MEETING OF MACCABEES

REPRESENTATIVES GATHERED IN THIS CITY.

They Elected Delegates and Alternates to Attend the Annual Convention, to Be Held in Eric Beginning June 8-Meeting Was Presided Over by Sir Knight C. S. Watson, of Williamsport-Entertainment for the Visitors After the Convention Was Closed.

Piffy-two delegates from as many tents of the Knights of the Maccabees in the Twelfth district, comprising the eastern part of Pennsylvania, met yesterday afternoon in Guernsey hall and elected seven delegates and seven alremates to the state convention which will be held in Eric beginning June 8.

The session began at 2 o'clock and lasted for two hours. It was presided over by Sir Knight C. S. Watson, of Williamsport, past great commander, while W. G. Forster of Williamsport

The only business transacted was the obtain of the delegates and alternates. There were sharp contests and the balloting was very close. The delegates closted were as follows: Frank Witcox, of Lonex; W. J. Potster, of Willsbaneport; E. C. Smith, of Philadel-phia J. S. Till, of Repoya; W. H. Varor, of Honeschoic; E. L. Tallman, of Clark's Sommit, and C. W. Longway, of Picture Rocks.

The following alternates were chosen; 11. W. Hunt, of North Hend; Dr. J. W. Marsteller, of White Bayen; W. H. Orchard, of Scranton: R. G. Thomas, of Ashley: C. W. Clemell, of Wilkes-Barrer Harry Brown, of Dorranceton:

 H. Grass, of Washingtonville, thest night, between the hours of 7.30 and 8.5c, an informal reception in honor of the visiting delegates was field in successly half. The eigers were passed and a pleasant social hour was en-At \$30 those present remained to the handsome club house of Ruights of Columbus, on North Washington avenue, where an excellent progreature Arranged by the local conmittee was given.

An address of welcome was made by Hon, John C, Parr, and was gracefully responded to by Clarence F. Hughes, d Shaneskin. Short addresses upon the principles of the organization were made by Dr. J. W. Marsteller, of White Haven: Great Record Keeper W. E. Claney, of Oil City, and Past Great Commander E. S. Watson, of Williams-

The other features of the programme were given under the direction of Miss Wilbur and were very well received. They included several soprano solos by Mrs. John Williams, recitations by Miss Slocum and dramatic posturing by Miss Farnham, a young lady of

singular beauty and grace.
The committee from the local tents, which had the arrangements for the gathering in charge, was composed of the following members: Chaleman, Dr. P. J. C'Hata: F. W. Wells, Ell Longacre. William Orchard, D. B. Anthony A. J. Mulderig and M. J. Bafferty.

INDUSTRIAL JOTTINGS.

Six of the New Lackawanna Passenger Locomotives Have Arrived and Are Now in Service.

Six of the new Lackawanna railroad assenger engines from the Schenectody Locomotive works, have arrived and are now in service, and all are giving excellent satisfaction. Two morare expected today and tomorrow.

Eleven of the fourteen switch engines sdered by the company from the Dick on Manufacturing company have been delivered, and all are considered Crackviacks by the company and employes The remaining three will be finished soon and run into service.

Meeting of Advisory Board.

A meeting of the advisory board of the striking Carpenters' union was held last night in the office of the association's business agent, O. S. Lutz. A number of plans of action for the settisment of the strike were discussed, and several mebers of the board expressed themselves as violently opposed to returning to work on any terms providing for their co-operation with the "Good Mechanics Club."

They claim this is made up of ea the beginning of the strike.

Today's D., L. & W. Board. The make-up of today's D., L. and W. board is as follows:

This and That.

