The West Side board of trade held a regular meeting last evening and passed a set of resolutions, which, it is believed, will be adopted by the Scranton Railway company, will greatly benefit its patrons. The resolutions were introduced by President Daniels, and were unanimously adopted. They are as follows:

Resolved, That the city of Scranton has become a city of the second class, and is the business center of about 250,000 people, and

Whereas, The Scranton Railway company is a corporation organized to serve the needs of the people where it has franchises, and

Resolved, By the West Side board of trade, that the said Scranton Railway company be respectfully urged to run a limited number of cars all night.

We believe the needs of the city demand an all night service on the street car system, and that the Scranton Railway company be respectfully urged to run a limited number of cars all night.

Resolved, That the board of trade enter its emphatic protest against the overcrowding of the street cars as is done at present, during certain hours of the day.

The company's officials contain a sufficient number of cars to largely overcome this trouble, and by operating these cars the company could evidence a desire to serve public interest, if it also

Resolved, That we respectfully ask the said street railway company to put an additional car on the Washburn street line, so as to make twenty minute trips in place of half hour trips as now.

This board respectfully calls the attention of the company to the overcrowding of the cars and asks that it be remedied.

Resolved, That a properly attested copy of these resolutions be forwarded to the Scranton Railway company.

President Daniels was in the chair, and in the absence of Secretary Oliver Wallace, G. Moser recorded the proceedings. The chairman reported that nothing has as yet been done in the

TO PREVENT HEADACHES.

Headaches Can Be Prevented if the First Symptoms Are Properly Treated.

There is not the slightest necessity for anyone to suffer from Headaches. Dr. Krause, the German court physician, many years ago, wrote his prescription and said to his patient: "My fee is large but the remedy is worth more than you pay for it." If you will take this medicine when you feel a headache coming on you will never have another one. The patient was cured and with his permission Krause's Headache Capsules were prepared from this same prescription, and put on the market.

This remedy is a purely vegetable preparation prepared in soft, soluble gelatine capsules which are easily dissolved by the warmth and fluids of the stomach. They are absolutely free from any substance that could harm the most delicate person. They are guaranteed to cure Nervous Headache, Rheumatic or Neuralgic Headache, Migraine Headache and all Headaches caused from digestive disorders or from over indulgence in any kind of food or drink. They cure quickly and leave the head clear and cool. Krause's Headache Capsules are sold on a guarantee to cure or money refunded. Price 25 cents a box, at drug stores.
