

END OF THE LIBEL CASE

(Continued from Page 1)

Schroeder bottles at the defendant's place of business, and that they had apparently been refilled by him. The defendant denied any knowledge of these facts and stated that he had on several occasions given orders to his men not to use any bottles other than those belonging to him. He was corroborated by several of his employees. He was convicted.

The cases against William Mittelman, charged with the same offense in four different indictments, were then taken up before Judge Edwards. A. M. Morse, representing the Bottlers' association, appeared as prosecutor, and an arrangement was effected with him whereby a plea of guilty was entered in one case, and verdicts of not guilty, county to pay costs, taken in the others. Mittelman was represented by Attorney George S. Horn.

Charles Minkals and Anthony Stoppioni were yesterday convicted before Judge Archibald of stealing thirty-two pool balls from the hotel of Wolf Rosenberg, at 216 Penn avenue. Minkals was sentenced to pay a fine of \$1, costs and spend three months in the county jail. The other defendant was not present when called for sentence.

GUILTY OF RECEIVING. Mrs. Cora Elmer was convicted of receiving goods stolen from her neighbor, Mrs. Jordan, and will be sentenced this morning. She was committed to the custody of the sheriff immediately after her conviction.

The case against Nicholas Glenn, justice of the peace of Bell township, charging him with misdemeanor in office, was called yesterday and the defendant appeared, but later the district attorney decided not to try the case at present.

Ruffalo Lamorta, who was tried Monday on a charge of stabbing Joseph Labella, was yesterday convicted.

Four Divorces Asked.

A trio of wives have begun proceedings to divorce to secure a legal separation from their husbands, while one husband seeks single bliss.

The first of these is Josephine Fitzpatrick, who seeks a separation from her husband, John J. Fitzpatrick. The couple were married on Jan. 22, 1895, and Mrs. Fitzpatrick alleges that she was obliged to leave her husband in November of the same year on account of his cruel treatment of her.

Libbie M. Palmer, of 321 Wyoming avenue, seeks a divorce from her husband, Delmar Palmer, to whom she was married on June 16, 1881, in Lisle, Broome county, N. Y. She left him on Oct. 18, 1899, on account of his cruel treatment.

Jennie Thomas seeks divorce from her husband, James Thomas, to whom she was married on July 11, 1887. He deserted her on Aug. 10 of the same year, she claims, and she has not seen him since.

Fred Webb began proceedings in divorce against his wife, Isabel, whom he married in Lancashire, England, on May 5, 1881. They came to this country in 1887 and resided on Maple street, Parkville. He says his wife deserted him that same year. Webb now lives at 319 North Main avenue.

COURT HOUSE NEWS NOTES.

The appointment of John Tierney as a deputy constable of the eighth ward was yesterday confirmed by the court.

In the case of a dinner against Mary A. McAndrew an opinion was handed down Monday, making absolute the rule for a new trial.

Andrew Miller, who is charged with perjury by Simon Karcowicz was yesterday held in \$500 bail. Charles Miller was yesterday held in \$500 bail.

In the matter of the lunacy of Jennie Howell the time of the return of the commissioner was yesterday extended until the first day of the March term.

Judge Archibald handed down an opinion Monday dismissing the rule asking for the removal of Frank Williams, constable of the Second ward of Dunmore. It is his wife's claim, the charges of neglect of duty made against Williams are not fully established.

CITY CLUB'S ANNUAL MEETING

Officers for 1901 Were Elected and Business Transacted.

The annual meeting of the City club was held last night, the annual officers elected and a large amount of business transacted, following which the members enjoyed a tasty luncheon served by the club steward.

The officers chosen for 1901 were: President, W. S. Diehl, re-elected; vice-president, William L. Cary, and treasurer-secretary, W. S. Millar, the last named also re-elected. Secretary Millar in his annual report showed the association to be in a very flourishing and prosperous condition, forty-seven members now being on the roll, which is within three of the maximum number allowed by the club rules.

After the reading of the report, auditing and entertainment committees were appointed, and a motion was passed re-engaging for the year, at an increased salary, the steward, Louis Storm. The City club was organized in September, '98, and is purely of a social nature.

