POLICE MAGISTRATES WILL BE - IMPORTANT OFFICIALS.

Almost All Crimes, Excepting Those Triable in Over and Terminer Court, in Which the Arrests Are Made by the Police, Can Be Disposed of Finally by Police Magistrates-Means a Big Saving to the County in the Matter of Quarter Sessions Court Expenses.

Just what the dutics and powers of police magistrates are does not seem be clearly understood here as yet. Dwing to the mass of other and more mportant matters to be dealt with. this question has been allowed to stand unsolved. It is now claiming attention, however, and the city authorities will move at once to come to a definite understanding of the matter.

The Muchlbronner act provides that the police power of taking informations, making arrests and preserving the peace, heretofore vested in the nayor, shall vest in the city recorder and five police magistrates, all of hom shall not be of the same politial party, to be appointed by the reorder, subject to the approval of the elect council, in such districts as shall y ordinance be designated, whose erm of office shall be during good be-

havior and until a successor shall be appointed and approved, the police mugistrate to have all the powers and erform the duties given to and precribed for said officers by existing aws for cities of the class aforesaid: The recorder has appointed five po ice magistrates, but further than this

ature of the act into effect. An orlinance fixing their salaries and designating their districts was introduced a the old councils, but allowed to die committee. It is now necessary to reintroduce this ordinnance, and some claim it is also necessary to amplify s provisions to a large extent.

WHAT THE ACT SAYS. The act of June 10, 1891, which is he second class city act governing police magistrates, reads thus in Section 4:

The said police magistrates shall likewise have full and complete power, jurisdiction and author-ity to administer oaths and examine witnesses, ad hear, determine and punish, according b he laws and ordinances of such city, all case of arrests upon view, or upon information made and warrant issued, by the police of the city, in which such police magistrate may reside or b appointed, of all persons who may be found en gaged in or be charged with drunkenness, disor derly conduct, selling lionor contrary to law maintaining a disorderly house or bawdy house level, indecent or laseivious behavior on the streets or elsewhere, gambling, creating riots o

disturbances, vagrants, beggars, prostitutes, dis turbers of the public peace, known or reputed pickpockets, burglars, thieves, watch stuffers, loating, swindling, persons who abuse their families, and suspicious persons who can give no reasonable account of themselves, or violating any of the laws or ordinances of such cities.

"Shall determine and punish according to the laws and ordinances of such city, all cases of arrests $\circ \circ \circ \circ$ by the police $\circ \circ \circ \circ \circ$ of all persons charged with $\circ \circ \circ \circ$ burgiary, etc., ete."

Scranton has no laws or ordinances dealing with the crime of Lurglary. It has an ordinance dealing with illegal liquor selling. As a city of the thirl
