WEIGHTY REASONS

Is there any relation between the weight of the body and its health? Unquestionably there is. Every dollar of the millions of dollars of life insurance attests that fact; for if the weight falls below the normal ratio to height not a dollar of insurance can be obtained. In ordinary we do not think of weight in its relation to health. But sickness forces its fact upon our notice. We remember the attenuation which comes with sickness. We recall how loosely the clothes hang upon the convalescent, and how day by day with growing strength the scale tells of increasing weight. When a man or woman is weak and "run down," losing flesh, with failing strength, one of the sure tests of returning health will be the increase of weight toward the normal. It is not enough simply to feel better. There are stimulating medicines which make the person who takes them "feel good," for a time, yet there is no real physical gain from the use of such medicines. But when the body is built up with good healthy flesh the restored strength is a real thing. The reasons for the intimate relation between weight and health are easily to be understood. The physical life is sustained by food which is converted into nutrition. One of the results of disease in general is to reduce the nutrition of the body by reducing the capacity of the stomach (and its allied organs of digestion and nutrition) to prepare the food eaten for its nutritive service. Naturally the poorly nourished body grows thin and weak. This is especially true when the disease directly attacks the stomach and digestive and nutritive tracts. The food eaten cannot then be properly digested and perfectly assimilated. Owing to the dependence of all other organs of the body for their nutrition and strength upon the stomach and its allied organs, it often happens that the real cause of so-called "weak" heart, "weak" lungs, "weak" kidneys, sluggish or "weak" liver, etc., is the "weak" stomach. This is proven by the fact that Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition it is generally the case that other forms of disease are cured also. The "weak" heart grows sound, the "weak" lungs grow strong, and the kidneys and liver resume their normal activity. I used ten bottles of Dr. Pierce's Golden Medical Discovery and several vials of his "Pleasant Pellets" a year ago this spring, and have had no trouble with indigestion since. I write Mr. W. T. Thompson, of Townsend, Broadwater Co., Montana. "Words fail to tell how thankful I am for the relief, as I had suffered so much, and it seemed that the doctors could do me no good. I got down to weight 115 pounds, and was not able to work at all. Now I weigh nearly 160 and can do a day's work on the farm. I have recommended your medicine to several, and shall always have good word to say for Dr. Pierce and his medicines. I suffered for twelve years with female trouble," writes Mrs. Milton Grimes, of Adair, Adair Co., Iowa, "which brought on other diseases—headache, bright's disease, nervousness, other ailments, and at times would be nearly paralyzed. Had neuritis of stomach. I can truly say your medicines (nine bottles in all, four of 'Golden Medical Discovery' and five of 'Favorite Prescription' and two vials of Dr. Pierce's Pellets) have cured me. I can work with my nerves now, but before I would be tired all the time and have a dizzy headache, and my vertigo would be all unstrung so I could not sleep. Now I can sleep and do a big day's work, something I had not done for over seven years before. You have my consent to publish this testimonial, hoping it will be the means of helping some other invalid. I had been suffering with kidney trouble twenty years," writes Miss Minnie Ryan, of 1537 Louisiana Avenue, St. Louis, Mo., "and I had doctored with a number of the best physicians. I would get better, then worse again, until I read of Dr. Pierce's medicines. A little over two years ago I commenced taking your 'Golden Medical Discovery' and 'Favorite Prescription' and took also several vials of Dr. Pierce's Pleasant Pellets. I took eight bottles (four of each), and I feel now perfectly cured. Thousands of men and women have written in terms similar to the above in testimony to wonderful cures effected by the use of "Golden Medical Discovery." It always helps. It almost always cures. By curing diseases of the stomach and other organs of digestion and nutrition, "Golden Medical Discovery" restores the normal nutrition and so builds up the body with sound flesh. It increases the activity of the blood-making glands, so increasing the supply of pure, health-giving blood. It cures nervousness, despondency and loss of appetite as well as eruptions and skin diseases generally, which are the result of an impure condition of the blood.

WORTH ITS WEIGHT IN GOLD. Annie Barnett, Hinton, Fisher Co., Texas, says: "I like my 'Medical Adviser' so much. It is worth its weight in gold." Dr. Pierce's Common Sense Medical Adviser, containing over one thousand pages, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the cloth-bound volume or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Table with multiple columns listing market prices for various commodities like wheat, corn, and flour, along with exchange rates and stock prices.
