SOLICITOR TO CONTROLLER.

No Liability Should the Latter Countersign Warrants.

City Solicitor Watson, in an opinion filed yesterday with City Controlle Howell, in response to the latter's remest, declares that no liability will struch to him in case he countersigns city warrants before an opinion on the constitutionality of the ripper bill is handed down by the Supreme

The solicitor's ruling on the question of the merging of balances is in line with the intent of the members of the elect council in striking out the proision in the appropriation ordinance directing the controller to merge unspended balances. It was intended hat they should remain on the books s unexpended balances, to be approriated by councils during the year er various purposes.

According to the city solicitor's ruling on the question as to the right of councils to abridge the powers of controller, he would not be obliged to obey a resolution passed by councils directing him to refuse to countersign varrants for bills not passed by the auditing committee. Such a resolucouncils tonight. The controller would not say yesterday whether or not he would heed it, if passed,

It is very probable that he will counersign the warrants for the April alaries of the city employes today and that they will be ready for distribuior, this afternoon.

THE RECORDER'S VETO.

Resolution to Be Offered Directing City Clerk Not to Present Ordiances for His Approval.

It is definitely known that a resoluion will soon be introduced in counils, perhaps tonight, directing the city lerk not to present to Recorder Moir or his approval any of the ordinances resolutions passed by councils.

This will be done for the purpose of iscovering just, what power the reorder has in this direction and to set le the much mooted question as to chether he has the power of vetoing mything but separate items in the ap-

ropriation ordinance, The few unimportant resolutions hich have so far been passed by counils have been presented by the city elerk by his approval and have been each instance signed. The city clerk has done this in the absence of my councilmanic resolution directing im to do otherwise. He has simply been following the established prece ient of submitting all measures passed councils to the city's chief execu-

ive for approval or disapproval. It has been discovered that there very strong possibility that that porion of the third class city act of 1889, giving the mayor the power to veto preserved by the ripper bill. SPREAD OF THE STRIKE

MEN AT UTICA AND BUFFALO SHOPS QUIT WORK.

Striking Employes of the Lackawanna Local Machine Shops Were Yesterday Notified by Wire That the Men at Buffalo and Utica Also Struck - Delegate from Buffalo Joins the Car Shop Strikers and with Dover Representative Will Make Scranton His Headquarters.

The striking employes of the Delacare, Lackawanna and Western Raiload company's machine shops yesterday afternoon at Hulbert's hall and received word that the men at Buffalo and Utica were also out. Telegrams were received from the locals at these places, in which it was stated that the Utica employes stopped work at 8 o'clock, while the Buffalo hands

truck somewhat later Before the union at Buffalo went on trike a telegram was sent to the local officials, in which the reason was asked why the men had not waited until May 20. Superintendent Lloyd's answer to the men who waited upon him Tuesday morning was sent back in reply, and shortly afterwards came the message declaring the strike to be

There seems little doubt that within a few days the strike will be universal at all the company's shops all long the system. Telegrams have been sent out from local strike headquarters to the unions at Binghamton, Syracuse, Hoboken, Kingston and Newark, in which Mr. Lloyd's action vas set forth.

At Buffalo about four hundred men are said to be out, while at Utien there are between thirty and forty. Following these announcements vesterday's meeting, an amount of outine business was transacted, after which the executive committee went into session.

MACHINISTS TO MEET.

Tomorrow night the machinists' union will meet at Hulbert's hall. Auwers to the nine-hour day petition are spected from a number of the superintendents, and while no final action can be taken on them, until they have been brought before the councils, there is a possibility that they will be dissussed tonight.

These answers will first be acted upon by the council and then referrati to the various locals, and there is some liklihood of the machinists delegating the power of final action on these answers to their representatives in the council, at tonight's meeting, and thus giving the council full sway

Tonight the boilermakers will meet As yet the strike has not spread to any of the other local machine shops and the representatives of the couneil declare that there is no feeling of unrest among the workers and there are no indications of any action being taken by the men until they have heard from the superintendents on the

The Delaware, Lackawanna and entering the second class, "except so Western authorities still maintain far as such laws are supplied by, or their passive attitude. AT THE CAR SHOPS.

