## Coats and Tailor-made Suits

If there is any question in your mind as to what will be the proper styles in coats for early spring wear, better see the new Raglan---it will settle the doubts at once. A beautiful quality of cloth in tan and oxford. The lining is taffeta silk, and comes full or half-lined, just as you wish; price governing style.

**TAILOR-MADE SUITS**--Just a word: Eton styles will be the most desirable, although a goodly assortment of tight-fitting styles will enable you to satisfy your preference, if any exists. The Easter Suits are handsome, and come in Venetian, Broadcloth, Cheviot and Pebble Cheviot. See them in our Suit Department on Second Floor.

**RIBBONS**--The dainty narrow Persian and Dresden Ribbons will find many owners before the week is out. The finest artistic touch is necessary to produce so much beauty in such narrow ribbon.

The New Gauze Ribbon--A little early to talk about gauze? No, not when applied to ribbons. This is the newest ribbon idea and comes in gilt and black and white. It is the latest fad for dress trimming and hair bows.

**ANKER'S BOUILLON CAPSULES**--A convenient form in which to use Extract of Beef, now being demonstrated in booth in center of store. Any question you may ask will be cheerfully answered. It will cost you nothing to try it.

### THE HEALTH HABIT.

Just as Easy to Form as Any Other.

We do not deliberately form our pet habits but they are unconsciously acquired, and grow as we grow, and by the time we learn they are hurting us, we find them too strong to be easily broken.

Then, why not form a good habit, a habit which will counteract the many bad ones, in other words, contract the unfashionable habit of being always well?

The best health habit to get into is to have and keep a vigorous stomach; if you have a healthy digestion you can drink your beloved coffee, smoke your favorite brand of tobacco, with little or no harm; the mischief begins when these things are forced upon the faithful stomach without any assistance.

Form the habit of taking after meals some harmless but efficient digestive which will relieve the stomach of so much extra work.

Combine this with such digestives and when they are combined in such a pleasant preparation as Stuart's Dyspepsia Tablets, they give the over-worked stomach just the necessary assistance to secure perfect digestion without any of the harmful effects of cathartics and similar drugs.

The habit of taking Stuart's Dyspepsia Tablets after meals is as necessary to the weak stomach as food itself, and indeed to get the benefit from food eaten, nothing better and certainly nothing safer can be used.

Many families consider Stuart's Tablets as essential in the house as knives and forks.

They consist entirely of natural digestive principles without the effect or characteristics of drugs; they have no cathartic action, but simply go to work on the food eaten and digest it.

Take into account your bad habits and the expense they entail and then invest fifty cents in a box of Stuart's Dyspepsia Tablets and see if your digestion for the next month is not vastly improved.

Ask the clerk in any drug store the name of the most successful and popular stomach remedy and he will say Stuart's.

The best way to get into a good habit is to let the doctor prescribe it.
