FOOT PADS ARE ACTIVE

HAVE MADE LINDEN STREET VERY DANGEROUS.

Officer Should Be Stationed There Until the Street Is Safe for Pedestrians—Idea of an Eldestdoff at the Pan-American Exposition Is Received with Much Favor—Programme of Christian Endeavor Union Meeting—Funeral of Mrs. Corey—Notes and Personals.

The attention of the proper authorities is called to the necessity of providing better police protection to pedestrians who have occasion to use the Linden street bridge after dark. Of late a number of hold-ups have been reported from that vicinity, and in view of that fact it would seem advisable that an officer should be stationed to that street, at least until such time as this practice of holding people up has been broken up.

The primary object of the Linden street bridge was to afford a shorter route from the central city to the north of West Scranton, and since the structure was built many new homes have been established within easy access of West Linden street. In consequence hundreds of persons travel over that route every day and night to their work.

Among the number might be cited employees of the Dickinson works, the Put and Bolt works, the Scranton Stove works, the court house, municipal building, newspaper offices and many other places adjacent to Linden street. Of this number many have occasion to return to their homes late at night, and while the route is in itself somewhat lonely, there should be ample police protection afforded to insure the safety of pedestrians. The Linden street bridge has become so notoriously dangerous that people take pains to avoid it whenever possible after dark. The stationing of an officer on that street will restore its usefulness.

This is a matter which should receive immediate attention. With our small police force it is not possible to properly police all of our streets, but there is no reason why the main arteries of the city should not be reasonably safe.

A CAUSE OF HEADACHE.

One Very Common Cause, Generally Over-looked.

Headache is a symptom, an indication of derangement or disease in some organ, and the cause of the headache is difficult to locate because so many diseases have headache as a prominent symptom; derangement of the stomach and liver, heart trouble, kidney disease, lung trouble, eye strain or ill fitting glasses all produce headaches and if we could always locate the organ which is at fault the cure of obstinate headaches would be a much simpler matter.

However, for that form of headache called frontal headache, pain back of the eyes and in forehead, the cause is now known to be catarrh of the head and throat; when the headache is located in back of head and neck it is often caused from catarrh of the stomach or liver.

At any rate catarrh is the most common cause of such headaches and the cure of the catarrh causes a prompt disappearance of the headaches.

There is at present no treatment for catarrh so convenient and effective as Stuart's Catarrh Tablets, a new, improved remedy, in tablet form, composed of antiseptics like Eucalyptol, Gualacal and Blood Root which act upon the blood and cause the elimination of the catarrhal poison from the system through the natural channels.

Miss Cora Ansley, a prominent school teacher of one of our normal schools, speaks of her experience with catarrhal headaches and catarrh of the throat. She says: "I suffered daily from severe frontal headache and pain in back of the eyes, at times so intense as to incapacitate me in my daily duties. I had suffered from catarrh, more or less for years, but never thought it was the cause of my headaches, but finally became convinced that such was the case because the headaches were always worse whenever I had a cold or fresh attack of catarrh."

Stuart's Catarrh Tablets were highly recommended to me as a safe and pleasant catarrh cure and after using a few fifty cent boxes which I procured from my druggist, I was cured. I can testify that both the catarrh and headaches had gone for good."

Stuart's Catarrh Tablets are sold by druggists at fifty cents per package, under the guarantee of the proprietors that they contain absolutely no opium, no harmful drugs, no cathartics, no opium (so common in cheap cures), no harmful drugs. They contain simply the wholesome antiseptics necessary to destroy and drive from the system the germs of catarrhal disease.

SCIENTISTS AT ALBANY.

Five Hundred Attend a Hearing on Bell's Bill.

By Exclusive Wire from The Associated Press.

Albany, Jan. 30.—At least five hundred men and women, most of them Christian Scientists from New York, today attended the hearing on Assemblyman Bell's bill to abolish the Christian Scientist, faith cure and divine healing systems. Judge Tallman was the principal speaker. White sentiment seemed against them, yet the scientists held their own throughout the hearing, and the doctors of medicine will be given another chance next Wednesday by the committee.

The scientists attacked the bill on every ground imaginable. It was held up as a horrible outrage of medicine and in the interest of the doctors' trust. The committee took no action on the bill. The introducer, it is said, will amend the bill so that it shall not affect oculists, patent medicine dealers, druggists and chemists.

DELAWARE HOUSE TO ADJOURN.

February 20 Fixed Upon as the Final Date for Receiving Business.

By Exclusive Wire from The Associated Press.

Dover, Del., Jan. 30.—The house today amended the joint resolution adopted by that body yesterday and changed the date of adjournment from the 1st to the 8th of March. Feb. 20 was decided on as the final date for receiving new business.

As United States Senator Kain's term will not expire until March, it is intimated that the date of adjournment was changed in order to prevent the appointment of a senator by the governor, which would be possible if a vacancy occurred during a recess of the general assembly. It is the opinion that if such a contingency arose, Governor Hull would appoint Mr. Adkins. The only change in the balloting today was a vote cast for ex-Senator State Senator Henry Higgins by Representative Hitchen, who had been voting for Mr. Dupont.

PEACE AMONG CREEKS.

Chief Crazy Snake Will Be Tried at Muskogee.

By Exclusive Wire from The Associated Press.

Henrietta, I. T., Jan. 30.—Peace among the warring Creeks has apparently been reached and all that remains to be done is to give Chitto Harjo, the oldest Snake, who has caused all the trouble, a preliminary hearing and sent him to Muskogee for trial for treason. In the meantime a few more of the leaders will be arrested. The troop of cavalry under Lieutenant Dixon will probably remain here a few days, until the last vestige of the uprising has passed.

The Indians burned signal fires last night on the hills surrounding the town at a distance of two or three miles from the camp and bearing an attack, the soldiers remained under arms all daylight, ready for instant action, but the Indians attempted no depredations.
