

CHINESE ARE RE-APPEARING

Regiments That Retired Beyond the Great Wall Have Bobbed Up at Another Point.

HEAD OFFICIALS WARNED

It Is Pointed Out That the Immediate Retirement of the Chinese Troops Is Necessary—The French Force Is Ready to Renew Operations, but Has Been Ordered to Await the Result of the Imperial Edict—Notices Posted in the Night Calling on Patriotic Chinamen to Rise May 15 and Expel All Foreigners.

By Exclusive Wire from The Associated Press. Peking, April 26.—The Chinese regiments which retired beyond the great wall have reappeared at another point within the international area. Strong representations have been made to the Chinese plenipotentiaries in regard to the necessity for their immediate retirement. The French force is in readiness to renew the operations, but has been ordered to await the result of the imperial edicts.

The Chinese are wondering if the imperial commission appointed by an edict, instead of April 25, to inquire fully into the question of reforms, really means the relinquishing of absolute power, or whether it is merely the formation of privy councils. Notices in Chinese were placarded during the night calling on patriotic Chinamen to rise May 15 and expel all foreigners. Young Lu Ting, the censor of Chi-Li province, has memorialized the throne to return to Peking as soon as possible, in order to pacify the people, who are looking eagerly westward for their emperor's return. The censor is certain there is no danger, and if the emperor is doubtful he can return as far as Kaifung-tu, where he can better examine the conditions and arrange for the foreign evacuation. But, he adds, an early date for his majesty's return should immediately be issued.

The sixteen Krump guns and sixty-seven carts of ammunition captured by the British near Shan-Hai-Kwan, are in excellent condition. An Indian native officer, who made the capture, was offered two carts of silver if he would not take the guns and say nothing about them.

Flag of Chang Chung.

Washington, April 26.—The war department has made public the original flag in China by General Chaffee, which contained a letter from Secretary Root. This letter was an acknowledgment of the receipt of the flag of Chang Chung Fa, commander of the province of Hunan, captured by Troop L, of the Sixth cavalry, at Chang Ping Chiao on Sept. 4, 1900. In the letter Secretary Root said: "In the progress of the recent history of the Sixth cavalry, entitled 'From Yorktown to Santiago,' Lieutenant Colonel Carter said: 'It may be necessary to amend the title to read 'From Yorktown to Peking.' 'I congratulate the Sixth cavalry upon the accomplishment of this process, and I particularly congratulate Troop L upon the gallant and early service through which, as a part of the China relief expedition, it has added to the laurels of this famous regiment.' General Chaffee directs that the original copy of the secretary's letter be preserved in the records of the troop."

BOXERS ON THE WAR PATH.

A Band of One Thousand Operating Near Pao Ting Fu.

By Exclusive Wire from The Associated Press. London, April 27.—The Reuter Telegram company has received the following dispatch from Peking, dated yesterday: "A band of 'Boxers' estimated at a thousand, is operating twenty miles south of Pao-Ting-Fu. It has raided three villages within a week, and threatens to massacre the Christians in that vicinity, many of whom have fled to Pao-Ting-Fu for refuge. 'In the Man-Cheng district, northeast of Pao-Ting-Fu, another strong band is committing depredations, and has announced its intention to attack the city of Man-Cheng, where there is a post of twenty German soldiers. 'Even Pao-Ting-Fu, since the town was practically denuded of troops by the expedition to the Great Wall, is not wanting in evidences of serious unrest among the more disorderly elements of the population.'"

FEATURE OF FORGERIES.

Book Containing Blank Stock Certificates Used by Hadley Jones.

By Exclusive Wire from The Associated Press. Litchfield, N. Y., April 26.—A startling feature of the series of forgeries said to have been committed by ex-Mayor Hadley Jones, of this city, was disclosed here today, when Jones' safe was opened by an expert. In the safe was found a book containing blank stock certificates of the National Herkimer county bank of this city. Seventeen of the certificates had been used, and several of the remaining certificates had the name of William C. Milligan, president, and Albert Story, cashier, forged thereon. It is believed by the police that most of these forged certificates were put as collateral for loans negotiated at various banks throughout the country. The amount of stock issued will not be known until the banks make reports, but it is estimated here tonight that the total will be at least \$7,000. The National Herkimer County bank is the largest institution of its kind in this county. Jones' wife, who is also missing from the city and is believed to have joined him, was a stockholder in the bank, and Mr. Story, the cashier, whose name was forged to the certificates, was her uncle. Jones got one of her certificates and had a new stock certificate book printed by a Buffalo printing firm.

