More changes took place in the Wyoming conference this year than ever before in its

history. Out of thirty-three charges in one dis-trict, nincteen changes were made. In the Wyoming district alone, one-third of the pas-

tors are "awapping" places. The Oneonta dis-trict was little disturbed.

Dr. Giffin will hereafter have an assistant pas-

NEWS OF THE LABOR WORLD

CARPENTERS' STRIKE SEEMS DRAWING TO A CLOSE.

Most of the Men Who Went on Strike Nearly Two Years Ago Now Employed-End of the Silk Strike Is Apparently a Long Way Off-Improvements That Are Being Made at the Lackawanna Station-D., L. & W. Board for Today-Odds and Ends of Industrial News.

The long drawn out two years' long strike of the master carpenters against the builders' exchange is over in one of the carpenters have now received steady work and there is hardly an idle member of the craft in the city.

As already stated in these columns, all negotiations between the carpen ters and the builders' exchange were recently culminated and the strikers devoted their energies to securing setwith individual builders. Business Agent P. S. Lutz yesterday announced that thirty-two signatures were now attached to the list of those with whom the differences have been adjusted, and among these are four of the largest contractors and builders in the city. The eight-hour day, with a minimum wage rate of thirty cents per hour, were granted the strikers, who, in turn, made various concessions from their original demands.

Of the several hundred men who went on strike but two hundred and twenty-five remain in the city, and Mr. Lutz yesterday announced that the great majority of these now have positions, and that he is experiencing difficulty in finding sufficient men to take hold of the places offered.

The Silk Workers' Strike.

The end of the silk mill strike in general seems as far in the dim distance as ever, and now all overtures for a settlement at Mulherin & Judge's Taylor mill also appear shattered, in spite of the reseate views of the situation which were rife during the last tew days. The executive committee of the local called upon the firm yesterday and acquainted them with the action taken by the meeting of the mill strikers Saturday afternoon.

The girls decided not to return to work, for the present at least, but Mr. Judge, when spoken to by a Tribune man yesterday, did not seem particularly downcast over their decision. "In my opinion," said he, "the end of the strike is near at hand. Our girls have no real grievances and they only went cut, in fact, in sympathy with the other strikers. We have always paid high wages and done the proper thing by our hands, and it is out of the question for us to give any increase. It would be actually impossible for us to pay higher wages than we are already doing.

The central executive committee met yesterday morning in Economy hall and spent most of the day in sending out appeals for aid. The strike treasury has been generously reimbursed by the Paterson silk workers. The latter contributed \$500. Arrangements are now being made for an entertainment and social, which will be given during next week at the Armory. The striking girls of the Simpson mill will meet tomorrow afternoon at St. Joseph's hall, Minooka.

Lackawanna Improvements.

The fence between the east and west bound tracks fronting the Lackawanna railroad passenger station has been removed to make way for changes which are now being made. It has been nec-

will be extensively used on the road in the future. The advantages of these plates are in saving the rails from becoming imbedded in the ties. The plates also furnish an easier road bed for the trains, and obviate any thumping or rocking of the cars while in motion. Two plates are placed on each tie, one un-

PLUMBERS' LICENSES.

Master and Journeymen Plumbers Must Pass Examination and Secure Certificates of Fitness.

All master plumbers and all jourseymen plumbers who desire to engage in the business of plumbing in this city in the future, in pursuance with an order issued yesterday by Director of Public Safety F. L. Hitchcock, must pass a satisfactory examiration before a board of examiners

and must take out a license. The order in question, which is is-sued in accordance with the provisons of the act of June 25, 1895, creates the following board of examiners, to be attached to the bureau of health; Superintendent, W. E. Allen, of the bureau of health; Plumbing Inspector Arthur C. Monies and T. J. Connors, ourneyman plumber.

This board will meet some day this week and, after organizing, will agree upon the questions to be asked and will fix a time for the holding of the examination

The act of 1895 makes it unlawful for any firm, corporation, master plumber or journeyman plumber to engage in the business of plumbing without first taking out a license and makes necessary, as a condition to the granting of this license, the passage of an examination before a board of examiners, such as was appointed by Director Hitchcock. The license fee for a firm or for a master plumber is fixed at \$5 and for each journey-

man at fifty cents. Any firm, corporation, master plumber or journeyman plumber violating the provisions of the act is liable to a fine of not less than \$10 or more than \$50, for each day he or they shall engage in the plumbing business without a proper license. This fine can be collected before any alderman or police magistrate by summary pro-
