THE DEFICIENCIES ALREADY AMOUNT TO OVER \$10,000.

By the Time the Estimates Committee Meets It Is Thought the Total Deficiencies for the Fiscal Year Will Have Reached \$15,000-Fire Department Leads with a Deficiency of Over \$8,000-Ward Appropriations Are Greatly Overdrawn in a Number of Instances.

From present indications the deficlencies which will have to be provided for in the appropriation ordinance for the coming fiscal year will be the largest in the history of the city.

A Tribune man went through the files in Controller Howell's office yestorday and made a list of all the doficiency bills which are being held by that official. The fire department heads the list with a huge bundle of bills which there is no money to meet. They amount to considerable over \$8,000 and so many of the appropriations for this department are already nearly exhausted that it is believed they will ot up to over \$10,000 before the first of April comes around.

The deficiency bills on file for the other departments are as follows: City clerk's, printing and stationery, \$539.-45; city treasurer's, \$208.71; city hall, \$175.48; board of health, \$77.93; Nay Aug park, \$102.64; police department, \$114.

When one comes to the ward appropriations, which are expended by the various councilmen, the greatest extravagance is found. The deficiencies in the various ward appropriations as far as is known in the controller's office are as follows: Fourth ward, \$162.35; Fifth ward, \$418.22; Eleventh ward, \$80.57; Fifteenth ward, \$140.88; Ninetaenth ward, \$4.69; total, \$806.71.

FIFTH WARD DEFICIENCY.

The deficiency of \$418.22 for the Fifth ward was all contracted by the councilmen who recently resigned. The total appropriation for this ward was \$900

The total amount of the deficiencies quoted above foot up to the sum of \$10,-025.92. It must be understood, however, that this is merely the total amount of deficiency bills in the controller's possession. There is every reason to believe that there are several thousand dollars more represented in bills which are being retained by the heads of the various departments until the very last moment or until just before the appropriation ordinance in which they must be provided for is passed.

The controller has sent upon several occasions special requests to the heads of all departments to send him all deficiency bills and to keep none on file in their offices, but he is of the opinion that this request is not being headed and he is making every possible effort to get all the bills together. There are several persons especially familiar with municipal finances who say that the appropriation for deficiencies this year will have to be at least \$15,000.

IS BACK FROM FLORIDA.

Deputy Attorney General Fleitz Was Fishing with Senator Quay.

The Harrisburg Telegraph of Tuesday evening contained the following:

Advices from Florida, land of sunshine and flowers, are to the effect that Senator Quay and his party at San Lucie are having a pleasant time, but that the weather is not what it ought to be, in consequence of which Senator Quay has not entirely recovered from his severe cold, which troubled him when he left Harrisburg. Unless he gets better, it is quite probable that Senator Quay will not come north for several weeks. In the event of an extra session of Congress he will come just as soon as his cor dition will permit.

Senator Quay, Secretary Greist and Deport Attorney General Fleitz, with the hardy old pilot, Ben Socey, of Atlantic City, made numerous fishing excursions to the fishing grounds, but caught no tarpon. The tarpor are farther north and have not gotten into the San Lucie Bay, where Colonel Quay has his cottage. The eral hours was so ill that he could party caught plenty of red snapper, sheephcaf and kinglish, but did not lack for sport with to be cared for on a cot brought down the book and line, but the king tarpon was not there to furnish the excitement that reaerally goes with a visit to ban Lucie

APPOINTED CASHIER OF BANK.

Important Office to Which A. Larkin Has Been Called.

Madison F. Larkin, assistant treasurer of the Colliery Engineer company, yesterday received a telegram announcing the appointment of his brother, A. M. Larkin, to the position of cashier of the German National bank, of Newport, Ky.

For the past six or seven years he has held an important position with the National Lafayette bank, of Cincinnati, O., where he demonstrated such a mastery of all the complicated details of the banking business that he has been called to take charge of one of the most important financial institutions in Kentucky. Mr. Larkin may be said to inherit

his talent for banking. His father, Joseph Franklin Larkin, was the organizer and for years the president of the Cincinnati National bank and was regarded as the dean of the bankers

of that city up to his retirement from active participation in business a few years ago. The business career of the elder Larkin in Cincinnati will forever be linked with the development of the splendid banking system of that city.

The toast assigned to the hishop was "The Knights and the Church." but as Father Griffin respended without any previous notice. he merely spoke a few words upon the subject. The first pre-requisite of membership in the organization, he said, was that the candidate be a thorough and practical Roman Catholic in all that the word implies. This pre-requisite, he said, was bound to

make the organization one to be honcred and respected by all intelligent Just before the next toast, "When Knighthood was in Flower," which was responded to by ex-Mayor O'Neill, Decision in the Eighteenth Ward of Carbondale, a letter purporting to have been written by Julia Marlowe, now starring in a play of that name

to Attorney W. F. Shean, was read by Toastmaster Reedy. It contained a number of witty allusions and references to various of the members which were hailed with great delight by those present.

MR. O'NEILL'S REMARKS.

Ex-Mayor O'Neill, who is a splendid speaker, talked in his very best vein. He traced the history of chivalry from its dawning in the early part of the

Christian era to its fail at the end of the middle ages. "It forms the web and woof of European history during all those years," he said. The true knight in every age, he said, displayed valor, loyalty, courtesy and nuonificence. 'Chivalry is gone." said he in men-

lusion, "but its glorious lessons have been left behind and are taught in all their pristine freshness in this or sinization. Mr. O'Neill was followed by At-

orney W. F. Shean, who spoke upon Our Country," or rather who was supposed to speak upon that subject. He did speak upon it for ten minutes but he digressed quite frequently and lapsed into story-telling and witticisins, which proved the hit of the evening. He explained that he was a

Judge John P. Kelly decided yester-day in favor of the Select Councilman O'Boyle faction of the Eighteenth ward Democracy in the conflict over nominations for ward offices.

The Kelly people, on Saturday last, vesterday morning. filed objections to the O'Boyle nominations, alleging they were not regularly made and that the certificate was irregular on the face of it, as the signatures and all other writing thereor were in the same style of chirography.

The burden of proof being on the oblectors, the Kelly faction was called upon to show that theirs were the regular nominations, but in this they failed. The best they could do was to prove that one of the candidates had notified some half-dozen voters that a caucus was to be held. The court summarily dismissed the case. It might be

that the other caucus was not regularly conducted, but the court ruled that this question was not to be passed upon in the present proceedings. James J. O'Malley was attorney for the objectors, and P. F. Loughran represented the respondents.