BUSINESS CONTINUES TO BE VERY BRISK

Situation in Trade as Viewed by Dun's Weekly Review.

By Exclusive Wire from The Associated Press. New York, April 26.—E. G. Dun & Company's Weekly Review of Trade tomorrow will say: "Business continues very brisk for the season in the face of some drawbacks which at times might cause marked hesitation. Chief of these is the floods in many directions. The weather all over the east has been adverse to an increase of retail trade. Bulk dealings, however, show that while speculation has been heavy, there must have been a well sustained volume of legitimate business, for the gains are 14 1/2 per cent over 1900 and 18.9 over 1899 outside New York and 16.9 per cent over 1900 and 14.0 over 1899 at New York."

Thousands are out of work here and up the valley, but most of them will resume Monday.

BIG REVOLT IN ALGIERS

Troops Have Been Sent to Quell the Disturbances in Millanah.

EUROPEANS ARE KILLED

The Village of Marguerite Looted. On the Arrival of the Troops the Rebels Were Repulsed—They Fleed to the Mountains—Battalion of Zouaves Leaves Algiers for the Scene of Trouble—Rebellion Solely for Pillage.

By Exclusive Wire from The Associated Press. Algiers, April 26.—The natives broke out in revolt today, near the town of Millanah, in Oran province. The deputy administrator of the province and some native horsemen are reported as prisoners with the rebels. A Spaniard has been killed, and the village of Marguerite was looted. On the arrival of the troops the rebels were repulsed and fled into the mountains. One of the soldiers was killed, two officers were wounded. A battalion of Zouaves left Algiers tonight, and a squadron of chasseurs from Blidah and Orleansville will repair to the scene of trouble tomorrow morning. Lieutenant Colonel Lere will command the column. The rebellion is solely for pillage and has no political aspects.

CAUSE OF JAPANESE FAILURES.

Balance of Trade Greatly Against the Mikado's Kingdom.

By Exclusive Wire from The Associated Press. London, April 26.—The London managers of the Yokohama Specie Bank and the Hong Kong and Shanghai Banking corporation say they do not fear that anything serious will develop from the bank failures in Japan, announced yesterday in a dispatch from Yokohama. The majority of the banks involved are very small concerns, with a capital of not more than \$5,000 or \$8,000 apiece. They are more in the nature of money-lending institutions than banks, and, apparently, only the Japanese themselves are involved. Some trouble has been expected for a long time, owing to the stringency of money in Japan, which now costs about 15 per cent. That it is believed is due to the present balance of trade being so much against Japan, the imports greatly exceeding the exports. Some relief is hoped for the additional facilities authorized by the new Japanese budget.

By Exclusive Wire from The Associated Press. PORTO RICANS TO GOV. ALLEN.

They Fear That Some One Has Imposed on Him.

By Exclusive Wire from The Associated Press. New York, April 26.—The Porto Rico commissioners now in this city have written to Governor Allen requesting him to furnish them with a list of the names of the several hundred alleged business men of Porto Rico who are said to have signed a memorial congratulating him upon the success of his year's administration. The commissioners have been led to make this request because among the signers of their credentials is every business house of any importance in Porto Rico, and the list of names is so long that it is impossible to verify the genuineness of the signatures. The commissioners are being misled as to the character of the signers, where the tenements, as well as business interests, have suffered. On the Kentucky side, from Covington, through Newport, Bellevue, and Dayton, the situation is equally distressing. Thousands are out of work here and up the valley, but most of them will resume Monday.

HEAD JERKED OFF BY HANGMAN'S ROPE

"Black Jack," a Train Robber, Is Executed at Clayton—A Confession Calculated to Free Innocent Men.

