

TWO CENTS.

SCRANTON, PA., FRIDAY MORNING, JANUARY 25, 1901.

TWO CENTS.

THE KING IS PROCLAIMED

Medieval Forms Observed in the Imposing Ceremonies in London Yesterday.

QUAINT FORMS OBSERVED

Brilliant Scene in the Courtyard of St. James's Palace—Earl Roberts and Headquarters Staff of British Army in the Procession—King Not Present—Ten Thousand Troops Lined the Streets—Proceedings Read by Herald.

London, Jan. 24.—An extraordinary Gazette published an order in council, "that it is expected that all persons upon the present occasion, the death of her late majesty of blessed and glorious memory, will put themselves into deepest mourning."

Another order in council substituting "King" for "Queen" and "Edward" for "Victoria." It also inserts "our gracious queen Alexandra, George, Duke of Cornwall and York; and the Duchess of Cornwall and York."

The fact that the court goes into mourning for a year and the further fact that the public is enjoined to go into the "deepest" mourning, lead to the supposition that the coronation will not occur until 1902.

The instruction that the Duke of York is to be named in the prayer book of the "Queen" seems to throw light upon the much-debated question of the heir apparent's title. It was supposed that the title "Prince of Wales," which belongs only to a son born of the king, would be conferred upon the Duke of York by royal patent, but the Gazette announcement seems to indicate that this will not be done and that the Duke of York will henceforth be known as the Duke of Cornwall.

King Edward VII has been proclaimed in many cities and towns of the United Kingdom, the usual procedure being that the mayor, attended by the other members of the corporation, has read the proclamation in the town hall or market place.

THE PROTESTS OF CHINA

Additional Objections to the Present Conditions Are Offered by the Plenipotentiaries.

SOME OF THE DEMANDS

A Request for the Return of Public Buildings—International Commission on Indemnities—France's Representative Favors Another Year of Occupation.

By Exclusive Wire from The Associated Press.

Peking, Jan. 16 (Delayed in transmission).—The note which accompanied the agreement delivered by the Chinese plenipotentiaries reiterated the Chinese objections already published, adding thereto a request for the immediate return of the public buildings to Chinese possessions, and the total cessation of military expeditions. The desire for a definition of the limits of the legations was expressed, also a desire for the removal of the troops as early as possible.

German and French officials believe it to be unwise for the troops to leave Peking for several months. The French especially object to what they call "the cowardly behavior of other nations in not protecting the Chinese Christians." For that reason they say it will be necessary to keep the troops at least another year. The English, Americans and Russians seemingly believe that a gradual withdrawal can be made as soon as the river opens, about the beginning of March.

The Chinese are anxious to have the indemnities payable to the different nations adjudged here today by an international committee. A majority of the ministers here are of the opinion that their governments may make separate arrangements with China.

The ministers will soon hold a meeting to consider the next step to be taken. No formal reply is to be sent to the Chinese objections, but they are to be considered.

TO BOOM STEEL COMPANY.

New Plan of Action on Part of the Pennsylvania Railroad.

By Exclusive Wire from The Associated Press.

Philadelphia, Jan. 24.—A director of the Pennsylvania Steel company stated today that at yesterday's meeting the board of directors approved the plan for increasing the resources of the Pennsylvania Steel company, and authorized the immediate deposit of stock owned by the Pennsylvania railroad with the Girard Trust company in accordance with the plan.

The statement was verified by E. C. Felton, president of the Pennsylvania Steel company, who said:

"This action gives us now, with what promises have already been made by holders of shares, the consent of a big majority of the holders of both common and preferred stock. Thus the plan is practically assured, although we desire to have the consent made as unanimous as possible. Shareholders have until March 15 next to file their consent and stock with the trustee."

The plan provides for the transfer of the properties owned by the Pennsylvania and Mary Steel companies to a new company to be known as the Pennsylvania Steel company, which will be incorporated under the laws of either Pennsylvania or New Jersey with an authorized capital of \$25,000,000 in 7 per cent. non-cumulative preferred shares and \$25,000,000 common stock, making a total capital of \$50,000,000. It is proposed to issue \$15,000,000 preferred shares and \$10,750,000 of common stock.

VENEZUELAN ARE DEFIANT

The United States War Vessels Are Expected to Return to La Guayra.

MAY LAND FORCE OF MEN

By Exclusive Wire from The Associated Press.

