WEST SCRANTON

MEETING HAD AN ABRUPT END

TROUBLE IN MT. PLEASANT LOCAL, NO. 1278.

Motion to Expel Samuel Morgan in Accordance with the Decision of the Hazleton Convention Caused a Large Number of His Sympathizers to Leave the Hall with Him. He Addressed Them on the Curb Stone—Entertainment in Mears' Hall—Notes and Personals.

A spirited meeting of Mt. Pleasant Local, No. 1278, United Mine Workers of America, was held in Janes' hall, corner of Jackson street and Hennessy court, last evening, which ended in a division of the members on the question of sustaining the action of the delegates at the Hazleton convention in expelling their ex-president, Samuel Morgan, from the ranks of the mine workers.

It seems that Morgan preferred charges against certain officials of the United Mine Workers some time ago, but failed to substantiate them, and the Hazleton convention expelled him from the union.

Over two hundred members of the Mt. Pleasant local crowded into Janes' hall last night to hear the report of Delegate John Walsh, who represented them at Hazleton. Among those present was Morgan and a host of his sympathizers. When the report was heard, and the announcement made that Morgan had been expelled, President Thomas McGuire ruled that the action of the Hazleton convention should be sustained, and Morgan stand expelled from the union. This ruling caused the division. Morgan seized the opportunity for making a speech, but when he was ruled out of order, he put on his coat and left the hall, followed by many of the members present.

When the men reached the sidewalk, an impromptu meeting was held, and Morgan again spoke about the existing trouble. His contention was that he can prove the truthfulness of his assertions, and is ready to do so.

His remarks were liberally applauded. The latter contend that a two-thirds vote of the local union is necessary to expel a member, and that the Hazleton convention exceeded their authority in expelling Morgan.

DOING GOOD EVERYWHERE.

A Medical Discovery That Effectually Cures Piles in Every Form.

For many years physicians have experimented in vain, seeking a remedy which would effectually cure piles and other rectal troubles, without resorting to a surgical operation. Many remedies were found to give temporary relief, but none could be depended upon to make a lasting, satisfactory cure.

Within a recent period, however, a new remedy, the Pyramid Pile Cure, has been repeatedly tested in hundreds of cases and with highly satisfactory results.

The first effect of the Pyramid Pile Cure is to instantly remove the pain and irritation generally present and from that time on the cure rapidly progresses and before the patient is hardly aware of it he is entirely cured. The remedy seems to act directly on the nerves and blood vessels of the parts affected as it comes into direct contact with them and sets up a healthy action, which in a perfectly natural way brings the parts to their normal condition.

The remedy does its work without any pain or inconvenience to the sufferer and is justly considered one of the most meritorious discoveries of modern medicine.

Piles is one of the most annoying and often times dangerous diseases with which humanity is afflicted. If neglected it frequently develops into Fistula or some equally fatal and incurable trouble, whereas by the timely use of this simple but effective remedy no one need suffer a single day from any form of piles, unless they want to.

The Pyramid Pile Cure is perfectly harmless, containing no mineral poisons and is also very reasonable in price, costing but fifty cents a package. It is sold in drug stores everywhere. The manufacturers of the remedy are the Pyramid Drug company, of Marshall, Mich., who have placed this excellent preparation before the public only after giving it thorough and repeated tests in the hands of reputable physicians. The results in hundreds of cases have convinced us that it will not disappoint you.

BELL BOY HELD UP.

Milton Kresge, of the Jermyn, Robbed of Two Letters.

Milton Kresge, a bell boy at the Hotel Jermyn, was held up on Spruce street this morning about 12.45 o'clock and robbed of two letters which he was taking to the postoffice. The person who did the holding up is a young man about twenty years old, who works about the Academy of Music, but whose name could not be learned. He was arrested.

The Kresge lad started out from the Jermyn with a parcel of letters to mail, when he was met by the aforementioned young man near Forest court. The latter tried to grab the whole package of letters, but only succeeded in getting two of them. Kresge started on a run for the postoffice, and when he returned he complained to Patrolman Hockenberry. The latter told him to start up the street again, and he did so, with the officer behind him.

The young man again intercepted the bell boy, and while they were talking, the patrolman nabbed him. One of the letters was found on his person, but he protested that he only took it for a joke. He was held for a hearing this morning.

FREDERICK DUGGAN BACK FROM PHILADELPHA.

He Served with Distinction in the Fifteenth Infantry and in an Engagement with Insurgents Received a Wound Which Resulted in Forced Amputation of Right Leg—Stars Beat Nanticoke at Basket Ball and Crackerjacks Down Green Ridge Men—Other Notes.

Frederick Duggan, of Olyphant, is back from the Philippines, with an honorable discharge in his pocket and limping along on one leg, as the result of a three years' service in Uncle Sam's employ. Wounds received in a skirmish with insurgents resulted in the amputation of his right leg.

Mr. Duggan is now visiting at the home of his brother-in-law, Owen Loftus, of Leggett street. He arrived in the city Saturday evening and was greeted by a large number of friends.

He originally enlisted in the Thirteenth regiment, but was later transferred to Company L, of the Fifteenth infantry, which saw considerable hard fighting in the Philippines.

