A CASE OF IT.

Many More Like it in Scranton.

The following case is but one of many similar occuring daily in Scranton. It is an easy matter to verify its correctness. Surely you cannot ask for better proof than such conclusive statements.

Mr. Frederick Davis, of 505 Sumner avenue, engineer at the Lackawanna Iron and Steel company, says: "For two years there was a gnawing pain across my back, which bothered me at night more than any other time. I had to lie in just such a position in order to take any comfort or enjoy my night's rest. If I was not careful in turning over sharp twinges would catch me in the back and disturb my rest, so that I got up in the morning tired and with my back so lame and sore that I could hardly move about. The secretions from the kidneys were highly colored and contained sediment. One of the men at the works recommended Doan's Kidney Pills to me, saying they had helped his father when everything else had failed. I sent to Matthews Brothers' drug store and got two boxes. Gradually the pain in my back began to leave me and when I had used the two boxes it disappeared completely."

Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name, Doan's, and take no other.

THEATRICAL.

TODAY'S ATTRACTIONS.

ACADEMY.—May Fiske and company. Matinee and night.

"A Texas Steer."

Hoyt's familiar comedy, "A Texas Steer," was presented at the Lyceum last night before a large audience.

It was a good company and the audience thoroughly appreciated the manner in which the comedy was presented.

"Sunshine of Dover Locks."

May Fiske continues to draw large crowds to the Academy of Music at each performance given. Her plays are by far the best ever seen in this city at cheap prices. The production of "The Garrison Girl" was indeed clever, and their presentation of "My Friend from India" will equal the original production which was put on in New York and was greeted with enormous success. Last evening the beautiful pastoral comedy success, "Sunshine of Dover Docks," was given and met with instant approval on the part of the audience.

Miss May Fiske is certainly a very clever little body, her versatility is remarkable, the fact being proven by the manner in which she portrays the different roles in the various plays presented. This afternoon "My Friend from India" will be the attraction and tonight "Forty-Nine" will be presented.

"Two Old Cronies."

That extremely funny farce comedy, "The Two Old Cronies," will be the attraction at the Academy of Music, commencing Monday, March 25. Crowded houses have invariably been the rule when the "Two Old Cronies" come to town, and, judging from the present indications and the splendid comedy company Mr. Wills has got together, this visit will be no exception to the rule.

"Two Old Cronies" was built for laughing purposes and it has more than succeeded. It has proved a howling success and bids fair to rival "The Parlor Match." It is better than any dose of medicine the eminent physician could compound. Last season it was furiously funny, this season it is better, brighter and wittier than ever, if such a thing is possible; at least, it will be interpreted by the cleverest comedy contingent that brains and capital good bring together, notable among them being the Rajah of Dutch comedians, Frank M. Wills, including James Leslie and La Fiesta in the prettiest act on the stage, entitled "The Artist's Dream."

THE MARKETS.

Wall Street Review.

New York, March 20.—The market was overwhelmed with selling orders during the course of today's trading and the phenomen occurred of an unloading of stocks by alarmed holders without any bad news bearing on the value of their property to alarm them. Such movements always occur as an occasional bull market and as a sequence to a prolonged bull movement. The bull leaders attempted for a time today to contest the decline and to divert the speculation into new channels. But the market was obviously tired and responded languidly to the manipulation for the advance. With only a few exceptions prices fell well below last night. Profit taking by the bears caused a considerable rally in the last hour so that last prices were not the lowest, although profit taking was renewed on the advance making the closing tone irregular. The taking of speculative profits in Burlington was on an enormous scale. There was determined support in the stock at the opening, but the utmost that could be secured for it was a half point advance. The opening price was the highest and it was steadily under pressure for the rest of the day except for the covering movement by the shorts. An effort was made to substitute St. Paul and Northern Pacific as market leaders and Missouri Pacific was marked up very buoyantly. There was a strong upward movement in Brooklyn Transit on rumors of official changes and on buying of the same character in Manhattan. Steel stocks all continued strong, the dealings being mostly in the trust certificates for deposited stock, as the time for deposit expired today. As the success of the plan was obviously assured there was a rush to deposit stocks, so that the clerical difficulties of the transfer make it probable that delayed deposits will be leniently treated. The preferred stocks showed greatest strength, gains extending to 4¼. Members of the group reacted with the rest of the market but resisted better. There was no actual bad news to account for the reaction in prices, beyond the continued possibility of a coal miners' strike, the international irritation over the situation in China and the prolongation of the South African war. Total sales, 1,267,754 shares. There was a further decline in the activity of the railroad bond market and the price movement continued irregular. Total sales, par value, $5,300,000. United States 4s advanced ¼ and the new 4s and old 4s ¼ per cent, on last call.