Port de France, Island of Martinique, Jan. 24, via Haytian Cable.—As a result of the inquiries of a correspondent of the Associated Press into the attitude of Venezuelans toward Americans, the revolt of troops at Caracas, and the sinking of a British vessel by a Venezuelan gunboat, the following report is filed here owing to the press censorship in Venezuela making publishing of news from that country almost impossible.

The attitude of the government of Venezuela towards the Bermudez Asphalt company (American), is hostile for the reason that the concessions recently accorded by the government have been given to people in touch with the government and who would like to resell them to the Bermudez company. The government has refused to accede to the requests of the American minister who demanded a suspension of action the new concessions interests took possession of their grants.

As a result of strained relations between Venezuela and the United States war vessels are expected to return to La Guayra and if the Venezuelan government employs force to take possession of the asphalt lake it is believed the United States auxiliary cruiser Scorpion will land an armed force.

The attitude of the Venezuelans towards Americans may be described as hostile.

WAR REVENUE BILL REPORTED

Mr. Aldrich Announces That He Will Call It Up in the Senate Next Week.

ADDRESS BY MR. DEPEW

The New York Senator's Talk Upon the Shipping Bill May Be One of the Features Today—House Continues Consideration of the Naval Appropriation Bill—The Provision for the Increase Is Made Occasion for Interesting Debate.

By Exclusive Wire from The Associated Press.

Washington, Jan. 23.—The senate devoted today to the discussion of the Indian appropriation bill, making only fair progress. The only indication that there may be any diversion of interest tomorrow was contained in an announcement by Senator Frye that tomorrow he should move to afford an opportunity to the senator from New York (Mr. Depew) to address the senate upon the shipping bill.

The discussion of the Indian bill was frequently interrupted by calls for a quorum by Mr. Wellington (Md.), who was insistent to the last upon the presence of a full senate. Mr. Pettigrew made an attack upon the Davies commission, saying that there was nothing to show that there was any chance of the completion of the work, even with the \$300,000 provided. The war revenue reduction bill was reported from the finance committee by Mr. Aldrich, who announced that he would call it up early next week. Mr. Gallinger said that he would call up the pension appropriation bill when the Indian bill was out of the way. The only point of interest outside of the talk on the bill was the declaration of Mr. Pettigrew that he did not intend to make any filibuster against any measure.

In the House.

The house today continued consideration of the naval appropriation bill and practically completed it before adjournment. One small matter went over until tomorrow. The debate upon the present naval bill has lacked the interesting and sensational features of recent years. The fight which the appropriation committee wages against hydrographic surveys under the auspices of the navy was abandoned this year by the committee and several other questions including armor plate, which usually entail much discussion occasioned no comment whatever.

The provision for the increase of the navy was made the occasion of an interesting debate upon the length to which the building of the navy was to go and drew from Mr. Cannon, chairman of the appropriations committee, a notable statement to the effect that when the ships now authorized and to be authorized had been completed \$29,000,000 would have been spent upon the new navy and that in his opinion the time to stop will then have arrived. An amendment offered by Mr. Atkey, of Virginia, a Democratic member of the naval committee to strike out the provision in the bill for two battleships and two cruisers, was defeated, 46 to 59.

FUNERAL ARRANGEMENTS.

Progress of Body of Queen Through London Will Be Imposing.

By Exclusive Wire from The Associated Press.

London, Jan. 25.—It is understood that the body of Queen Victoria will arrive in London on the morning of February 2 and be taken across the metropolis to Paddington. Troops will line the route.

The coffin will be placed on a gun-carriage and draped with flags. On arriving at Paddington station, it will be transferred to a train for Windsor, finally reaching St. George's chapel about noon, where a magnificent funeral service will be held.

At 4.30 a. m.—It is understood that the progress of the body of Queen Victoria through London will be an imposing military pageant, and that members of the houses of lords and commons will be invited to follow the procession. At the same time there seems to be some apprehension lest a change of decision should omit the London portion of the programme. The Daily Telegraph editorially claims for London a right to share in the obsequies, and declares that nothing is to be done which would prevent this. The funeral has been delayed to enable all the foreign representatives to arrive at Windsor in time.

MRS. CARRIE NATION IS ASSAULTED

The Saloon Wrecker Is Attacked and Roughly Handled by a Liquor Seller's Wife.

By Exclusive Wire from The Associated Press.

Enterprise, Kan., Jan. 24.—A street fight occurred here today between women, led on one side by Mrs. Carrie Nation, the saloon wrecker, and on the other by Mrs. John Schilling, wife of the manager of the saloon wrecked yesterday. Mrs. Schilling was backed by a dozen female friends.