While near Navitos Laguna, his company was attacked by insurgents and Duggan, who was in the first rank, received a shot in his right leg while charging the enemy. The limb was so badly injured that amputation was found necessary. Duggan was honorably discharged Nov. 30, 1900. The first lieutenant of his company writes the following cordial endorsement of the ex-soldier's courage:

Pueto Laguna, P. I., Nov. 30, 1900.

To Whom It May Concern.

It is with great pleasure that I am recommending the bravery, honesty and reliability of Frederick Duggan, a private in Company L, Fifteenth infantry, who is about to be honorably discharged from the service by reason of disability received in an engagement near Navitoe Laguna, P. I., on Sept. 17 last. His heroic conduct in the face of the enemy cannot be too highly praised, for his loyalty and patriotism are most deserving of consideration at the hands of his fellow citizens.

(Signed) T. B. Baker,
First Lieutenant Fifteenth Infantry, Co. L.

Two Basket Ball Games.

The second game, between the Stars and the Nanticoke team, resulted in the latter having their laurels lowered to the tune of 6-0, the same score as the Crackerjacks defeated the Sanderson Hill Stars.

The feature of the latter game was the basket-throwing of Skiffenden, who threw two out of the three baskets thrown, while McCloskey threw the other. Dancing was enjoyed until a seasonable hour after the games.

AN UNAPPRECIATIVE MAN.

Gave Scant Thanks for Return of Valuable Papers and Money.

John P. Hopewell, editor of the Providence Register, had a most remarkable experience at Buffalo Saturday night. After enjoying the hospitality of the Lackawanna railroad officials and the Pan-American exposition promoters, Mr. Hopewell went to the Teck theater to witness the performance of "Under Two Flags."

A few minutes before the performance was concluded a man sitting next to the North Scranton publisher picked up the latter's overcoat from a vacant seat and went his way. Hopewell did not notice the exchange until he put the strange coat on and plunged into the pockets.

To his astonishment and surprise he found many valuable letters and papers and an envelope containing $750 in the pocket. The coat, letters and money belonged to a prominent Buffalo physician, and after Mr. Hopewell had gone to the trouble of locating him and wasting much valuable time he was rewarded with a gruff "Much obliged to you" from the owner.

BANQUET AND BOWLING.

The match is not likely to have any particular bearing upon the standing of the league teams, but will be a warmly contested one. After the banquet the silver trophy will be awarded the winners, the Commercials, and the individual prizes also be given out.

All the bowlers of the five teams will be present at the banquet, and the tournament promises to be concluded in a veritable blaze of glory.

WANT NO RACE WAR.

Negroes of New Orleans Are Now Organizing to Prevent It.

By Exclusive Wire from The Associated Press.

New Orleans, March 18.—The negroes of New Orleans are working earnestly to restore friendly relations between themselves and the white people and to check the aspiration towards a renewal of the race prejudices and illfeeling of last summer. A discussion, however, has arisen in the ranks of the negroes as to what should be done.

A meeting of prominent negroes held Thursday adopted conservative resolutions calling on the mayor to close all dives regardless of color. The more radical faction of the negroes met at Odd Fellows' hall and formed an organization known as the Negroes' Vigilant committee at New Orleans. The resolutions adopted express the fear that the frequent atrocities committed by negroes may arouse an anti-negro sentiment and bring about a repetition of the race disturbance of last July. To prevent this the Negroes' Vigilant committee offers their services to the mayor and the chief of police to do all in their power to preserve the peace; to report promptly to the proper authorities all crimes and acts of lawlessness committed by members of the colored race; to assist in the apprehension and conviction of criminals by giving all information and testimony in their knowledge and power to further the peace of the community and prevent the occurrence of lawlessness by informing the republic of the presence and whereabouts of all negro criminals and desperate characters in general; to assist in driving such out of the city and discourage the influx of dangerous negroes.

The vigilant committee also asks that all negro dives and dance houses should be closed and kept closed. A committee of twenty-five was appointed to organize negro vigilant committees in each ward. The organization represents the poor and less educated class of negroes, while the meeting held Thursday night and over which Colonel James Lewis, surveyor of the port, presided, was composed chiefly of the better classes of the colored population.

WANTED NO IMPERFECT BRIDE.

Barber's Discovery Led to a Break and a Breach of Promise Case.

By Exclusive Wire from The Associated Press.

Newark, N. J., March 18.—Because he discovered that one of her legs was longer than it really ought to be, Bernard Lillienthal, a Newark barber, is alleged to have "turned down" his fiancee, Miss Rosa Kurz, and she has brought suit for breach of promise. Lillienthal is twenty-two years old, and lives at No. 97 Mercer street. Miss Kurz's home is at No. 8 Jones street. Six weeks ago the young couple became engaged. Miss Kurz's father promising to settle $500 on her on the day they were married.

Lillienthal, according to his own admission, was much enamored of the girl and called early and stayed late. As his employment kept him indoors all day he frequently suggested a walk, but each time the maiden demurred. It was always too wet or too dry, too windy or too slippery. Finally, in response to his urgent requests, she went out with him, and to his surprise he noticed that Miss Kurz walked with a limp. Then he learned that one of her legs was much shorter than the other. "Under the circumstances you will never do for my wife," he said. "Had I known what I know now things would have been different."

Fine is a man considerably under the average height, and was no match for his opponent, who, besides being much larger, took him unawares. He offered no resistance.
