

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxa-tive, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constination permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative

In the process of manufacturing figs are used as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

THE PRESIDENT'S ANSWER.

tion to Visit City Acknowledged.

A letter was yesterday received by Secretary D. B. Atheron, of the board president to visit in this city while on his way back from the Pan-American exposition. The letter follows:

Executive Mansion, Washington, March 21. My Dear Sir: Your letter of the 20th inst, has been received, and in reply the president requests me to think you for the kind invitation which you estend to him on behalf of the Scranton board of trade.

It is impossible to send you a definite re-pense at this time, as the plans for the restern trip have not yet been matured, but it the present writing it is feared that it will be impracticable to send you an acceptance. With assurances of the president's appreciation of your thoughtfulness and courtesy, be Very truly yours,

Geo. B. Cartelyou, Secretary to President

LICENSES TAKEN OUT.

Number Issued to Saloon Men of the City Up to Last Night Was Very Small.

There was a turning up among the saoon men of the city yesterday and wenty-six of them paid the \$1,100 and ook out their licenses. That makes twenty-nine out of 275 granted which have been taken out up to date. Totay the time expires which the law ellows for taking out licenses. Those who secured them yesterday were;

First ward-Charles Raine, Guthrie & Mill err. Thomas Harrington Second ward-Michael J. Leonard, Peter Cor-ic, John J. Thomas.

Third word-Michael J. Horan Fourth ward-Christian Fielder, Lune

Eifth ward-Henry J. Connec Sixth ward-John F. Malomey.

Eightia ward-John Lohmann, Ured S. God frey, Louis Lohmann, John F. Roche, G. Theo-

lore Morris. North ward—John illatter Eleventh ward-Stephen Job, William J. Fel Twelfth ward-Mattin J. Nesdon Thirteenth ward-James J. Kelly: Fourteenth ward-Ellens A. Taylor., Doniel A. P. Conner, Patrick J. Mangan. Sixteenth ward Henry Flax

Seventeenth ward John B. Rader The following took out bottlers' licenses, which cost \$500: Adam Spitzer, Second ward; J. W. McAuliffe. Thirteenth ward; Anthracite Boer empany, Thirteenth ward.

Common Pleas Court.

The case of J. E. Westgate against J. K. Wideman was given to the jury yesterday morning by Judge J. P. Kelly, but the jury had not agreed upon a verdict up to the hour when court adjourned.

In the case of Mrs. Mary Monroe against Finn & Phillips, tried Thursday before Judge H. M. Edwards, a verdict of \$65 for Mrs. Monroe was returned yesterday.

Wants a Divorce

Mrs. Cassie E. Bailey yesterday began an action to secure a divorce from Edwin T. Bailey, to whom she was married on Sept. 27, 1875. On Sept. 1, 1894, she alleges that he deserted her without cause and has persisted in his desertion ever since Mrs. Bailey is represented by Attor-

Joseph F. Gilray Yesterday's Marriage Licenses.

WEAKNESS OF THE LAW. What Alderman W. S. Millar Has to

Say About It.

For some time past it has been cusomary for the grand jury in presenting its report, to comment on the number of cases sent up to court from the aldermen's office and to suggest and recommend legislation to govern the smaller courts. The aldermen themselves acknowledge the weakness of the present laws.

Alderman W. S. Miliar, of the Eighth ward, who does a big share of the criminal business of Lackawanna county, spoke very forcibly in discussing question with a Tribune man yesterday. In the course of the interview he said:

"There has been a great deal said about the number of petty cases sent up to court and thrown out at an enormous expense to the county, and the poor alderman is immediately charged with the responsibility. The imperfect conditions under which we work are the causes for this.

