LETTERS FROM THE PEOPLE.

(Under this heading short letters of interess will be published when accompanied, for publication, by the writer's name. The Tribune does not saume responsibility for opinions here expressed.

Sir: Electric City lodge, No. 200, of the International Association of Machinists, at its regular meeting toaight decided by unanimous vote to send the following communication to all the newspapers of Scranton with the request that they publish same in fuil:

the machinists of Scranton, members of International Association of Machinists, having seen items in our local papers from time to time purporting to be news of the affairs of our association, some of which were incomplete and incorrect and liable to create an impres-sion as to our methods and intentions which is wrong and would injure us; desire at this time to inform the public what we contemplate, The association hopes to accure a nine-hour day nom their employers throughout the entire country and are now working with that end in view lany of us, however, together with the general public are exceedingly tired of strikes and rumore of ctrikes and it was on account of an item in a local paper to the effect that the machinists were talking of a general strike next pring to secure a nine-hour day and the abol elded to communicate with our papers. Our as-sociation stands before the public today as the only means we know of for preventing strikes, We do not contemplate relinquishing our right to strike until our nation relinquishes the right to go to war, but at the same time we say to our employers if they will avail themselves o the facilities our association offers them to co

perate with their machinists under intelligent leadership for the advancement of both they will have no strikes from us. We know no way to secure peace and harmony but to co-operate and we consider this impossible without or canization and we know of no organization bet ter adapted for the purpose than the Interna-tional Association of Machinists, as its records Hitherto our association has labored under

difficulties, the blame for which has not been laid at the right door. When the Mine Workers' strike was pending there was found a pulpit in this cits with the courage to charge that when met, who were ignorant and deprayed were brought bege because they could be secured for

no effort made to elevate or advance them thought or care was given to them except keep their output to a certain point, the cond tions were created which made the strike pos-sible. We have had the blame for strikes which arms from similar conditions. If any company will deliberately keep a man ignorant by re-fusing him the opportunity to acquire informa-tion and skill beyond a limited point no mat-ter what their reasons for so doing is it to be wondered at that they should find that such men are not amenable to reason. It is one of the aims of the association to advance and then assimilate these men and during the brief istence of the association, which originated Atlanta, Ga., in May, 1888, it has been a dif-ficult problem to deal with but we have made grant headway and we think the standard of the men working at the machine trade is immeasurably higher than it was and the Internations Association of Machinists steps out in the light of the Twentieth century knowing that the mer who compose and whom it represents are the very vitals of this nation and that the nation depends an them more than on any one factor for prosperity at home and supremacy abroad and under the leadership of strong men we expect to so conduct ourselves that the blame for any disturbances and loss will not lie at our door. We hold ourselves open to the fullest investigation at all times and we ask our local the one referred to without at least commun

cating with some officer of our local lodge for the purpose of ascertaining if it represents the sentiment of our association. Respectfully, Electric City Lodge, No. 259. International Association of Machinists. Humphrey B. Campbell, President A. J. Doney, Recording Secretary.

CANDIDATES FOR COUNCIL

NOMINATED AT LAST NIGHT'S PRIMARIES.

There Was a Lively Time in the Second Ward Over the Accusation That Illegal Votes Were Cast in the Fifth District-Votes Thrown Out-Candidates Who Were Named in the Different Wards for the Adtional Members of the Common Council That Is to Be.

Primary elections were held in a number of wards last night to nominate candidates for the additional councilmen certain wards will be entitled to in the enlarged common council.

Second will be entitled to four memof common council. the Republicans had an interesting time last night at their primaries. The meeting of the vigilance committees of the several districts was held at the office of Alderman Otto Meyers, where the returns were canvassed Walter Simpson was the presiding officer, with M. E. Sanders, secretary, and J. U. Hopewell, assistant secretary. Several of the candidates were present. The vote of the several districts was returned by the judges of the vigilance committees.