By Exclusive Wire from The Associated Press. Clayton, N. M., April 26.—Thomas E. Ketchum, alias "Black Jack," the train robber, was hanged at 121 p. m. today. The rope broke, but the fall jerked Ketchum's head off. He was the most noted desperado of the southwest for many years, and although he was credited with having taken the lives of some of his fellow-beings, his execution, set for noon today, was for an attempted train robbery in which nobody was killed. This crime was committed near Polson, N. M., August 16, 1899. Single-handed, Ketchum held up a Colorado and Northern passenger train. He ordered the engineer and driver to stop the train, and he and his partner opened fire. Ketchum received the contents of a double-barreled shotgun in his right arm, but quickly changing the rifle to his left shoulder, he succeeded in wounding both conductor and mail agent. He was captured the next day, tried and given the extreme penalty. Ketchum mailed a letter to President McKinley this morning, in which he says: "Standing in the presence of death, where no human aid can reach me, I desire to communicate to you some facts which may, perhaps, be the means of liberating innocent men. There are now three men in Santa Fe penitentiary serving sentences for the robbery of the Arizona mail at Stein's Pass, Arizona, in 1887, viz.: Leonard Albertson, Walter Huffman and Bill Waterman, and they are as innocent of the crime as unborn babes. The names of the men who committed the crime are Dave Atkins, Ed. Bulfinch, Will Carver, Sam Ketchum, Broncho Bill and myself."

GERMAN DISASTER.

Another Explosion at Griesheim Causes a Panic—Soldiers, Firemen and Inhabitants Flee to Frankfort.

By Exclusive Wire from The Associated Press. Frankfort-on-the-Main, April 26.—Fire broke out again today in the ruins of the electro-chemical works, near Griesheim, the scene of yesterday's disaster, and the explosion of a great benzine reservoir at 11 o'clock, and the imminent danger of further explosions, caused a panic in the vicinity of the works. Orders were issued that every one in the village of Griesheim and its neighborhood should vacate their premises, and the inhabitants fled with such possessions as they could hastily collect, most of them coming to Frankfort. Even the firemen, salvagers and soldiers left the scene. During the night a number of women and children were thrown down and trampled under foot. The railroad service to Griesheim is suspended on account of the danger to passing trains. It is believed that the list of dead in yesterday's calamity will not be as large as at first reported. Eighty bodies had been recovered when work at the ruins was suspended at 11 o'clock. About 150 persons were injured, some seriously, and many are still missing. Some reported missing have been found.

PLAN TO CAPTURE DOWAGER.

Col. Marchand, of Fashoda Fame, Wanted to Emulate Funston.

By Exclusive Wire from The Associated Press. Paris, April 26.—Colonel Marchand, who, as Major Marchand, of the French army, won distinction at Fashoda, Africa, in 1898, and who is now with the French expeditionary force in China, formed a scheme, the Gauls say, to capture the dowager empress of China and her entire suite, by methods similar to those by which General Funston captured Aguinardo. The ministers of the powers would not consent, however, to the scheme being carried out. As China is supposed to be at peace with the powers, the reasons for the ministers' objections are obvious.

THE CUBANS ARE SATISFIED

General Pedro E. Betancourt, One of the Influential Delegates, Is Interviewed.

THEIR REAL MISSION

A Mistake to Suppose That the Cuban Commission Came to the United States for Any Other Purpose Than to Study the Question of Relations Between the United States and Cuba—No Intention of Making Demands of Any Nature.

By Exclusive Wire from The Associated Press. Washington, April 26.—General Pedro E. Betancourt, one of the most influential members of the Cuban delegation, was seen by an Associated Press reporter today, and, in response to inquiries as to the purpose of the visit and the impressions which the delegates have obtained. "It should be understood," said General Betancourt, "that we are here for the purpose of studying the entire question of the relations between the United States and Cuba, more particularly as presented by the Platt amendment, but it is a mistake to think that we have presented any proposition, or that there is anything thus far beyond an effort to learn the views entertained by the authorities here on the many points involved and at the same time to convey to them views held by the convention which we are here to represent. We are not clothed with any plenipotentiary powers and cannot present plans which occur to us. For the purpose of the visit, we think that in the discussions which have occurred there is anything like: 'You give us this and we will give you that.'"