Around the car shops there was a cene of corresponding quietness. Not nore than half a dozen men reported for work, and these and a large number of special officers were the only persons to be seen about the yard. 'hief Special Agent Adamson, of the Lackawanna, personally supervised the placing of a corps of detectives and

Master Car Builder L. T. Canfield left the city for New York last evening, and on his return there are exsected to be some developments of importunee in the situation. He was seen yesterday afternoon by a Tribune man, but declined to make any statement. 'We're not saying anything these days," he said quietly, "but there

will be something to talk about later." A delegate arrived in the city yesterday from Buffalo, and was in conference with the local strikers' executive committee during the day. The Buffalo man and representative of the Dover shops will make Scranton their headquarters until the end of the diffistructions from the local officials, but as yet no effort will be made to call have declared that for the present no at the Kingston shops, as the men are being employed in making repairs at the collieries, and a strike would mean

severe losses to the miners.

MAY STRIKE TODAY. The men are in communication with the locals of the shops all along the line, and a representative from Hoooken is today expected in the city. This shop is the one at which a strike will very probably be called today. The report in one of yesterday's papers that the men have now made the ninehour day the main issue, as the six days' suspension term of George Hicks is at an end, was denied yester.

day by the men. They say that Hicks has not yet been reinstated and that is the grievance actuating the strike. They furthermore claim that the nine-hour day question has as yet entered in no way nto the matter and will not until after Master Builder Canfield's an-

swer is received. The delegate from Buffalo claims that the reports were erroneous which stated but fifty men to have quit work. He declares that the employes, to a man, struck. Master Builder Canfield, however, tells another story and says that seventy-two of the one hundred twelve men employed remained at their posts Tuesday.

TO CALL ON VICE PRESIDENT. ASSESSMENTS Roosevelt Will Receive Committee

on Saturday Morning. Yesterday morning the invitation ommittee of the Armory military ball

received an answer to the telegram sent to Vice President Roosevelt on Tuesday last. The answer was as fol-

a. A. Watres, Everett Warren and James II. Torrey.

The vice-president will be glad to see you at 1.20 Saturday morning at 122 Madison avenue, see York City.

William Loeb, Jr., New York City.

Secretary to Vice-President.

The entire committee, consisting of Hon. William Connell. Colonel L. A. Watres, Major Everett Warren, and James H. Torrey, will leave for New York city at noon Friday, to extend an invitation to the vice president to attend the military ball. It is almost certain that he will accept.

From New York city the committee vill go to Washington, to extend an invitation to Lieutenant General Nelon A. Miles. Governor Stone, Major icteral Miller and Brigadier Ceneral Gobin hay already expressed their hitention to attend.

SILLIMAN ARRESTED.

General Manager of Scranton Railway Company Charged with Bribing Old Forge Councilmen.

General Manager Frank Sililman, jr. of the Secanton Railway company, was vesterday arrested on the charge of bribing certain Old Forge councilmen in the summer of 1899, for the purpose of securing a franchise to operate a line of street railway on the streets of Old Forge borough.

The warrant for his arrest was is-

sued by Justice of the Peace Picker-

ing, at the instance of William Repp. prominent citizen of the borough. Mr. Silliman was arrested at his office in this city and in company with his attorney, Major Everett Warren, went before Magistrate Millar, waived hearing, and entered bait in the sum of \$500 for his appearance in court. Major Warren became his bondsman. The word "bribery" on the warrant was spelled "brigery," a crime which both the magistrate and Major Warren vowed they had never heard of before. The constable explained "that any man with his hands full of work was likely to make a mistake like

"Well, you give Justice Pickering my compliments," said Magistrate Millar, "and tell him that the next time he makes out a warrant he'd better consult a dictionary."