When the Fifth district was called and the vote recorded, and the totals announced by the secretary. Mr. Davis asked the privilege of the floor, which was granted. He questioned the vote of the Fifth district, and gave notice that he would contest the result which vote there showed. Secretary Sanders introduced a resolution that the contest notice served by Mr. Davis be accepted, and that the vigilance committee of the Fifth district be required to bring their bailot box, with all ballots, (marked and unmarked), into the presence of the canvassing board within one hour, (which would have made the hour 10 o'clock). motion was seconded by Mr. Hope-

well, and was adopted. The members of the committee of the Fifth district at first claimed they could supply ballots, but afterwards admitted their impossibility to do so, It was then claimed that the vote returned by them was largely in excess of the vote cast for the head of the Republican ticket at the last general election, and that consequently there must have been more than five Hisgal votes cast in the district, which under the rules which the vigilance committee of the ward had adopted, would invalidate the returns of the district.

On the strength of this, Mr. Sanders moved that the vote be thrown out The vigilants of the district then stated they had sworn every doubtful vote, and the record of having done so was demanded, but neither could this be furnished.

Mr. Davig taking the floor, announced his willingness to withdraw from the contest if the vote of the district was thrown out, and he would gracefully accede the nomination to fraudulent returns of the Fifth dis-trict, was one of the neminees, thus from the front and rear of the build-trict, was one of the neminees, thus from the front and rear of the build-of, Tawanda: Rev. FIRST WARD.

John J. Evans and Thomas Chomas were last night chosen as the Republican candidates for the nominations for the two extra common counilmen which the first ward is entitled to under the second class city re-apportionment. There were six candidates and the fight was an exceptionally spirited and close one. The result was as follows:

IS HE LOST IN A MINE? Belief That John Zvolonkus Is Wan-

dering About Under the Earth. It is believed by many that John Zylonkus, of Johnson's patch, Dunmore, is wandering about, unable to find his way, in the abandoned workings of the Johnson mine, where he was employed. He left home last Saturday to go to work and has not been seen since.

The mine officials say that they do not know whether or not Zylonkus worked on Saturday. Searching parties have been going through the mines for the past day or two, but no trace of him can be found. Many believe that he never entered the mine, and that he has left this part of the state for some reason.

OPENING OF

WINTER MEETING OF THE ARCHDEACONRY.

Address on "The Relationship of God to the Individual Man" Delivered in St. Luke's Church by Archdeacon Coxe, Rev. F. P. Harrington and Rev. R. S. Radeliffe-Bishop Talbot Is Presiding-Two Sessions to Be Held Today and a Meeting of Women's Auxiliary.

The winter session of the archleaconry of Scranton, in the Episcopal diocese of Central Pennsylvania, was pened last night in St. Luke's church with a special service, which was presided over by Rt. Rev. Bishop Ethelbert Talbot, and which included three splendid addresses on the general sub-ject, "The Relationship of God to the Individual Man."

A large congregation was present when the service opened, the chancel and the front pews being filled with a large number of the visiting clergymen, attired in their white surplices The first address was by Archdeacon Coxe, of Alden, who spoke upon the relationship of God, the Father to the individual man.

He dwelt especially upon the trenendous responsibility which the individual man owes to Almighty God for all his actions. The fatherhood of God was one of the grandest things in an independent candidate for the office | the world, and doubly grand, he said, because it meant also the brotherhood

of man. The second address was delivered by Rev. F. P. Harrington, rector of Trinity church, West Pittston, who spoke upon the relationship of God, the Son to man. He traced briefly the causes which led up to the determination of God in His infinite wisdom to send upon earth His Only Begotten Son to save men from the consequences of their sins, and urged an acceptance of this Savior by all men.

REV. RADCLIFFE'S REMARKS. He was followed by Rev. R. S. Radliffe, the general missionary of the archdeaconry, who spoke upon "The Holy Ghost." He said that the idea of the Holy Chost as a personality was

losing its hold upon many Christians. There is dying tonight in England. said he, "an old lady whom many of us love, though we may not have seen her. I know that, though I never saw her. I love her with a love that is deep and real. WOMEN'S AUXILIARY. The winter meeting of the Women's auxiliary will also be held this afternoon in the parish house auditorium commencing at 2 o'clock. There will e addresses by Bishop Talbot, Rev. A. D. Gring, missionary to Japan, and Miss Julia C. Emery, general secretary of the Women's auxiliary. These will be followed by reports from the parish beanches.

Tonight a general missionary meeting will be held in the church, commencing at 7.45 o'clock. Addresses will be made by Bishop Taibot, Rev. A. D. Gring and Rev. F. R. Bateman. Following this there will be a general reception to the visiting clergymen in he parish house.
