Christmas night a party of young men engaged in a scuffle on Spruce street, near Penn avenue, which culminated in young Lewis breaking a window glass in a saloon. Another young man, named James J. Collins, was arrested and held under \$300 bail

January 2 he appeared in the aider man's office and handed over \$10, and it was agreed that he should complete the payment next month.

Yesterday an elderly man handed the alderman a receipt for \$10 and said that he had found it in the clothing of his son, and asked if there was any more money due.

Young Lewis was taken suddenly ill and died after two days' sickness of pneumonia. The alderman decided that there was nothing more to be paid on the bill.

## **MAYOR WANTS ELECTION HELD**

ISSUES A NOTICE TO VIGILANCE COMMITTEES.

Informs Them That Seventeen Additional Common Councilmen Are to Be Elected in February and They Must Govern Themselves Accordingly-Councilman Vaughan Says Apportionment Was Not Legally Made and That the Democrats Will Contest the Coming Election.

Mayor Moir has decided that the extra councilmen to be elected for the city of Scranton under the decond class city law should be eleted at the coming February municipal election and with this purpose in view he yesterday issued a notice informing the vigilance committees of the various wards that the seventeen additional members will be elected on February 19.

The notice contains a list of the additional councilmen to be elected from each ward which is the same as that published in The Tribune a few weeks ago. The full representation in the new council from each ward after the new councilmen are elected will be as follows: First ward, 3 members.

Second ward, 4 members. Third ward, I member. Fourth ward, 3 members, Sixth ward, 2 member-Seventh ward, 1 member Eighth ward, 1 member. Ninth ward, 2 members. Tenth ward, I member. Eleventh ward, 2 members. Twelfth ward, 1 member. Thirteenth ward, 2 members. Fourteenth ward, 1 member. Fifteenth ward, 1 member. Sixteenth ward, 1 member Seventeenth ward, 2 members, Lighteenth ward, 1 member Nineteenth ward, 2 members Twentieth ward, 2 members,

#### THE LAST DAY.

The last day for filling caucus or primary election returns with the county commissioners will be next Tuesday so that in all the wards where extra councilmen are to be elected there will have to be some pretty tall hustling done by both parties if they want to nominate candidates in the regular way. A number of ward primaries will be conducted this afternoon.

The last day for the filing of independent nomination papers will be Monday, January 27. It is expected that in some of the wards there will told him that he had broken the win- be no regular primaries and that all dow and that he would like to pay for the aspirants for councilmanic honors it. The proprietor fixed the cost at \$15, will simply file nomination papers before that date.

When asked yesterday by whom the apportionment printed above was made, Mayor Moir said:

"The councilmanic apportionment committee made that apportionment and I decided that there was no time to lose and I accordingly issued this notice. I want it understood that I'm not atempting to usurp any power. I'm simply doing what I consider to my duty as mayor of this city.

"The law governing cities of the seond class provides that the number of councilmen shall be apportioned a cording to population and I'm simply doing all I can to have these councilmen elected at this coming election. The onle of this city are entitled und the law to an enlarged council and they must have it. Nothing can provent it."

## WHAT VAUGHAN SAID.

Councilman D. W. Vaughan, wir was appointed a member of the apportionment committee on Thursday night said yesterday: "I want it understood that I wasn't present at any meeting of the apportionment compiletee, nor was I notified that any meeting of this committee was to be held

"The whole proceeding is to my mind entirely contrary to law and the Democrats may be expected to fight the matter out in the courts. In the first place the common council committee was appointed when the city was still in the third class and when one had no right to operate under a second class city law. The select council part of the committee was appointed properly after the governor's proclamation was received.

"The law provides that when the as essors prepare the list of taxables they must certify to it under oath to the president of the common council and that on the next meeting thereafter the committee shall be appointed The list of taxables was never certified to the president of the common counell because he's in Washington and the committee was appointed before the list was ever prepared.

"Why I am sure that we can successfully prevent the election on these grounds alone without taking into conideration at all the fact that the law says the apportionment must be made in July and that they're just four months ahead of time. There are leven Democrats in the common council and if they can't prevent the election they can prevent the new members from taking their seats."

As was expected, there was no meeting of the common council last night, there being only eight Republican members present when Clerk Lynott called the roll. These were Messrs. Alworth, McDonald, Albert Lewis, W. F. Lewis, Evans, Nageli and Paine. All the Democratic mem-
