Eczema for Forty Years. The Unqualified Statement of a Well-Known Attorney, St. Ignace, Mich. Some of the cures made by Dr. A. W. Chase's Ointment of stubborn and long-continued eczema and skin diseases are causing much comment. People are beginning to realize that this Ointment is a wonder worker with all kinds of skin trouble. Attorney Jas. J. Brown, St. Ignace, Michigan, writes as follows: Dr. A. W. Chase Med. Co., Buffalo, N. Y. - Gents: I cannot refrain from expressing my acknowledgment for the relief I have found from Dr. Chase's Ointment. For 40 years I was afflicted with a skin disease which was treated by every specialist I have spent at a rough estimate five hundred dollars trying to effect a cure, and not until I applied this ointment did I get relief. You are strangers to me as my name is not prominently placed in your letter. I am prompted to write because I want to say and feel as though I ought to say it. That Chase's Ointment has effected a complete cure of my affliction. Three boxes did the work on my legs, and also suffering from itching piles and applied the ointment which gave the best of satisfaction by affording me rest at night and rapidly causing the disease to disappear. I have received such relief and comfort from the ointment that I cannot withhold expressing my gratitude. I was so long afflicted with the tortures of eczema I feel now that I am cured, a word of recommendation is due from me. Yours truly, JAS. J. BROWN.

The committee for making a report for the past year, Mr. Nelson, superintendent at Mount Jessup colliery, offered to fill the streets with ashes free of charge. On account of the expense of hiring the hydrant to fill the streets with ashes, the town council agreed to let the borough electric light plant be operated by the two engineers at a salary agreed on by a majority of the town council. Shall additional help be required at any time during or including said period of repairing the plant, the electric light committee shall have power to furnish it until the next meeting of council."