AT R. R. Y. M. C. A.

Excellent Programme by Schubert Quartette and Mr. Hartley.

Lincoln's birthday was fittingly observed at the Railroad Young Men's Christian association rooms last night where a number of railroaders and their families gathered together and enjoyed the programme by Ventriloquist Charles Hartley and the Schubert quartette.

The platform was appropriately decorated and a large picture of Lincoln, draped with American flags, faced the audience. Solos were sung by John T. Watkins, David Stephens, Joshua John and John W. Jones, and the quartette rendered a number of selections. Probably the hit of the evening, however, was scored by Charles Hartley and his wonderful talking dolls. The stream of witticisms which flowed from the mouths of the ventriloquist's puppets kept the audience in constant laughter. Mr. Hartley also gave a clever imitation of Thomas Keene as Richard III.

WILKES-BARREANS WON.

Bicycle Club Bowlers Were Defeated Monday Night.

The Scranton Bicycle club's bowling team journeyed to Wilkes-Barre Monday night and met the West End Wheelmen's team in the game that was scheduled for last night. The Wilkes-Barre rolled the better game, and the end of the three matches found Scranton ninety-eight pins behind.

TAKING CHANCES.

People Who Will Learn Only by a Perilous Personal Experience.

As a rule experience is profitable only to the individual who obtains it. When the aged man tries to save youth from mistakes such as he made, the youth smiles to himself: "The idea of that old fossil thinking that an up-to-date young man is going to make mistakes." As a peculiar trait of human nature that each man thinks he is a little smarter than the others, and that he will succeed where others failed.

"Oh, yes," says Smith, "I know that poor Jones got captured in the rapids, but Jones never was a good hand at the paddle. It's a pity people like Jones will take such chances." And he smugly launches his canoe to follow Jones like in his feat and in his failure.

THE EXTREME OF FOLLY. The most foolhardy man who ever risked his life, or the most intemperate gambler who ever risked his fortune, is a sage compared with the man who attempts to get the best of Nature. The foolhardy man may succeed. The gambler may win. But the man who takes chances with Nature is bound to lose. If the fatalities of tens of thousands are cut down annually in life's prime were truly written death would not be attributed to that or that form of disease, but to an attempt to evade the necessary laws of health.

The weak spot in the modern man is his stomach. It is in disease of the stomach that many of the maladies begin which carry off the busy men of the day. The seed of disease once planted in the stomach grows and spreads like some climbing parasite about a tree. It throws out a tendril about the heart and presently another which grips the lungs, and others again which take hold of kidneys and liver.

Then suddenly the man is smitten by heart disease or lung disease or succumb to some malady of kidneys or liver. The real seat of disease is the stomach. And one of the reasons why the diseases of the other organs often fail of a cure is that the treatment ignores the stomach, and attempts to directly the other organs, whose diseases are only symptoms of disease of the stomach and other organs of digestion and nutrition.

THERE'S PLENTY OF PROOF of the soundness of the proposition that diseases of other organs remote from the stomach which are caused by disease of the stomach, before they are cured through the stomach, and, in fact, cannot be cured in any other way. The best proof in the world is that Doctor

DEADLOCK IS STILL ON.

STRIKERS AND OWNERS WAITING FOR OTHERS' MOVE.

Strike Situation Drags on Without Move for Settlement from Either Side—Meetings of Hands.

There were no new developments in the local silk mill strike situation yesterday, and the strike is now beginning to devolve into a long-drawn-out deadlock.

From present indications it will be a considerable period before any final steps are taken by either of the interested parties. The striking girls say that nothing can be done in the matter of compromise; that they have formulated a wage scale and unless this and their other demands are granted, they will remain out indefinitely.

Just as positive a stand is that taken by the operators. The latter claim that they are not to be taken in by the girls and will not be done without paralyzing their business.

In the meanwhile no attempt is being made to run the mills, and all the owners declare that no effort will be made to do so. They argue that it will not be until the girls have taken a different view of the situation and will be willing to return. The strike is, however, causing the turning aside of many orders from Scranton, to mills of other cities, and in three weeks that it has been on has already affected thousands of dollars worth of business.