The councilmen whom it is alleged were bribed by Mr. Silliman are Thomas Stephens, Thomas Kilcoyne and Antonio Biancardi. There are seven members in the council, and the franchise ordinance was passed by a vote of five to two. An equity case is now pending in court, in which C. J. Keogh, a citizen of the borough, seeks to have set aside the action of the council in awarding the franchise. The case was to have been tried this week, but was continued by request of the

MAGISTRATES SALARIES.

They Will Be Fixed by an Ordinance to Be Introduced Tonight-Fight to Be Made for Equal Salary.

Common Councilman H. S. Alworth vill introduce tonight an ordinance establishing police districts, creating the office of police magistrates and fixing the salaries of these officials. A similar ordinance was introduced in the old councils, but failed of passage.

The new ordinance provides for the following districts and the appended salary for each:

First District Sexta, Seconth, Eighth and Six centh wards, 8530. Second District-Ninth, Tenth, Seventeenth and

Figliteenth wards, \$500.
Third District-First, Second, Third, Thirteenth and Twenty-first wards, \$100. Fourth District-Fourth, Fifth, Fourteenth and Fifteenth wards, \$300. Fifth District-Eleventh, Twelfth, Nineteenth

and Twentieth wards, \$250. There will be beyond question a fight made upon the ordinance in the common council. Councilman Fred Phillips is determined that if he can do the trick, every police magistrate in the city shall receive an equal salary of \$400 each, \$2,000 being all that is appropriated in the general appropriation bill for the payment of the magis-

trates' salaries. The argument to be advanced by those who favor the ordinance will be that the business done by the two magistrates in the central part of the city will be twice or three times greater than the business done by the other

DEER WERE TURNED LOOSE.

Preserve at Ledgedale Being Stocked by Congressman Connell.

Five young deer, brought here from Missouri, were released this week in the preserve at Ledgedale owned by Congressman William Connell. A large number of pheasants and other game fowl have been liberated there and the lake, which covers one-eighth of the 475-acre tract, has been liberally

stocked with fish. The preserve has been enclosed with an eight-foot fence, and during the coming summer a commodious lodge is to be constructed.

WALDRON AND HIS HORSES HAVE ARRIVED FOR TODAY'S

Waldron, the horse shipper, has arrived here with forty head of horses, among which are several large draught teams and single workers and business chunks for express and general purpose. One car of all roaders and drivers in matched pairs for carriage use. Any one in need of a horse of any description should see this drove. They are at Cusick's stables, where they can be seen, driven or exchanged any time up until noon today, when every horse will go under the hammer to the highest bidder. At 1 o'clock, rain or shine, today, Thursday, May 9.

OF COMPANIES

OPINIONS OF CITY SOLICITOR IN MATTER.

Holds That Any Property Actually Necessary for Carrying on the Local Taxation. Because It Is Covered by the Capital Stock on Which the State Collects a Tax-Text of the Opinions.

City Solicitor George Watson has furnished opinions to the board of city assessors with reference to the appeals of the Delaware, Lackawanna and Western company, Lackawanna Iron and Steel company, the Scranton Railway company and the American Telephone company and Central Pennsylvania Telephone and Supply company from the assessments made against their properties for city purposes. All these companies allege that the property assessed is necessary to the transaction of the buiness of the company, the cost of it included in the capital stock, on which a tax is paid to the state, and that therefore they are not liable for local taxes. City Solicitor Watson in his opinion

law that a company cannot be taxed locally for the property which is necfor carrying on the business for the assessors the duty of ascertaining just what property is required by the The Delaware, Lackawanna and

ask to have reduced to \$20,400, alleging that about all of the property as- and passengers, but for some other matter sessed here is used for railroad purposes and for making necessary repairs on rolling stock of the railroad. The assessors have the appeal under advisement. The opinion furnished by Mr. Watson with reference to this

SOLICITOR'S OPINION

Scranton, Pa., April 39, 1901 To the Board of City Assessors of the City of

e four affidavits made by the agents of the belaware, Lackawanna and Western Reilroad ompany has received my attention.

