#### HOPBOTTOM.

Special to the Scranton Tribune Hopbottom, April 15 .-- An excellent programme was rendered at the school emmencement, which occurred Friday evening. The music for the occasion was furnished by Messrs. Conrad and Bisbee, who gave some most pleasing selections on the violin and cornet, with Mrs. E. M. Tiffany as accompanist; Mr. Glenn Marsh, Factoryville, who delighted the au-dience with his banjo selections, and Mrs. Tiffany and Mrs. Carpenter, who sang a very pretty duet.

The work of the pupils from all departments of the school was highly burn, who died at Elk Lake on April commendable. From the primary dechurch in this place this afternoon at little tots appeared as nurse women, o'clock. Rev. Charles Smith, of New | was both quaint and pretty, and "Up-Milford, officiated. Her entire family, side Down," in which the performers appeared to be walking on their heads, was extremely funny. From the intermediate department the Milk Maids drill was a tine example of grace and Binghamton, N. Y.; George S. Doloway, beauty, and showed excellent training. From the high school department there were excellent recitations by Misses Kate Maher, Edna Brown and Mabel Jeffers, besides the essays of the graduates. They, of course formed the enter of attraction. Miss Kathryn McNulty read an essay entitled "Over the Alps Lies Italy," which was nicely written, picturing Italy as typical of the realm of success beyond the mountains of difficulty. Deborah Davis' essay was a comprehensive sketch of the life of Queen Victoria. Stanley Kerr's oration, entitled, "Westward Ho!" showed considerable knowledge of the problem of civilization, with which our country is struggling.

The production of the graduates was

followed by a short address by Prof. Elkanah Hulley, of Keystone academy, to which the audience listened with much interest. The graduates then received their diplomas, and another year of school work was declared complete.

BONDS. New York, April 15.—It was plainly to be seen today that the influential assemblage of professional operators in stocks who have led the great bull market this year throughout were making an abropt shift from the high priced railroad stocks into the industrial stocks of all grades down to many that are in the stock exchange category of "cats and dogs." Very moyant advances were effected in many of these and the unfailing followed this leadership for many weeks past continued its docile response today. A very notable feature of the market was that profit taking in the railroad list persisted throughout the buoyant rise among the siccialties. But the opening prices in the railroads or those made during the first hour proved to be the highest in very many cases. Builcoad stocks generally show not losses on the day elstiongia an effort was made to support them at the last litting some of them from the lowest, New York Central had receded to 151½ in the last hour and was made to sell on the next and last sale at 152½, the closing hid dropping bedragain to 151½ with 151½ asked. The company entains talent well known in the vaudeville and ourlesque world including Marie Barrison, Lizzie Van, W. E. Browning and others well equipped to amuse.
