NOTABLE SURGICAL OPERATION

Rare Success That followed in the Case of Miss Lizzie Giles.

Miss Lizzie Giles, of Jermy, was discharged from Dr. Wheeler's hospital yesterday. It will be readily recalled that Miss Giles underwent a surgical operation on April 2 at the above hospital for neuralgia on the left side of the face.

delightfully located in Northern Michigan. The Eastern wood company, the makers of the extensively advertised "grape nuts" preparation, has erected a mammoth hotel, at a cost of half a million dollars, and have christened it the "Post Tavern."

SECURED A GOOD ORDER.

Foundry of Lindsay & Walsh Favored by the Dickson Manufacturing Company.

A gratifying circumstance of the growing industrial part of the country is to be found in orders for work that, from time to time, come to firms in this city from leading manufacturers throughout the country.

It was performed what is called "Hartley's operation"—opening the skull at the temple of the affected side, lifting up the brain and sewing the offending nerve close to the brain substance.

She is entirely relieved of the sore distress that was wrecking her life—her recovery having been rapid and uninterrupted.

WEDDED AT ST. ROSE CHURCH.

The Nuptials of Miss Mary Brennan and Robert Marsh Last Evening.

The fifth wedding of the week at St. Rose church was solemnized last evening when the marriage of Miss Mary E. Brennan, only daughter of Mr. and Mrs. John Brennan, of Powderly street, and Robert Marsh, of Jermy, took place.

AN EAGLE'S CAREER ENDED.

Charles McCann Lays Low a Fine Specimen of the Bird Family.

Charles McCann, of Sand street, while out shooting in the woods about the "swamp," yesterday, laid low a fine specimen of the bird family—a big eagle.

TRADES THAT KILL

Stonecutters who work on sandstone seldom live to be more than fifty years of age and nearly all of them die of lung disease due to the inhalation of mineral dust. Another class of workers who succumb to lung troubles are those who prepare feathers for trimmings and ornaments.

These facts and figures force upon our attention the delicacy of the lungs and the other organs of respiration. It is impossible to be too careful of the lungs, and the very first symptoms of weakness in these organs should be at once met and overcome by the use of Dr. Pierce's Golden Medical Discovery.

"Four years ago I had a bad spell of sickness," writes Mrs. Mollie Jacobs, of Felton, Kent Co., Del. "I was taken with a terrible cough; coughed and spit blood until I grew weaker every day; had chills and night sweats; not much appetite; bread tasted like dry wood or no taste at all. I had three doctors in during the time I was sick; they all told me I had consumption. I am of a consumptive family—my father and one brother having already died with it—so I thought I must go the same way. I was in a terrible state of health, and my mind was worked up considerably. I thought I must die soon, but I did not want to—I wanted to live to care for my little children until they were able to take care of themselves. About that time a friend of mine advised me to try Dr. Pierce's Golden Medical Discovery, and so I did. The first bottle did me good so I kept on taking it. Too sixteen bottles altogether, and I believe that God and Dr. Pierce's medicine saved my life. When I commenced to take the medicine I could not pump a bucket of water and could only carry half a bucketful. Was so weak I could not sweep a floor with a carpet on it; in fact, could hardly walk. Since taking Dr. Pierce's medicine I have done the washing and all the work for five in my family; picked berries and worked in a canning factory. Any invalid wishing to know about my case may send a stamp for return reply and I will answer."

It is agreed to-day by physicians that consumption is not inherited, but is communicated from one person to another. It is, however, true that in some families there is a tendency to lung weakness, which greatly increases the liability of its members to that dreaded disease. The use of Dr. Pierce's Golden Medical Discovery by those who have "weak" lungs, will result in the strengthening of these organs, and enable them to resist or throw off disease. "Golden Medical Discovery" cures deep-seated coughs, bronchitis, bleeding of the lungs and other forms of disease which if neglected or unskillfully treated may find a fatal termination in consumption.

"I cannot speak too highly of Dr. Pierce's Golden Medical Discovery," writes W. S. Long, Esq., of Frankfort, Sussex Co., Del. "After recovering from a spell of pneumonia, I was taken with a terrible cough, and nothing seemed to do me any good until I began taking the 'Golden Medical Discovery.' Before I took the medicine I was very weak and nervous, with no appetite, and could not sleep at night, and my friends felt sure that I had consumption. Before taking one bottle my appetite improved greatly, and after taking four bottles I was completely cured. I think there is no medicine equal to Dr. Pierce's Golden Medical Discovery, and strongly recommend it to all similar sufferers."

If you are suffering from an obstinate, lingering cough, if your lungs are "weak" or delicate, or if you have developed lung trouble, and are weak and enervated, you may take Dr. Pierce's Golden Medical Discovery with the assurance that in scores and hundreds of cases like your own the use of the "Discovery" has resulted in a perfect and permanent cure. Persons suffering from disease in chronic form are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

VALUABLE MEDICAL WORK FREE! Dr. Pierce's Common Sense Medical Adviser contains more than a thousand pages of information and advice, and has over 700 illustrations. It tells the plain truth in plain English. It treats of biology, physiology and hygiene in a common-sense way. It tells what to do when accidents happen and how to do the right thing at the right time. This great work is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for this book in paper-covers. Address: Dr. R. V. PIERCE, Buffalo, N. Y.
