During the past week children, milkmen and others have done quite a thriving business delivering spring water to Honesdale people. Although numerous lakes are located on the elevated portions of the county from which a supply of pure fresh water can be obtained the quality furnished is so impure that consumers are compelled to supply themselves from nearby springs.

And so doth the jolly milkman.

As he makes his round with laughter,
Supply his customers with milk from one can.
And from another pure spring water.

The old covered wooden bridge which has just been taken down to make room for an iron bridge to span the Lackawaxen river at the foot of Second street, was erected in the fall of 1866 at a cost of $7,800. A former bridge on this site was carried away by a wind storm May 27, 1860. The covered bridge mentioned above has been expensive to the county for several years past in way of repairs, and finally became unsafe for travel. The county commissioners have acted wisely in causing an iron bridge to be placed on the much-used thoroughfare. The iron bridge when completed, including the stone abutments and retaining walls, will cost the county about $8,000.

TREATMENT OF A COLD.

Some Good Advice by a Well Known Physician.

A well known physician says that a cold can be easily treated at its outset, but if neglected may lead to la grippe and pneumonia. He says that the best home treatment for the cure of colds and la grippe is Krause's Cold Cure Capsules. He uses them almost exclusively in his practice as they do not affect the head as does quinine nor upset the stomach.

This remedy is prepared in soft, soluble gelatine capsules, which are easily dissolved by the warmth and fluids of the stomach. They are much preferable to little, hard, sugar-coated pills or tablets that always offer objectionable resistance to assimilation. Krause's Cold Cure positively cures cold in the head, cold in the chest, cold in the throat or cold in any part of the body, and it will prevent the development of bronchitis or pneumonia. It is for sale at all first-class drug stores at 25 cents a box.

SUSQUEHANNA.

Special to the Scranton Tribune.

Susquehanna, March 11.—In the matter of the Erie boiler makers' strike there are rumors galore that the end is near, or pretty near, or nearer than it was, and near enough to be seen and felt; indeed, some of the newspapers have seen a man who has seen a man who has been told by a committee that nothing now prevents a settlement, that the barriers have been brushed away, and nothing remains now—except to settle. Judging from the real facts in the case, it would appear to a man in the middle of the road that the contention is settled down to stay for a while yet, to the detriment of the company, the strikers and the entire community.

John McNeil, president of the Boiler Makers' union, was officially engaged in town on Saturday.

A large number of Susquehanna people were in Binghamton on Saturday evening to witness the presentation of "David Harum."

GLENBURN.

The death of D. Webster Griffin occurred somewhat suddenly at his home in Glenburn on Sunday morning at 9 o'clock. On Tuesday of last week Mr. Griffin slipped and fell upon the ice while getting his morning paper and sustained a fracture of the leg. The physician in attendance discovered an internal disorder in the abdominal region, which necessitated an intestinal operation early last Friday morning. Mr. Griffin was not benefited by the operation, but grew gradually worse until death came. Mr. Griffin was born in Scranton, July 14, 1838, and was therefore nearly 63 years of age. He lived and conducted business in Scranton until twelve years ago, when he moved to Glenburn, where he has since made his home. On Jan. 1, 1862, he was married to Miss Nancy E. Knapp, of Scranton. He is survived by his wife and six children: W. H. Griffin, who is at present in California for his health; George K. The funeral services will be held at his late residence on Wednesday morning, the hour to be announced later. Rev. James Fielding, of Scranton, and a former pastor of the Dalton Baptist church, will have charge of the services and Rev. Robert R. Thompson, the present pastor of the church, will assist. The attractions were numerous and very entertaining, and reflected great credit on all taking part in them. The church is exceedingly thankful for the liberal patronage received and the help rendered by many to make the effort such a success.

THEATRICAL.

TODAY'S ATTRACTIONS.

ACADEMY—Keystone Dramatic company. Matinee and night.

GAIETY—West's "Twentieth Century Stars." Matinee and night.

Keystone Dramatic Company.

The Keystone Dramatic company opened a week's engagement at the Academy of Music last evening, presenting as the initial attraction the celebrated melodrama, "In Sight of St. Paul." The play was handsomely staged with special scenery, all of which is carried by the company, the electrical and mechanical effects were a big addition to the production. Miss Gertrude Shipman and Lawrence Merrill resume their places as the stars of the organization. They both appeared last evening in excellent parts and were greeted with many hearty rounds of applause from an appreciative audience. The supporting company is exceptionally strong and well balanced.

The vaudeville contingent of the company entertained between the acts of the drama, several first class specialties were given, among which were Magee and Dale, sketch artists; the Eldons in their acrobatic comedy act entitled "Fun in a Chinese Laundry"; Ruth and Baby Clare, two clever children, introducing an up to date musical novelty, Baby Clare can certainly style herself a miniature "Paderewski." The Keystone Dramatic company will give two performances every day the balance of the week. At the matinee today "The Senator's Daughter" will be the bill, and tonight "The Mystery of Wyoming" will be given.

Twentieth Century Stars.

