

WEST SCRANTON

\$15,000 FOR THE HOSPITAL

COMMITTEE WILL RECOMMEND THAT SUM.

Representative T. Jefferson Reynolds Originally Asked for \$20,000 But the Amount Granted Will Be Very Acceptable—Electric City Wheelmen's Minstrel Performance. Reception for Rev. McDermott. Speakers for Board of Trade. Other Matters of General Interest.

It will be of interest to the people of West Scranton and the entire city, for that matter, to know the committee on appropriations of the house of representatives at Harrisburg have passed on Representative T. Jefferson Reynolds' bill for the West Side hospital bill and granted an appropriation of \$15,000 for the institution.

Representative Reynolds' bill was introduced for an appropriation of \$20,000, but it is pleasing to note that he has succeeded in obtaining three-fourths of that amount. Ever since the bill was introduced Mr. Reynolds has worked zealously for the appropriation.

The Philadelphia Record of Tuesday contained the following in reference to a resolution offered by Mr. Reynolds, regarding his bill limiting the working hours of conductors and motormen:

The House of Representatives, on motion of the committee on city passages, received a resolution in the House from a resolution offered to Mr. Reynolds, of Pennsylvania, that the committee be discharged from further consideration of the bill in Mr. Reynolds' hands, and that they be referred to a special committee of five, to be reported to the House as soon as possible. Reynolds, early in the legislative term, introduced one of the bills, to limit to 10 hours the daily working period of railway conductors and motormen.

Ever since the Mayor bill, in the interest of the Johnson yard, all the measures referred to had been filed by the committee since mid-water of longer. Mr. Reynolds explained that the Reynolds bill had been referred to a sub-committee, which failed to report at meetings of the general committee. He offered to call the committee together tomorrow if the chairman of the sub-committee so desired.