Aft of the available Lackawanna engines are now in service, there being a regular demand for them on account of increased coal and freight traffic. L. P. Foley, superintendent of telegraph on the Lackawanna railroad, returned to New York last evening after

a conference with the local officials. The Brookside washery at Avoca has ceased operations, all the culm banks purchased by L. A. Watres, of Scran-ton, having been screened and scarcely a vestige remains that would remind one of the first coal mine at Avoca. The washery employed (wenty-two men bonns count) this quit, rarching for some me

Health by exercise is one of the sanest of modern fads. It is really a recognition of one of the necessary laws of health from which we, in modern life, are always prone to drift away. When each man provided for his own individual needs, he had to till the ground, to hunt, to earn his bread literally by the sweat of his brow, and all this exercise made for health. Now-a-days, when there is specializa-

tion of labor, it falls to the lot of many a man and woman to work in store or office and to take no exercise save what can be taken between the store and the dwelling or on Sundays and rare holidays. For this reason there is sound sense in the attempt to supply artificially the exercise which cannot be obtained naturally-to toughen the muscles, and expand the chest. It is never to be forgotten, however, that gymnastics or calisthenics are artificial, and while they will promote health can rarely be counted on to produce it. If the heart, lungs, liver, kidneys, or stomach, are "weak," it can hardly be expected that exercise will strengthen them. But once cure diseases which weaken the body, and then exercise will do much to preserve the restored health.

One chief obstacle to the use of physical exercises for the promotion of health is that the people who most need exercise cannot be persuaded to practice it, or persist in it regularly. They are weak, run-down, nervous, and the very effort which exercise calls for discourages them. Then, also, the physical enervation they feel has its corresponding mental enervation and there is almost a total lack of ambition. It is to people such as these that Dr. Pierce's Golden Medical Discovery comes as a means to the re-establishment of health. It heals the diseases of the stomach and other organs of digestion and nutrition, purities and enriches the blood, and enables the building up of a sound, muscular body from the nutrition derived from food perfectly digested and assimilated.

"I feel it my duty to let you all know that I have recently advised a young gentleman, who was suffering badly with kidney and bladder disease, to try your 'Golden Medical Discovery,' writes Frank Starts, M. D., of Flatonia, Fayette Co., Texas, "He bought four bottles from our druggist here, and after he had used the first bottle he began to improve. Sometimes he was unable to walk ten steps, now he can ride a horse without any pain in his back, and looks as well and sound as a young boy. His age is only 28. He has suffered for nearly three years, and several other doctors called the case in-curable, but I had confidence in Dr. R. V. Pierce's Golden Medical Discovery, and now I have been offered one hundred dollars several times for my kind advice, but I would not accept it because I want everybody to know what Dr. Pierce's.

famous medicine can do. "This testimony is absolutely true, and the reason I haven't mentioned the young man's name is because he does not want to have his name published."

The cure of this young man by the use of "Golden Medical Discovery " serves to enforce the proposition made in the beginning of this article, that health by exercise is impossible when certain diseases exist. A man who can "hardly take ten steps" is certainly incapable of active exercise.

More common, perhaps, than kidney disease, and often associated with it, is some disease or disorder of the liver. The following letter exhibits a specimen of the cures of "liver complaint" which have resulted from the use of Dr. Pierce's Golden Medical Discovery.

"I sent you a letter about a year ago," writes Mrs. I. Ellis Hamilton, of Farmington, Marion Co., W. Va. "I stated my case as plainly as I could, and received a letter from you in a few days telling me to use Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription'—a bottle of each. I used three of each, and feel like a new woman. Don't suffer any pain or misery any more. Before using your medicines I suffered all the time—had jaundice, caused from food not digesting properly. I would have sick headache three and four times in a week, and jaundice every four or five weeks. Could not do the work myself. I commenced using your medicines as recommended for liver complaint, and I am cured now. I asked our doctor it he couldn't cure me, and he said he could give me medicine to help me, but the trouble might return anytime. I doctored three years without any elief, only for a short time and then I Haven't had sick headache since I took the first bottle of

It is often the ease that "weak" heart, torpid liver, kidney "trouble," and other diseases have their cause and origin in the diseased stomach. When the stomach is cured by the use of "Discovery," the other diseases are cured with it. When the cause of disease is removed, the effect stops.

If the dealer offers a substitute for "Golden Medical Discovery," remember that the sole motive of substitution is to enable him to make the little more profit paid by the sale of less meritorious preparations.

YOUR HEALTH can be preserved by the use of preserved by the Pierce's Commun Senso Medical Advisor tells what means to use. This work contains 1008 large pages, and is sent FREE on receipt of stamps to may expense of mailing OMLY. Send 31 one-cent stamps for the cloth-bound volume or only 21 stamps for the book in paper-covers.

Dr. R. V. PIERCE, Buffalo, N. Y.
