

# The Union College of Painless Dentistry

An Overwhelming Success! A Boon and a Blessing to People of Moderate Means! A Benefit to Science!!! A permanent home for teaching the subtle art of conducting the most elaborate and intricate operations known in Dental Surgery, without the slightest inconvenience or pain to the patient, thus insuring results which cannot be achieved by any other method known in the practice of up-to-date Dentistry.

## No Anæsthetics are Used to Render the Patient Unconscious

He or she simply sits comfortably in an easy chair and might as well be reading a pleasant novel, if the positions required for performing the work would admit of it.

## Thus Dentistry Has Lost All Its Terrors In a Scientific Triumph That Amazes the World.

Is it any wonder, then, that dentists come from far and near to the Union Dental College to learn this marvelous secret and take a post graduate course in the higher branches of their profession, in order that they may carry the blessings of Mr. Faatz's discovery back to the towns and cities they came from!

## Last Week the Rush Was Too Great.

It more than exceeded our expectations. It overtaxed our facilities, and scores of people went away because we could not attend to them. We have remedied this in some measure, however, and today will have more and better accommodations, and more experienced dentists at work, who have come to learn the secret surrounding

## Mr. Faatz's Absolutely Painless Method of Dentistry.

This means a continuance of FREE WORK for another week, and you only pay for the materials used. It also means that your work is done by experienced Dentists, who, desiring to keep abreast of the times in their profession, have come to us to learn the very latest there is to learn, and you can depend on it that the work will be well done. We guarantee it for 10 years and our guarantee is unassailable. These facts compel us to offer to the Scranton Public

## The Highest Class of Dental Work

## Possible for Practically the Cost of Materials Used!

A Full Set of Teeth May Be Had for **\$2.00** Best Gold Crowns, 22 kt. Fine, for **\$2.00** In a Word Work Done Here Saves You **95 PER CENT.**

On regular Dental Charges, and the work will be done right, as every man is a perfectly qualified dentist before he comes here. All Work is Positively Guaranteed by Us for Ten Years.

## Reader, Just One Word More, Please.

C. S. Faatz is not a stranger to Scranton. He has been a resident of the city for twenty years, and will probably remain for as many years more, as the Union College of Dentistry is a Permanent Institution, established not for a day or a year, but for all time.

Office Hours, . . . . . 9 a. m. to 9 p. m.  
Sundays, . . . . . 10 a. m. to 4 p. m.

# CONNOLLY and WALLACE

SCRANTON'S SHOPPING CENTER.

## Loveliest of Cottons.

Cotton Fabrics of 1901. The writer has been gazing at them—drinking in their beauty—marveling at the Connelly & Wallace collection.

They represent Textile Art in its most exalted form—the apotheosis of spinning, designing and tinting.

The makers of France, Scotland, Ireland, Switzerland, Belgium, Germany and America are fighting the same fight that waged between the mortal Arctane and the goddess Minerva when they contended for supremacy in weaving and embroidering skill. The product of all are outspread on our counters. Accord leadership to whom you please. It is for your fancy and taste to decide. Every yard exemplifies elegance.

Imported Mouseline De Soie—mere tissues, plain gauzy grounds, with embroidered stripes of self colors, fifteen different shades, price ..... 85c

## LENTE IS NOT GUILTY

(Continued from Page 6.)  
November last. The difficulty took place on Pittston avenue and was the result of a quarrel. The prosecutor and his witnesses asserted that the defendant was armed with a shovel and with it he beat the former seriously. The jury had not returned a verdict at adjourning.  
John Mikorko, John Roddy, Fred Holmes, John Quinn and John Melindone were arrested for committing an assault and battery on J. Rosenburg, a glazier. The boys live in the Seventh ward, and it was charged that they threw stones at Rosenburg and broke a quantity of glass which he carried. It was not shown conclusively that the boys on trial were those guilty of the assault on Rosenburg, and a verdict of not guilty was taken and the costs placed on the county.  
Joseph Lehotsky and his wife, Lizzie Lehotsky, were tried for committing an assault and battery on Frank Benito, a constable. All the parties live at Throop. Benito alleges that he went to serve a warrant on Lehotsky, and that the latter and his wife assaulted him and threw him out of the house. The defense was that no assault was committed on Benito, and that he did not have a warrant. The case was given to the jury at adjourning hour.  
A Steinberg was charged with receiving a stolen car from the Lackawanna Iron and Steel company. It could not be established that the goods found in Steinberg's junk shop were stolen, and a verdict of not guilty was returned by the court. The prosecutor was Chief of Police Robling.  
John Fritz was returned not guilty of having unlawful relations with Mrs. John Bink, and the costswere placed on Bollock, who was the prosecutor.