"For instance the right to waive a hearing is all wrong. Now suppose A hits B a blow on the face or knocks the hat from his head. B goes before an alderman and swears out a warrant for A' arrest. A is brought, waives a hearing and the case is sent to court where there is found to be nothing in it. Had the alderman the right to insist upon a hearing all this delay and

expense would have been avoided. "In other instances, such as desertion and non-support cases the prosecutions are withdrawn before brought up for trial. The wife is eager enough to have her husband held for court, but before the day of the trial will work night and day to earn money to bail him out and will then fail to appear at

"I am heartily in favor of laws that will give the aldermen more jurisdiction for it is in the interests of the

mmunity." POSNER WAS DISCHARGED.

lke Posner, who was arrested on omplaint of his father Thursday night, was dicharged by the recorder in police court yesterday, the father withdrawing the charge, upon the

son's returning the money

AN ANALYSIS OF ESTIMATES

Receipt of Board of Trade's Invita- CHITTENDEN SHOWS WHERE CUTS MUST BE MADE.

of trade, from President McKinley's private secretary, acknowledging the receipt of the board's invitation to the tory of City-He Proposes Chopping Out Portions of Over Fifty Separate Items-His Figures Are Given in Detail-In His Opinion the Increases in Salaries Can Simply Not Be Met.

> Chairman C. E. Chittenden, of the select council committee on estimates, has spent the last two days in analyzing the estimates for the coming year, and after careful study and consideration he has compiled a table showing just what cuts will have to be made to get them down to the estimated revenue.

> 'We've got to go at this thing boldly, said he, and agree to wine out with one fell swoop a whole lot of items. If the members of the committee get to arguing about little things here and little things there, they will find themselves in a worse muddle than when they started, I have been in ouncils for over twelve years, and in all that time the situation confronting the estimates committee at the present time has never been equalled. Items that are absolutely and essentially necessary will have to be chopped right out and when we have finished the appropriations for the various departments will be filed down to such a fine point that the most rigid economy will have to be practized to keep within them."

THE FIRST TO SUFFER.

Under Mr. Chittenden's arrangement the first big cut which will have to w made will be the \$30,000 asked for 'judgments and incidentals." The excision of this entire item, he says, will he necessary at the very outset. He then proposes the striking out of the item of \$8,900 for ten extra patrolmen and \$3,000 for the salary of three extra detectives. The \$4,000 asked for a new hock and ladder truck will have to come out, he says, as well as the \$3,000 demanded by the board of health for the purchase of the crematory lot. The \$1,000 asked for a board of health emergency fund must also come out nd even the \$550 for the vaccination of poor children must suffer likewise.

Another big item which he proposes utting out is \$5,600 wanted by the park commissioners for a swimming pool and baths at Nay Aug park. Librarian Carr wants \$1,200 for the construction of asphalt sidewalks around the library and for other improvements on that structure, but according to Mr Chittenden's computation it can't be

allowed. He proposes eliminating the \$5,000 sked by the assessors for the employment of twenty-one assistants and also the \$1,096 deficiency in ward appropriations created by a number of ouncilmen during the past year. He where that this deficiency should be paid out of the ward appropriations for the coming fiscal year and will make a fight to have this item come out. One of the assistant city engineers with a salary of \$1,140 must be dispensed with, Mr. Chittenden figures

THE OTHER ITEMS. items mentioned above are only the more important ones which, it is figured, will have to be cut. Mr. Chittenden's compilation provides for uts in over fifty other separate and distinct items ranging from \$1,000 down to \$50 and with these all made the total falls only \$2,962.80 below the total estimated revenues. His figures show that the total estimates are \$396,-474.82 and that the cut necessary to bring them down to the \$323,600,20, stimated revenues, must be \$72,874.82.

His computation cuts out \$75,837.62. It must be remembered that the es timates quoted above contain no for the \$13,000 in additional salaries provided for in the reorganization ordinance. Asked where this \$13,000 was going to come from

Mr. Chittenden said: "I'ts not going to come from any place. It can't be met that's all. It will be an absolute impossibility in my opinion to provide for this amount. 'll have to get officials who will agree to donate their services to the city

for a year. "The only way out of this most serious situation is to pass a license tax ordinance after councils reorganize. Let a just and fair tax be put upon the corporations doing business in this city the problem will be solved. If such an ordinance is passed early in the fiscal year a tax can be collected

at once which will be sufficient to help us out a great deal." It is now definitely known that non of the new electric lights provided for in the ordinances which are now being

passed can be provided for. MORE MONEY IN SIGHT.

