WEST SCRANTON

TALK ON SHIP SUBSIDY BILL

GIVEN BY T. H. DALE TO WEST SIDE REPUBLICAN CLUB.

Interesting and Instructive Address Before an Appreciative Audience. Coroner's Inquest in Colvin Case. Two Weddings and Four Funerals Yesterday—Sons of Temperance and Prohibition League—Willard Howe Entertainment—News Notes and Personals.

Thomas H. Dale, a former resident of North Main avenue, gave a very interesting and instructive talk last evening to the members of the West Side Republican club on "The Ship Subsidy Bill," which has of late been so seriously considered in the United States senate. The speaker was very happily introduced by Attorney W. Gaylord Thomas, who spoke briefly in presenting Mr. Dale to his audience.

Without much ceremony, the eloquent ex-prothonotary delved deep into his subject, and really amazed his hearers with the importance of the question. He said he had selected the subject, "The Ship Subsidy Bill," because of its importance, and it is one which the national political parties will make an issue of during the next campaign.

Incidentally, Mr. Dale paid an impressive tribute to the late ex-President Benjamin Harrison, who manifested keen interest in the ship subsidy bill. He also complimented Senator William P. Frye, chairman of the committee on commerce, who has, he said, devoted the past twenty-five years to the study of the subject of restoring the American merchant marine.

The question of how the decline of American shipping can be successfully arrested, is of great importance, Mr. Dale said, and the title is somewhat of a misnomer. It is for the purpose of increasing the American exports, American ship-building and American seamen. There is a crying need for the enactment of legislation to arrest the decline along this line.

Exports must be carried by American ships, manned by American seamen and sailing under the stars and stripes, and this project deserves the support of every believer in the fundamental principles of the Republican party. The change in ship construction work from wood to iron figures largely in the expense incurred, and the introduction of steam as a substitute for the sail has been an important factor in the considerations of expenses.

The start Great Britain obtained years ago in the ship building trade has made her the premier ship builder of the world, and there is no reason why America should not be superior in this respect, as in many others, if the people will awaken to that fact. The decline is due to the increased cost of construction, maintenance and equipment, but with the apparent industrial activity and assured protection to American industries, this same bill, or a similar one, will be passed just as sure as the sun will shine again. The speaker answered a number of question at the close of his address, to the satisfaction of all present.

Last night's meeting was the first of a series which the West Side Central Republican club proposes holding, and while the attendance was not as large as expected, the interest manifested by those present was sufficient to assure the committee in charge that their efforts were appreciated, and that there will be an increased attendance and additional interest in the future meetings of the club.

Inquest in Colvin Case.

Coroner Roberts held an inquest early last evening at Tague's undertaking establishment in the case of the late Albert Colvin, the young son of Mr. and Mrs. Charles Colvin, of 2023 Price street, who died on Sunday, March 2, from burns received by falling into a tub of scalding hot water.

The jury censured the child's grandmother, Mrs. O'Malley, for misrepresenting the cause of death, and incidentally exonerated her from blame.

Undertaker Cusick and Sexton Reel, of the Cathedral cemetery, were also censured for burying the child without a permit, and the jury requested the board of health to take cognizance of that fact, and enforce the law in this respect.

Wedding Announcements.

William Jones and Miss Martha Walters were united in marriage yesterday afternoon at 4 o'clock by Rev. Thomas de Gruchy, D. D., pastor of the Jackson Street Baptist church. Presentation of Chairs.

Two beautiful rockers were sent to Misses Jennie and Edith Reese, of Jackson street, Wednesday by the Sons of Temperance Glee club as a token of their appreciation for the valuable services rendered the glee club as accompanists at rehearsals by the Misses Reese.

It is needless to say that the ladies were surprised, never for a moment expecting such a thing for the little assistance they gave, which they gladly gave to such a deserving organization.

The glee club met at their home Wednesday evening for rehearsal and after rehearsing for some time, preparatory for the meeting to be held in Morgan's hall next Tuesday evening, the surprised ladies sprung a surprise on the glee club by serving appetizing refreshments.

OBITUARY.

Mrs. R. E. Weed.

The sudden death of Mrs. R. E. Weed, which occurred at the home of her son-in-law, George Cobb, Wednesday night, will be a shock to her many friends in this city and especially to those to whom she was so well known and to whom she endeared herself by her many acts of charity and kindness. She was a sincere Christian in every sense of the word, and was an exemplar of that charity that vaunteth not itself.

For more than forty years she resided at Factoryville, where her husband was in the employ of the Delaware and Hudson until the abandonment of the Gravity, and for the last two years has lived with her daughter, her husband being interred here by the company.

John Reese.

Evan Reese, of Wayne avenue, received a letter from San Francisco yesterday, announcing the death of his brother, John Reese, at the Mercy hospital.

The deceased who was well known throughout this region, was a prospecting gold miner. His remains will be shipped to Victoria, where interment will be made.

Funerals.

The funeral of Mrs. L. B. Burgess will be held from the residence of her son, H. J. Hermann, 520 Wyoming avenue, Saturday at 2 p. m. Interment in Dunmore cemetery.

ROCHE FOR CHAIRMAN.

Democratic Select Councilmen Have Agreed Upon Him.

The fight for the chairmanship of the select council promises to be a lively and an interesting one. The ten Democrats have caucused and have agreed to vote for John E. Roche, of the Seventh ward. Mr. Roche didn't want the honor, but as he was the only candidate all could agree upon, he unwillingly accepted it.

The eleven Republicans, comprising a majority of one, have agreed to vote for Wade M. Finn.

THEORIES ABOUT FOOD.

Also a Few Facts on the Same Subject.

We hear much nowadays about health foods and hygienic living, about vegetarianism and many other fads along the same line.

Restaurants may be found in the large cities where no meat, pastry or coffee is served and the food crank is in his glory, and arguments and theories galore advanced to prove that meat was never intended for human stomachs, and almost make us believe that our sturdy ancestors who lived four score years in robust health on roast beef, pork and mutton must have been grossly ignorant of the laws of health.

Our forefathers had other things to do than formulate theories about the food they ate. A warm welcome was extended to any kind from bacon to acorns.

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

As compared with grains and vegetables, meat furnishes the most nutriment in a highly concentrated form and is digested and assimilated more quickly than vegetables and grains.

Dr. Julius Remmson on this subject says: Nervous persons, people run down in health and of low vitality, should eat meat and plenty of it. If the digestion is too feeble at first it may be easily corrected by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three hours, and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets because they supply the pepsin and diastase necessary to perfect digestion, and every form of indigestion will be overcome by their use.

That large class of people who come under the head of nervous dyspeptics should eat plenty of meat and insure its proper digestion by the daily use of a safe, harmless digestive medicine like Stuart's Dyspepsia Tablets composed of the natural digestive principles, pepsin diastase fruit acids, and salts, which actually perform the work of digestion. Cheap cathartic medicines, masquarading under the name of dyspepsia cures are useless for indigestion, as they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its many forms is simply a failure of the stomach to digest food and the sensible way to solve the riddle and cure the dyspepsia is to make daily use at meal time of a preparation like Stuart's dyspepsia Tablets, which is endorsed by the medical profession and known to contain active digestive principles.

All druggists sell Stuart's Dyspepsia Tablets at 50c. for full treatment.