Where the legislature of Pennsylvania has taxed il the property of a railroad company, or other orporation, in a specified manner, and has intimated no design to subject it to any other taxation, this property will be exempt from

seal taxation under general laws. The Delaware, Lackawanna and Western Rail-road company is chartered as a transportation carrying company, it also is operating under the same charter certain mines for the mining and preparing of coal and a large portion of the treight which it carries over its line of road is the coal prepared by the company through its

uining department. The properties of the company located in the in projecties of the company located in the granton, and believed by the assessors in the different wards of the city to be liable for local taxation, were assessed by them, and upon the day of appeal the affidavits which accompany this opinion were filed, claiming exemp-tion for certain pieces of property therein de-

Affidavit number one, made by W. B. Hickson perintendent of bridges, claims exemption from he taxes laid upon a strip of land and building hereon in the Fourteenth ward of this city. amounting to \$2,100. He claims by his affidavir that this building is used for the purpose of storing ice and distributing the same to refrigerator cars, and for the use of the occupants of the building and employes of the company, urnishing passenger cars with ice, etc.
It seems to me that under the present system

I transportation it becomes necessary for transportation company to have at a convenient place ice that can be used for the purpose of otecting freight, and the use of passengers dronizing their read. I can see nothing unreasonable in allowing

he exemption asked for upon this ice house f it is used solely for the benefit of the rail When

rying company.

Assessment No. 306, contained in the same arbitavit, asks exemption of one carpenter shop, used execlusively in the repairing of buildings, claiming that the work done in this shop is the repairing of buildings and bridges of the comany, and is absolutely necessary for that pur

FOR THE ASSESSORS. This is a matter of legitimate inquiry for you

You must satisfy yourself if it is represented by a part of the capital stock of the company Affidavit No. 2, mode for James W. Fowler, the real estate and tax agent for the company, com-piains of assessment No. 235, in the Eighth ward

citerates a well-settled principle of of the city of Scranton, assessing for \$500 and building, \$600, and also assessment No. 236, assessing lot \$1,200. The affidavit claims that the lots are occupied by the yard office of the emwhich it was chartered, and places on playes of the company, and is absolutely necessarily sary for an office building for the carrying on of the business of the company. As I stated before in this opinion, if this office

building and lots are represented by the capital stock of the company and necessary for the Western company's assessment in the lessful operating of the road, there can be no Eighth. Fourteenth and Seventeenth doubt but what they are excumt from local wards amounts to \$153,000 and this they leastion. But, if they are not used wholly for the purposes of the transportation of freights convenience for the company, they are not ex-empt from local faxation. by the same affidavit, assessment No. 212, with

\$980 and building thereon, \$2,500; total, 83,450. The company is asking exemption from focal

aperintendent of water service. You should keep in mind that this company i transportation company, and that it may be cessary for them to have such a department If it is necessary, and the building and land is represented by the capital stock, they would be entitled to exemption from local taxation.

Water stations or places where water can be

had along the line becomes necessary for the successful operation of the road. Depots for the accommodation of passengers, express and freight as are carried by a carrying company are by law exempt from local taxation, because they are such property as are appurtenant and indispensable in the construction and preparation of the road for use. Therefore, if you find upon examination of this property that it comes under the rule of being

cessary for the successful management of the ad the exemption should be allowed. Affidavit No. 3, made by L. T. Canfield, maste ir builder, asks exemption from assessment No. 29, but does not not state the amount

The affidavit sets forth one supply store, use

xelusively for houseing and protecting supplied in repairing the cars and other rolling stock said company.

Assessment No. 250, set forth in the same affidavit, complains of an assessment of \$10,000 for one foundry building, and states that said