## JUDGE GEORGE S. PURDY.

John G. Gilboy, who was tried Thursday on a charge preferred by the Municipal league of selling liquor without a license on Pittston avenue, was yesterday convicted, and sentenced by Judge Purdy to three months in the county jail and a \$500 fine.  
Reasons for a new trial were at once filed by Gilboy's attorneys, who alleged a number of errors in the trial of the case. The court refused to grant a new trial.  
James Sevo and Geatano Chiodo were returned not guilty of pointing a pistol at Patrick Healey at Rondham, last August. The accused were working at the Jersey No. 1 mine at Rondham during the strike there last August, and one morning, when they were going to work, Healey and others tried to get in front of them and keep them from going to work. They drew revolvers and compelled Healey and the others to get out of their way. The costs were placed on Healey.  
**Young Divorce Case.**  
Testimony was taken before Judge R. W. Archbald yesterday in the case of Frank H. Young against Nellie S. Young. The libellant is ill at Buffalo, where he now resides, and the testimony of his mother and brother was taken.  
Mrs. Harriet Young testified that her son was married at Rochester, N. Y., about ten years ago, and with his wife, lived at different times in Rochester, Buffalo and this city. Her daughter-in-law now lives with her at 523 Mulberry street.  
The younger Mrs. Young was jealous of her husband and finally left him. The mother said yesterday that her son was innocent of the charge he was suspected of by his wife, but at the same time if she had been in

## INDUSTRIAL JOTTINGS.

**Quadrennial Mail Weighing.**  
In the handling of United States mail on the railroads of the country, 1901 is based upon weight carried and cars in service. To arrive at the amount of pay due each company the government weighs mail once every four years. The United States being divided into four sections each year. In the eastern states the quadrennial mail weighing will take place commencing 12:01 a. m. Tuesday, February 19, next and continue for a period of thirty consecutive working days and possibly longer if the government so orders for any good cause.  
For such weighing railroad companies are obliged to furnish all necessary scales for use at stations and in mail cars, also furnish blanks on which postal clerks record the weights, the work of weighing, however, being done by the government employees, and after the weighing is over tabulation is prepared by the postoffice department, showing weights carried over each mail route for the given period, compensation of the railroad company for the next four years immediately following the weighing being based upon such weights.  
The Delaware, Lackawanna and Western company has printed the necessary blanks and distributed the same, and the scales are ready for the work at all of the larger stations, as for instance, Scranton, Hoboken and Buffalo, where weighing is done on the station platform. At smaller points mail is weighed in the postal car by the postal clerk on duty.  
**Resolutions of Sympathy.**  
At the regular meeting of Local No. 1052, United Mine Workers of America, held on February 12, the following resolutions were adopted:  
We, the United Mine Workers of the above mentioned local, deem it our duty to sympathize with the silk workers, who are now struggling for what we consider fair demands. Knowing that they are asking for less than what are there

## DEEDS ARE ACCUMULATING.

Recorder of Deeds Bonn has over 1,000 deeds in the vaults of his office, which have been accumulating since 1878. They are deeds that were left to be recorded, but have never been subsequently called for.  
The owners of these deeds would confer a favor upon the recorder by calling and getting their property.  
**COURT HOUSE NEWS NOTES.**  
Testimony was heard yesterday in the office of Attorney J. E. Edwards in the matter of the division of the school district of Moosic and Lackawanna township. Attorney M. J. Donahoe represented the township and Attorney John M. Harris looked after Moosic's interests.  
**Injunction Against Jointists.**  
By Exclusive Wire from The Associated Press. Topeka, Kan., Feb. 15.—Judge Hansen today granted nine more temporary injunctions against the jointists. He has granted eighteen out of the nineteen petitions filed Saturday. The decrees cover all the large "joints" on or near Arkansas avenue, the center of the city.