Deputy City Controller C. A. Hartley stated yesterday afternoon to a Tribune man that he would within the next few days send in a supplementary estimate of revenues for the use of the estimates committee. He has discovered, he says, that there will be a considerable amount of funds received turing the coming year in excess of the \$323,000 which he estimated at first A source of income which has so fa een entirely overlooked, he says, is the poll tax of \$1 on every taxable in the city, the power to impose which is contained in the ripper bill. There are, according to the triennial assessment just completed, approximately \$26,000 taxables, or males over twenty-one ears of age, in the city. On this basis the amount of money which would be received from this tax would be \$26,000

The tax which this poll tax supplants is the tax on occupations. This has approximated during the last two or three years about \$13,000 per annum. The increase, therefore, in this purticular item will be just \$13,000, the deputy controller estimates.

He considers that the revenue from iquor licenses, if the Vaughan bill fails, will be considerably in excess of his original estimate of \$72,000.

NUMBER OF LICENSES.

Mr. Hartley is not inclined to believe that 112 licenses will be taken out at a fee of \$1,100, though those are the figures of Charles Robinson, whose agents are said to have made a canvass of all the saloonkeepers in the city. He does believe, however, that ninety-five or a hundred will be taken out. Estimating one, the city's revenue from this source would amount to \$90,000, the city getting \$900 from every license. This would be an increase of \$18,000

IT IS THE WAY YOU USE IT.

It's the Method Employed Which

Makes Success or Failure. One man with pen, ink and paper an produce a landscape, another man with same pen and ink may not be able to write his own name legibly. It is all in knowing how.

It is equally true in the use of medicines. The same remedies we have toyears, but if their existence was known the knowledge of how to use them was lacking

They became valuable to the human race only when experiment and science showed the way to use them to get results.

The grip is an old disease with new name; it is really catarrhal in character and the usual symptoms are hose of acute catarra, but the old time catarrh powders, salves and sprays do not cure it, neither does the application of antiseptics through an inhaler give anything more than relief for a short time.

The antiseptics are all right; they will kill the germs of catarrh and grip if they are applied rightly, but their iccal application to the nose and throat avail little because the germs are in the blood and through the whole sys-

Stuart's Catarrh Tablets contain many of these same antiseptics, that are used in sprays and inhalers, but instead of applying them to the inflamed membranes of the none and throat, they are taken into the stonyach and thus reach the blood, the real scat of the dis-ase and drive out the irfectious germs through the natural channels of the bowels and kidneys. In other words Stuart's Catarrh Tabets reach the cause of the mischief,

The remarkable success of these tablets in curing grip catarrh and throat and lung troubles is because they drive the catarrhal poison from the system and the nose and throat become clear of the excessive secretion of mucus, which causes the hawking, spitting and gagging, because the secretion is not supplied from healthy blood. Two years ago, Stuart's Catarrh l'ablets were unknown but today have become so popular through positive merit that druggists everywhere in

instead of the merely local symptoms.

Britain now sell them. ed to the \$13,000 increase on poll tax. would make a total of \$31,000. This amount, the deputy controller says, will give the estimates committee a little more leeway.

FOUR DIVORCE CASES.

Testimony Heard Before Judge H. M. Edwards in Chambers-Stories That Were Told.

