FOR AND ABOUT DOCTORS.

The New Cult. There's a wonderful doctor in Gloucestershire town, named Agathe Alice Angelica Brown. But what's in a name? Hath our Shakespeare not said...

Why He Prospered.

A certain man was brought, he died, and he left two sons, honest men. Now, one of the sons was a blacksmith. But the other became a physician. And after that their father had been taken from them, these brothers made their homes in other lands.

When Does the Doctor Sleep?

People forget that the doctor needs rest and sleep as well as his patient. In many cases a person taken sick will suffer all day and the doctor will be called late in the evening, perhaps just after he has retired after a long day's labor.