The Harvey hands met yesterday afternoon at Carpenters' hall and the Kiots mill employees met last night at St. John's hall, on Capouse avenue.

LIST OF ADVERTISED LETTERS.

Pierce's Golden Medical Discovery.

stomach and blood medicine, cures diseases of heart, lungs, liver, kidneys, etc., by curing diseases of the stomach and digestive and nutritive systems.

"For six long years I suffered with my liver, kidneys and indigestion, which baffled the best doctors in our country," writes Mr. E. L. Ransell, of Woolsey, Prince William Co., Va. "I suffered with my stomach and back for a long time and after taking a quantity of medicines from three doctors, I grew so bad I could hardly do a day's work. Would have death-like pains in the side, and blind spells, and thought life was hardly worth living. I decided to consult Dr. R. V. Pierce and his staff of physicians. They said my case was curable and I was greatly encouraged. I began taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' as advised. Before I had taken two bottles I began to feel relieved. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce and his medicines. These words are truths, as I live, and if this testimonial can be used in any way to be of benefit you need not hesitate to use it. I shall stand for the invalids' Hotel and Surgical Institute as long as life lasts."

DON'T DELAY. Disease never leaps on a man like a lion from ambush and strikes him down at a blow. However suddenly a man may be stricken and however deadly the disease, the time when the proper treatment, "Golden Medical Discovery" will cure diseases of the stomach and organs of digestion and nutrition at any stage, but the cure will be quicker the earlier it is begun.

"For twelve long months I suffered untold misery," writes Mrs. Mollie Colgate, of Randolph, Charlotte Co., Va. "No tongue could express the pain that I endured before I commenced taking Dr. Pierce's medicine. I was not able to do anything at all. Could not eat anything except bread and tea—or if I did the top of my head hurt so it seemed it would kill me; with all that I could do it would be like fire, but now since taking 'Golden Medical Discovery' I can eat a little of almost anything I want and can do a good day's work as well as anybody can. Am better than I have been for years. I think your medicine is the best that ever was made, for it is the only thing that ever did me any good. I tried many other kinds, but none did me any good but your 'Golden Medical Discovery' and 'Pleasant Pellets.' I can never praise them too highly to any one who suffers as I did."

Sick people are invited to consult Dr. Pierce by letter, free. All correspondence held as strictly private and sacredly confidential. Write therefore without fear as without fee to Dr. R. V. Pierce, Buffalo, N. Y.

There is no alcohol in "Golden Medical Discovery," and it is entirely free from opium, cocaine, and other narcotics. Do not allow a dealer for the sake of making a little more profit to foist on you a substitute as "just as good" as "Golden Medical Discovery." There is no other medicine so good for you.

A GENUINE AND GENEROUS GIFT. Dr. Pierce's Common Sense Medical Adviser, containing 1208 large pages and over 700 illustrations, is given away to those who send stamps to pay expense of mailing only. Send 31 one-cent stamps for the book in strong cloth binding, or only 21 stamps if catalogued in the book in paper-covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

West Scranton Station. Thomas Dudley, 1615 Garfield avenue; Mrs. W. I. Iann Madden.

\$3,000 FIRE AT PRICEBURG.

Andrew Roth's Hotel Was Destroyed Yesterday Morning.

Fire destroyed a large two-story double frame building on Lincoln street, Priceburg, owned and occupied by Andrew Roth, the hotelkeeper, only yesterday morning. The blaze began about 2 o'clock and spread rapidly through the building.

Through the efforts of the Johnson Hose company, the flames were kept from the adjoining buildings, one of which was but ten feet distant. The fire's origin is unknown. Mr. Roth's loss on the building and its contents is about \$3,000.

TO SETTLE LICENSE DISPUTE.

It is understood that Senator J. C. Vaughan will soon introduce a bill in the senate which is intended to settle the dispute as to whether the liquor dealers of this city, in taking out their liquor licenses next month, will have to pay the fee of \$500, which is provided for cities of the third class, or the fee of \$1,000, which is provided for cities of the second class.

His bill will provide that during the year in which the transition of third-class cities into the second class occurs the fee shall be \$500.

CONNOLLY and WALLACE SCRANTON'S SHOPPING CENTER.
