THE SUSQUEHANNA HISTORICAL SOCIETY

Interesting Meeting Held at Montrose - Officers Elected - Other Topics from the Hill Town.

Special to the Scranton Tribune

county was the annual meeting of the Historical society, which occurred in the High school building in this place on Saturday. Owing to the intense cold, many from out of town who are accustomed to attend these yearly meetings of the society were detained at home, though a few, notably the society's secretary, Professor W. L. Thatcher, of Harford, braved the weather and drove for eighteen or twenty miles, facing a cutting wind. In

order to be present. The business session opened shortly before 11 o'clock a, m. with only a baker's dozen in attendance, but before adjournment for dinner there had been several additions to the audience, among them being two courageous ladies who had defled the weather.

The meeting was called to order by the president, Professor Benton E. James, of Montrose, who indulged in a short informal address, and then called upon Secretary Thatcher for the reading of the minutes of the last year's meeting of the society. The reading of the very full and complete report was listened to with interest, and at its conclusion it was unanimously approved.

Captain H. F. Beardsley brought up the question of the society's charter, saying that some members had expressed a doubt as to whether a charter had ever been obtained. The speaker had looked the matter up and found that a charter was granted in 1891. Captain Beardsley called especial attention to the provisions of the charter relative to the annual election of officers, directors, etc.

The treasurer, W. C. Cruser, reported the receipts and expenditures for the past year, showing a balance on hand

Roger S. Searle, esq., chairman of the committee on fire-proof vault, reported the committee was now heartily in favor of the erection of a handsome fire-proof building; one that will be a credit to the society and to the county; adequate not only for its present needs, but for the future as well. It was the intention to have the building erected midway between the court house and the High school building, the permission having been granted by the board of county commissoners, whose legal right to do so has been investigated and found to be beyond question. Mr. Searle exhibited a draught of the proposed building-a very handsome affair, to be constructed either of stone

A general discussion of the question of a building followed, in which nearly all present participated. It was finally decided that the building committee be 500 incandescent lamps. Work has aienlarged by the appointment of a committee to solicit subscriptions to the building fund, and the committee was empowered to go and raise funds, adopt plans, and proceed with the erection of building as soon as practicablethe idea being, however, that the building will not be undertaken before the funds for its erection are raised

At the afternoon session there was a large attendance of townspeople, and | Thursday evening. An amusing proa very interesting programme was

The charter of the society was read by Captain Beardsley for the information of the members.

"The Hudson, Its Men and Its Memories" was the title of a delightful paper prepared and read by Prof. Charles E. Moxley, of Hallstead, county superintendent of schools.

"The German Patrol," a piano duet, was admirably rendered by Misses Verna Beardsley and Sallie Courtright. It was decided, after a quite general discussion, to issue life memberships in the society-to men for \$10, to women for \$5.

female weakness.

"During the first month, when I looked forward to maternity. I could not keep anything on my stomach," writes Mrs. H. C. Anderson, of South Britain, New Haven Co., Conn. "Was so weak that I went to bed on the 28th of June and never got up till the first of August. I tried different doctors, but with fitts benefit. I read about many being helped by using your medicine, so I thought I would give it a trial. I began to take your 'Pavorite Prescription' in November, and I had a nice little baby girl in February following. My haby weighed over eight pounds. I was only ill for about one hour, and got along nicely during confinement. Was up and dressed on the eighth day. I never had the doctor with me at all; just the nurse and one or two friends. My friends thought I was sick a very short time. This makes my second child. With the first one I did not take 'Pavorite Prescription.' The little one lived just about two months, and she was sick all the time. This last baby is as plump and healthy as any mother sould wish."

The secretary was instructed to east a ballot for the candidates named and

they were duly elected. Secretary Thatcher had drawn on th blackboard a map of the "Nine Partner Tract" of land on which the historic old town of Harford was settled, and with this as a theme, Mr. Thatcher made a very instructive and deeply interesting address.