As a result of the fight, Mrs. Nation swore out warrants against Mrs. Schilling and her husband and Mrs. William Ritter, charging them with assault and Mayor Hoffman swore out a warrant against Mrs. Nation, charging her with disturbing the peace. All were arrested, taken before Judge Holt, and released on bond.

Mrs. Nation, in company with Mrs. Hoffman and other members of the Women's Christian Temperance union, entered a store near William Schook's saloon. Mrs. Nation, apparently to give him warning that she would attack his place, sent for Schook. He replied to the summons in person and while talking to Mrs. Nation she was assaulted by a crowd of women, organized since last night's raid, and who had been awaiting today's threatened destruction of saloon property.

A general fight between the women ensued, during which a woman, heavily clothed, raised a blow after blow upon Mrs. Nation with a horse-whip. Male spectators offered no aid to either side and quiet was restored only when the police interfered. Mrs. Nation was badly bruised.

Her husband, who had been informed, except Mrs. Nation, over for trial tomorrow.

The case was concluded promptly. Mrs. Nation was found not guilty of disturbing the peace and was released. Mrs. Nation declared she will swear out additional warrants against these women, charging them with attempt to kill.

Mrs. Nation returned home to nurse her wounds, and, as she declares, "prepare for tomorrow."

Such excitement prevailed over the affair, and business practically was suspended this afternoon.

PRESIDENT INVITED TO SAN FRANCISCO

Captain Humphrey Is Presented to the President by Senator Perkins.

By Exclusive Wire from The Associated Press.

Washington, Jan. 24.—Among the callers at the white house today was Captain O. J. Humphrey, of San Francisco, who was presented to the president by Senator Perkins. Captain Humphrey visited the executive mansion as the special envoy of California commandery, No. 1, Knights Templar, of San Francisco, to personally present to President McKinley an invitation from the commandery to meet with it on his visit to California tomorrow.

The card of invitation which he handed to Sir Knight McKinley perhaps rivals in splendor any of the kind that was ever presented to a president. It is a solid gold plate, 2 1/2 inches square, about one-eighth of an inch in thickness. In the upper right-hand corner is an enameled malted cross, with the usual insignia of the order, having in the center a fine diamond of about one karat in weight. The "card" is beautifully engraved, with the following inscription:

Sir William McKinley,
Dear Sir and Maternal California commandery, No. 1, Knights Templar, requests the honor of your presence at a stated assembly of our commandery, Friday, January 26, 1901.
Yours fraternally,
W. B. Frank Tins,
Eminent Commander.

Hiram T. Graves, Recorder.

The card is enclosed in a handsome case, bearing on its cover the supercription in gold letters: "Sir William McKinley."

It is probable that the president will accept the invitation and he may hold a reception in the commandery assembly.

THE PHILIPPINES MUNICIPAL BILL

Natives Attempt to Delay Taxation of Land—An Engagement at Tanaguana.

By Exclusive Wire from The Associated Press.

Manila, Jan. 24.—The hearing of the municipal government bill today showed that an attempt on the part of prominent Filipinos had been made to obtain a delay of two years before taxing land which the owners are unable to cultivate on account of its situation in fighting territory. The bill originally deferred taxation for a year.

The commissioners adopted an amendment providing that land owners who are not implicated in the insurrection after next March and prove that the unsettled conditions prevented the working of the land, be exempted from taxation for the second year.

Lieutenant Steele, with ten men of the Forty-third regiment and seven native soldiers, fought a fierce half hour's engagement with a large force of Filipinos at Tanaguana, island of Leyte, on Jan. 9.

Over a hundred insurgents were killed. Private Edward McGuire, of company M, was killed.

The situation in the island of Samar since the number of troops there was increased has been quiet. Lubkan's forces are in hiding.

Captures, arrests and seizures of arms continue in the unpopulated districts of the island of Luzon.

All the time a dense fog hung over the valley.

By Exclusive Wire from The Associated Press.

Cowes, Isle of Wight, Jan. 25, 12.30 p. m.—It is expected that the arrangements at Osborne that the body of Queen Victoria still lies in the bed room where she died. Cowes, Jan. 24.—The coffin of Queen Victoria will be of English oak, lined with satin. It was ordered here this afternoon. The outer casing will be a reproduction of the one used at the funeral of the Duchess of Kent, the queen's mother.

A magnificent satin pall, with the royal arms in each corner, is being made.

Wherever it traverses roads the body will be borne on a gun carriage.

Emperor William decided this evening not to leave Osborne till after the funeral.
