable thing about William C. Whitney is that his business career began only after he left Washington and when he was forty-five years of age. He has now done with politics, apparently. In truth, he has never been out of politics for a month of his life since he came to New York. His influence with Richard Croker is said to be as great as any that the Prophet of Tammany Hall inclines to: and if, for any reason, it should hanpen that Whitney and Tammany Hall came to daggers' points, the stock of the Metropolitan Street railway would be dropped like a het potato. Whitney was appointed secretary of the navy, Tammany had no bitterer the close of this administration it used to be said that the government was under the control of Tammany Hall. Cleveland is reported to have uttered these words to Charles S. Fairchild: "I am on to Whitney and his tricks

and I don't want any more of him." The methods of the men are diametrically opposed. Cleveland hews his way through opposition by main force. toppling over all that bars progress Whitney, on the contrary, builds a bridge over obstacles, or, more frequently, digs a tunnel under them and suddenly reappears to view on the advantageous side. It is only natural