Before Judge H. M. Edwards, in chambers yesterday, testimony was taken in four divorce cases by Attor-

ney M. J. McAndrew. Mrs. Louis C. Phillips said she was married to Joseph Phillips on November 24, 1897. She is the daughter of Mr. and Mrs. Simonson, of Scranton lake, and after her marriage lived with her husband on Maple and Olive streets. She alleges that he would come home drunk and throw things at her, and that once, when she was ill, he pulled her out of bed and kicked her. She was so seriously injured that for a month she was under a physician's care. Her testimony was cor-roborated by Dr. Knedler, of Elmhurst: Arthur Finch and Benjamin

Simonso Mrs. Annie Humphreys told of having been married to Alfred H. Humphreys on October 16, 1895, by Rev. Newman Matthews, of North Scranton, In May, 1896, they went to Wales, and while there her husband deserted her and said he would never live with her again. He paid her passage to this country, where in October, 1896, a child was born to her which subsequently died. Her husband wrote to her saying he would not live with her, and these letters she produced vesterday. Since leaving her he has not contributed a cent to her support. Richard Richards, Mrs. Annie Humphreys and Thomas Reese gave testimony that was corroborative of the story of the

Charles Jones, a barkeeper at Edward Horn's Franklin avenue hotel, testified that in the fall of 1891 he was married by Alderman Williams, of this city, to Sarah Jones. In 1894, while he was at work, his wife left the house, and he has never seen her since. The witnesses called to substantiate Jones story of desertion were George Wylle,

Charles Zang and D. C. Hunter. Mrs. Mary S. Week, who is now living with her mother, Mrs. Barbara Hartman, of 856 Capouse avenue, said she married George S. Weed, a coachman, at Binghamton, N. Y., July 24, 1893. He did not support her, and they separated several times, and finally parted company for good on April 1. 1898. Since then she has supported herself by sewing.

NEW WEATHER MAN.

F. H. Clark, of Binghamton, N. Y., ho comes to take charge of the local weather station, arrived in this city at midnight. W. E. Donaldson, who has een in charge here for several months past, will leave for Binghamton on Tuesday next, where he charge of the station there.

FIRE IN BELLEVUE.

A fire in the barroom of the Broadway hotel in Bellevue, owned by Patrick Maloney, caused an alarm to be turned in from Box 43. The Eagle and Columbia companies responded and kept the blaze confined to the ground floor. The damage done was not very

NO MEAT ON SUNDAY.

The Butchers' union, at a meeting held during the early part of the week, decided to request their employers to keep closed on Sunday mornings. The request was presented, and official notice has been given that butcher shops will be closed on the Sabbath in the future.

THE CITY'S DEBT.

Deputy City Controller C. A. Hartley is finishing the debt statement, which he was directed by councils to prepare for R. L. Day & Co. It shows the total net indebtedness to be \$431. 551.79, as compared with \$435,477.95 on April 1 last.

Krause's Cold Cure.

that the latter number is the correct For colds in the head, chest, throat or any portion of the body, breaks up a cold in 24 hours without interruption to work. Will prevent colds if taken when first symptoms appear. over the ariginal estimate, which, add- | 25c. Sold by Matthews Bros.

BREAK IN THE

HARVEY BROS. SETTLE WITH FOREST CITY GIRLS.

An Amicable Adjustment of Grievances Was Yesterday Arrived at and Work Will Be Resumed Monday Morning-Strike at Harvey Bros', Mill in This City Is Also Expected to Be Declared Off-Strikers Are Circulating Petitions Among Business Men.

As the result of a conference held yesterday between "Mother" Mary Jones, Superintendent Joseph Harvey of Harvey Bros. Silk Manufacturing company and the girl employes of the Forest City mill, the grievances entertained by the strikers at that plant were adjusted, and Monday morning between forty and fifty girls, who constitute the full force of employes, will return to work.

Negotiations for a settlement have been on for some time, and the successful issue of the strike at Forest City is expected to result in a settlement of the trouble at the company's plant on South Washington avenue. Three hundred girls are out there, and if they return to work it will probably mean the end of the entire strike movement. They were the second body of em-

ployes to go out, and their union is recognized as one of the strongest affiliated with the strike movement. Mother Jones met Mr. Harvey yesterday morning at the Forest City mill. The full force of girls was present, and on Superintendent Harvey asking to hear their grievances, various of the girls responded.