The Twentieth Century Stars entered upon a three days' engagement at the New Gaiety yesterday afternoon to a full house. The performance given by the Stars, upon the whole, was scarcely up to the standard of the New Gaiety entertainments. However, the programme contained some meritorious acts, among which may be mentioned the slack wire work of Le Zelle and the dancing of Miss Nitram.

The performance closed with an original farce entitled "Mrs. Nation, of Kansas." The Stars will conclude their engagement on Wednesday night and Rob Manchester's "Checkerjacks" will be seen the last three days of the week.

Last night Lee Pardello, the heavy weight wrestler, and Kid Lester, champion feather weight, joined the company and today and tomorrow will wrestle all comers. Last night Lester went on with Sam Hodges, of Dunmore, a 150-pound man. He was to receive $25 if he threw Lester in fifteen minutes. Hodges is a heavy bit of man and an experienced wrestler. He secured a flying fall in four minutes. He will wrestle Lester again Wednesday night. There was no one to meet Pardello and Lester went on and gave an exhibition with him.

On Wednesday night Orpello will meet Charles Zang, a local wrestler of some repute. It will win $50 if Pardello fails to throw him in fifteen minutes.

"Justice."

"Justice" is the attractive title of a play which will appear at the Lyceum next Tuesday evening and for which Thomas W. Broadhurst stands sponsor. "Justice" and his name is a guarantee that the piece will be presented in a first-class manner.

Sale of seats will open at the box office Tuesday at 9 a. m.

"The New Dominion."

The locale of "The New Dominion," which comes to the Lyceum next Friday and Saturday nights and Saturday matinee, is in Virginia at the time when all women were beautiful and all men gallant and noble, save the proverbial black sheep. It tells a simple story of the idyllic order, making use of situations and characters which have come to be recognized and respected as a part of all southern plays.

But in introducing the character of a German baron in this country for the purpose of studying botany, and in the course of which falls in love with one of Virginia's choicest flowers, a novel idea is introduced in Mr. Clement's play. The story runs around this very interesting German student, his efforts in love-making and the mastery of our language is well told, the dialogue is brisk and intelligent, and the general effect is good.

CURES MADE EVERYWHERE.

Every Form of Piles Yield to It.

In spite of the fact that the Pyramid Pile Cure is so well known as a certain cure for every form of piles, there are still many people who think a surgical operation the only sure cure.

Hundreds of thorough trials in the hands of physicians and patients have proven beyond a doubt, however, that surgical operations for piles are unnecessary, cruel, many times dangerous to life, and a relic of barbarism. The Pyramid Pile Cure will cure any form of piles effectually and without a particle of pain or inconvenience, at slight expense and no danger whatever, as it is perfectly harmless. The way it affects patients who use it may be inferred from the following from Mr. E. Crook, of Waterloo, Iowa: Gentlemen—I have used the Pyramid Pile Cure and it is out of sight, the best thing I ever tried. I think it has entirely cured me. I have told Mr. Knapp, our druggist here, about it and he has ordered some. This remedy is a great thing for piles.

From Mrs. C. G. Spillman, Huntsville, Ala.: Not long since you sent my husband some of your Pyramid Pile Cure and it did him so much good that I want to write to you and tell you about it as he suffered very much and nothing seemed to reach his case until he tried the Pyramid.

From J. D. Roberts, Mt. Moriah, Mo.: "I have used the Pyramid Pile Cure and results have been entirely satisfactory. There can be no question but that it is a certain and lasting cure for piles, at least it has so proven in my case."

Miss Easter Nunley, of Tracy City, Tenn., writes: "The Pyramid Pile Cure has done my sister more good than anything she has ever taken. I have nothing but words of warm commendation for it."

The Pyramid Pile Cure has become recognized as the only standard pile cure strictly on its merits and what it has repeatedly done in obstinate cases both in private practice of reputable physicians and in individual cases.

It is so cheap as to be within the reach of all classes of people, and druggists everywhere state that it gives universal satisfaction which can hardly be otherwise when it is remembered that it is composed of the best remedies known to the medical profession in treatment of rectal diseases. It is prepared by the Pyramid Drug Co., Marshall, Mich., and for sale by all druggists.

THE MARKETS.

Wall Street Review.

New York, March 11.—The inertia of the general market in spite of some activity, gives the whole market a heavy and spotty appearance. Professional operations were obviously responsible in a large degree for such dealings as occurred in speculation which aggregated large amounts. Professional manipulation was not at work in today's movement and not a few small losses are scored even among stocks which are usually prominent in the market. The interruption of telegraphic communications in consequence of the storm curtailed activity to some extent. The coal carrying roads were strong with a few exceptions, there an advance has already been made. Both the anthracite and the bituminous coal group united in the movement. Speculators profess confidence that the labor question will be satisfactorily settled. The gain reached 2% in Lackawanna and 3 in Delaware and Hudson. There was a movement among the Gould stocks led by Missouri Pacific with an advance of 2 points. The Wabash record were all in large demand also. There was an early decline of over a point in Sugar.
