PAN-AMERICAN EXPOSITION

WILL ATTRACT CHORAL SINGERS FROM THIS CITY.

Proposition to Organize a United West Scranton Choir is Being Favorably Considered - John T. Watkins Spoken of as Leader. Well Known Young Man's Experience in a Central City Joint-Cases Before Aldermen John and Davies.

A number of well-known singers are bestirring themselves in the interest of a united choir of West Scranton voices to compete at the Pan-American exposition next September. The general opinion prevails that there should be but one organization established in this part of the city, and that the best voices available shall be selected for the different parts.

John Jones, of Evon street, who was refused admission to the station house Tuesday night, on account of being too sober, reappeared later with a good-sized load on, and was then locked up. He is known to the police as an "habitual loafer," and while his brother fights the battle of the prohibition, John does a stunt as the "horrible example."

Albermarl Davies took compassion on the poor fellow yesterday and sent him up to Schattville for ten days in order that he might properly sober up.

John Chizlisky, sr., of Continental Hill, appeared before Alderman John last evening and complained that George Yanchinsky had assaulted John junior with a large stone, inflicting an injury on the latter's head, which required several stitches to close up.

At the hearing the boy was unable to appear, and the father offered the stone in evidence. In default of bail,

CONTAGION AND INFECTION.

La Grippe is Infectious but Not Contagious. Contagious diseases are communicated from one person to another; infectious diseases are conveyed through the air.

Smallpox is a contagious disease; La Grippe is infectious. When an epidemic of the grip is prevailing it is in the air we breathe and no one is safe.

The only safeguard is to keep the system in the highest possible condition of health and on the first appearance of a cold in the head to use some safe antiseptic like Stuart's Catarrh Tablets freely, at least taken every four or two for a couple of days will be sufficient to break up the attack.

La Grippe attacks the weakest part of the system, it may be the lungs, heart, liver, stomach or kidneys, but wherever it attacks it is invariably invariably starts with cold in the head and throat or in other words, the disease at the beginning is acute catarrh.

This is the reason Stuart's Catarrh Tablets have been so successful in breaking up attacks of grip. The antiseptic properties of the remedy destroy the germs before the whole system is thoroughly infected.

Anniston says: Stuart's Catarrh Tablets freed me from cocaine and harmful drugs should be freely used at this time of the year on the first appearance of grip symptoms.

They check the excessive catarrhal secretions, stop the fever and prevent the disease from becoming chronic.

They are composed of antiseptics and may be used by little children as freely as by adults and with great benefit.

Dr. Lewiston says: My usual prescription for the grip is Stuart's Catarrh Tablets, which can be found at all drug stores. Keep to the house for a day or two and use the tablets freely, and I have never heard any complaint of failure to cure.

OBITUARY. William J. McManus, a United States secret service officer, who was killed in his city, died in St. Joseph's hospital, Baltimore, Tuesday of Bright's disease.

Mr. McManus was a native of British Columbia, where he was born forty-nine years ago, and held the secret service in New York in 1896. He returned in 1899, but in 1904 again went in the service, and was stationed in Philadelphia from 1901 to the summer of 1903, when his health failed, and he was sent to the Philadelphia office by his brother-in-law, S. T. Griffin.

He was then stationed for a time at Charlotte, N. C., and at Baltimore. Early this year he came back to Philadelphia, where he had a long stay in the Presbyterian hospital, West Philadelphia. Three weeks ago he was taken to Philadelphia. His case was then hopeless. He is survived by his widow and two children.

Mr. McManus was one of the government's most trusted officers. He was a personal friend of the president during his years of service, and for two summers was at the White House looking after the safety of President Cleveland and family.

When Agents William J. Burns and S. T. Griffin, of the secret service, began working on the Indiana-Nevitt case, they tried to discover who was making the \$100 bills, and he and Griffin were "up to something."

They reported this to Nevitt, and it was then that Nevitt tried to bribe McManus to keep him out of the secret service case, by trying to discover who was making the \$100 bills, and he and Griffin were "up to something."

McManus was the officer who broke up the band of Italian counterfeiters who operated in the Philadelphia-Nevitt case. He was here for weeks on that case. His last case involved was against the Burton brothers who were engaged in making spurious money at Springfield, Massachusetts, several years ago. McManus was a great powerful fellow of immense strength and courage. He had a native shrewdness and ability to adapt himself to circumstances which won him great success in his chosen calling.

Thomas Diskin, aged 59 years, died yesterday at his home, near the city line in Minooka. Deceased had been ill but a week with an attack of pneumonia. He is survived by his wife and the following sons and daughters, Mrs. John Joyce, Patrick J., John J., Thomas, William, Martin, Mary and Catherine.

The funeral services will be held at St. Joseph's church Monday morning at 9 o'clock. Interment in Minooka.

Mrs. John Mullen, aged 10 years, died at her home at West Hill, after a lingering illness yesterday afternoon at 2 o'clock.

The funeral will take place from her late home on Friday afternoon at 2 o'clock.

Duffy's Pure Malt Whiskey

We have thousands of testimonials from grateful patients who have been cured of Consumption by Duffy's Pure Malt Whiskey. Gentlemen-I had a cough for three years, effects of grip and not taking proper care of myself. In April, 1898, I became so weak I was unable to work. I was examined by two physicians who told me I had bronchitis very bad. They advised me to use Duffy's Pure Malt Whiskey, but I was so bitter against whiskey I would not consent. By August 1900 last I had gone so far as to be unable to get my breath, except with difficulty. I was very low. I thought I could not live much longer. Our old physician, Dr. T. W. Campbell, of Energy, S. C., examined my lungs and told me the right one was very bad, and the left one but a trifle better, but that I had enough lungs left to live a good while yet if I would take plenty of Duffy's Pure Malt Whiskey, and take it regularly. By taking it I was willing to do anything for relief. So the dear old man, though he is not a whiskey doctor, ordered me to begin at once with two tablets spoonfuls as a dose every two hours day and night. I did so, and immediately began to improve, and now, six weeks from that time, I can breathe almost as well as I ever could, and Dr. C. says my lungs are healed, except one dull place in the right lung, and that the cavities are contracting. I do not know whether God is going to let me get well or not, but I humbly trust He will, and I believe that, under God, your Whiskey has saved my life thus far, and I had begun a year ago I would have been cured by this time. Respectfully, MRS. H. K. HIDDLE, Wagon, S. C. Duffy's Pure Malt Whiskey is a pure lavinging beverage. Every bottle of the genuine bears a proprietary trade mark.