"All for You" was the title of a voca solo, with which Mrs. Ralph B. Little Montrose, Jan. 21.—An occasion of charmed the assemblage, accompanied by Mrs. H. P. Read at the piane. Dr. C. C. Halsey read a fitting me-

morial to the late Daniel Sayre, a charter member and always a faithful orker in the society. Several new members were received

and souvenirs of membership issued. A source of universal regret was the liness of Miss Julie Cruser, which prevented that gifted young lady from being present and favoring the audience with one of her charming recitations.

The reading of letters from absent members, and the presentation of a number of valuable relics, concluded the session, and the society adjourned to meet in January, 1902, when it is hoped that the weather may be somewhat more propitious.

There is a possibility that a pants factory of considerable dimensions will be established in Montrose in the immediate future. A Binghamton firm is desirous of forming a stock company for the establishment of such an industry here, and a citizens' meeting will be held at the court house tomorrow evening for the consideration of the subject. Montrose needs more industries, and it is hoped that the proposed factory may become a reality and give employment to a large number of hands.

PITTSTON.

Special to the Scranton Tribune.

Pittston, Jan. 20 .- In one of the prettiest and fastest basket ball games ever played here, the Bloomsburg Normal School team was defeated by the Pittston Young Men's Christian Association team in Armory hall last evening by the score of 16-4. The teams about equally matched as to team work and agility and although the score was a trifle one-sided, the game was a hard-fought one. second team game between Pittston and the Wilkes-Barre Cavalry club was a very close one, Pittston winning by the score of 6-4. The teams were about the same in size, but the visitors played the better game and at times it looked as if the victory would be theirs. The first team line-up was Bloomsburg - Hayes, guard; Wagner, guard; Marcy, center; Reighard, attack: Templeton, attack; Fouri, attack. Pittston-Sheetz, guard; Trax, guard; Dodge, center; Van Valkenburg, attack; MacDonald, attack; Anthony, attack, Score-Field goals, Marcy 1. Templeton 1. Van Valkenburg 4, Anthony 1, Dodge 2, Trax 1,

Referee, Aldinger. Normal: umpire. Evans. Pittston. Because Bartender John Mangan refused to "Lay out a beer" when or-dered to, Richard Gibbons raised his double-barreled shotgun and fired at him. The men were close together at the time and the charge of shot passed over the right side of Mangan's head, the paper wad from the cartridge sticking to his hair and the flame from the powder scorching his forehead. The shot imbedded in the frame of the front plate glass window. The episode occurred in the saloon of Mangan Bros., on South Main street, Friday evening. Gibbons had refused to settle a bill for drinks. An altercation arose i ween him and the bartender.

Mr. Mangan. The latter seized a glass of beer that Gibbons was drinking and threw the contents into his face. Gibbons then went home and, securing his shotgun, returned to the place, with the above result.

A sensation was sprung at a spec-ial meeting of the common council Friday evening, when Councilman M. N. Donnelly, esq., introduced a resolution asking fo the appointment of a committee to investigate a rumor to the effect that City Clerk J. T. Plannery was to receive \$1,000 of the purchase money of the city hall plot and that the \$1,000 was a portion of a fund of \$3,000 for the purchase of the plot. The resolution further charged that Flannery was interested in alleged irregular tles in connection with the letting of the electric light contract and the elephone franchise. The council meeting broke up after a small uproar, during which the resolution vas tabled. Mr. Flannery stoutly denies the charge. He says it is a political trick and offers \$100 for proof

of the charges.

The teachers held a meeting last evening, after school, and discussed several important matters relative to school work. "How to Regulate Night Study," a subject that is absorbing the minds of nearly every teacher in the two counties, was given considerable attention, but no definite action was taken as to the amount of study to be designated for evening work. The session proved the most interesting held in some time.

The primaries of the First ward, which were to take place on Saturday, are postponed to a later date.

Miss Nelle McGowan spent Sunday with friends in Jermyn.

The Roman emperors always signed their names n purple ink. No subject of the empire was permitted to use or even have this ink; and, on on owning this emblem of royalty was put to Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the nuceus fining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken cut and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarri, which is nothing but an inflamed condition of the nucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c, Hall's Family Pills are the best.