OF A PETTY NATURE.

The difficulties existing were alivef a petty nature, and easily adjusted. The wage scale presented differs essentially from that made out by the strikers' executive committee, the demands not being as high, as the girls employed the United States, Canada and Great are younger and less experienced than those at the central city mills.

The wage finally adopted was a medium between the old scale and that proposed, and was exceedingly satisfactory to the strikers. Joseph Harvey, in discussing the matter with a

Tribune man yesterday, said: "Negotiations are now on for a scitlement of the strike at our city mill, and we are hoping to soon have all our difficulties settled. I am of the opinion that if our girls return to work, the strike will be over in two weeks, and all of the mills will be again in full blast.

At a meeting of the strikers' executive committee, held yesterday morning, a petition was drawn up to be circulated among city business men. In this, those whose signatures are to be attached signify their appreciation of the justice of the strikers' demands and suggest arbitration.

The weavers of the various mills

have also issued the following grievances for the consideration of the superintendents: WEAVERS' GRIEVANCES. We ask to be advanced one cent per yard o all qualities of silk; also on crepe, over the price we received before the strike. We also ask to be allowed to measure our silk. We do not want our silk to be reduced whenever it is

convenient to the foreman. We would like to

'clock noon on Saturdays. We also want scat on which to rest when eating our dinners All wish a person deputized to allow employe o go to their homes when ill, and not be obliged o ask permission from the foreman. No girl is obliged to learn a new hand until conpensated for the time lost. We want pay or weaving samples and for fixing smashes, 2 cents per hour. We want pay while waiting for warps if the time exceeds two days, according to what we weave on one loom. No girl i The girls also recove to work unless the mills are properly heated in winter time, especially the old mill. A new wash room proper

paraphernalia is also requested. A special committee was busied during the afternoon circulating this petition among prominent citizens. Another outbreak yesterday occurred at Bliss' North Scranton mill. Stones were thrown at the building and threats and abuse shouted at the workers. No deeds of actual violence

occurred, however,

STRIKERS ARRESTED. Katie Barrett and Nellie Deacle, two silk mill strikers, of Dickson City. were arrested yesterday at the instance of Miss Anna Evans. Miss Evans is a forelady at the Bliss mill at Dickson City, and had just alighted from the train and was on her way to the mill yesterday morning, when, she alleges, a crowd of fifteen or twenty strikers accosted her. She insisted on continuing, and she claims the crowd set upon her, pulled her hair and clothing, hurled eggs and other missles at her, and generally maltreated her, not to say anything of the disturbance created and the disagreeable terms ap-

plied to her. Kate Barrett and Nellie Deacle she singled out as the leaders of the mob, and swore out warrants for their arrest before Alderman Howe. They were arraigned before him late yesterday afternoon, but the hearing was continued until Monday.

CHURCHES AND SOCIETIES.

Those Intending to Hold Excursions Must Act Without Delay.

Lake Lodore has not only the charm of novelty; it exceeds in natural beauty any of the old excursion resorts. The ride to the lake, overlooking vast stretches of surprisingly beautiful scenery; the grove, with its densely shaded drives and walks, smooth and dry as asphalt, its white booths and balcony-encircled dance pavilion, its fine springs and rustic bridges; its carousel and varied other attractions the ball ground set with Spalding bases, and the lake itself with its charming scenery, its broad surface and quiet nooks and coves, explored by handsome launches and a great fleet of row boats-all these things render

Lodore a summer paradise. Then, too, rates to churches and societies are lower than rates to many other resorts. In short Lodore is at the most pleasure-giving and most profit-reaping place for excursionists in this region. Dates are be ing filled rapidly and organizations intending to go should apply without delay at the Luckawanna avenue depot H. W. Cross, Divison Passenger Agent, Delaware and Hudson Railroad.
