

HOW PATIENTS TALK

The Velpau System of Medicine gives the sort of cures that are told by one patient to another, the truth, the sort that travels by word of mouth. They are sincere as well as grateful, for they have something to be grateful for. From the beginning of our professional career in this city we have courted the fullest investigations, invited the severest tests. While space is limited, enough testimonials are published to convince any intelligent and reasonable person that the Velpau Consulting physician does just as he claims, heals the sick, and brings happiness to the patient. What the Velpau System of Medicine has accomplished for others can be done equally as well for you.

Therefore Let the Truth Be Known

What a Grateful Father Says

William Linney, 12 West Market street—After having used all remedies and tried the best physicians for my daughter, Laura, I went hopelessly to the Velpau System of Medicine, and I cannot praise too highly the Velpau Treatment. My child suffered for years with an ulcerative condition of nose and throat and part of the palate was entirely destroyed, and the poor child was getting more puny every week and her speech was gradually but surely being lost. However, in a few weeks' treatment by the Velpau physician her disease was conquered and her recovery assured. No one knows how to appreciate true misery until one of their own is pronounced incurable, therefore doubly happy am I to recommend the Velpau System of Medicine to all who suffer.

Cannot Praise Too Highly.

Mrs. Mann, 1043 Diamond avenue—I cannot say too much in praise of the Velpau Treatment, for the results in my case are truly wonderful. For years I had suffered from so-called catarrhal headache and hawking. The relief obtained so promptly from the mild and effective treatment is simply marvelous. The Velpau Treatment is really wonderful, and I cordially endorse and recommend it to all.

Her mother gladly says: My daughter, Mrs. Mann, had suffered for years and the entire family certainly are appreciative of her recovery. I am using the Velpau Remedies personally and am delighted with the results.

The Velpau Physician Cured Where Others Failed.

J. Ward, Jr., Jessup, Pa.—I had what the doctors called incurable eczema for over six years and my parents tried the various remedies recommended, as well as many physicians, yet my condition gradually became more distressing as well as unsightly. After a few treatments by Electrolysis at the Velpau System of Medicine, my parents

and relatives were surprised to note the rapid cure which was surely being effected. I had to wear a cap continually, as the sight of the large ulcerative condition was simply disgusting. I truthfully consider my recovery little short of a miracle.

A Prominent Citizen Says.

It is truly gratifying to state that the results accomplished in my case were simply without equal. I had been treated for years by the best medical cathartics, with all the distressing symptoms. My cure was accomplished more rapidly than I had expected. I advise all to consult the Velpau System, knowing only best of results will be the reward.—G. Seegrist, 207 Wyoming avenue.

A. Patterson, who is widely known here, says: I heartily endorse the Velpau Physician, knowing him to be an honorable, upright man, who does all he claims for his many patients. He needed his services a number of times in my family and in each instance the results were effective and prompt. The terms were very reasonable. Why people suffer, when such positive aid is at hand, is either due to lack of confidence or ignorance, both of which are deplorable in illness.

Housework, Formerly Drudgery, Now a Pleasure, Mrs. Carlen Says

Mrs. L. M. Carlen, 530 Gibson street—It is with pleasure that I attest to the remarkable results obtained in my case, as I had been constantly annoyed by a dropping, hawking and irritation in the throat. Am now cured and feel like a different woman, thanks to the VELPAU SYSTEM OF MEDICINE. No one should neglect to consult the Velpau physician when such prompt relief can be had at such reasonable terms. Since my recovery I have gained both in weight and strength, and I now delight in my housework, which was formerly a drudgery.

After five applications the entire disease was completely conquered. No sufferer should neglect to secure the professional services of the Velpau System of Medicine, for I know that the doctor will tell them at once just what ails them, and cure them, for a very reasonable consideration.

Enjoys Health Once More.

Mrs. N. Falkenberg, 327 Penn avenue, says: I had been suffering for a long time with Chronic Bronchial Trouble, and recently could not leave the house, on account of being so weak from the incessant cough. After one month's treatment, I am feeling like a different woman, cough entirely ceased, am gaining strength and weight daily, and enjoy once again that priceless blessing, Health, thanks to the Velpau System of Medicine.

Her dear husband says: I certainly marvel at my wife's rapid recovery. Her sisters and friends in reality thought her case a hopeless one, and I cannot praise highly enough the Velpau Physician for his remarkable results in restoring my wife to her former good health.—Mr. Falkenberg.

A Loving Mother's Words.

Words cannot express my appreciation for the remarkable results the Velpau physician accomplished in my daughter's case, and I gladly state that anyone may call and be convinced of the statements, gratuitously given.—Mrs. William Linney.

These people are easy to reach, and probably some are personally known to you. They testify not only to the marvelous cures that have been made, the great amount of suffering that has been prevented, the money saved, but they also testify to the universal courtesy with which they have been treated.

All Diseases of the Eye, Ear, Nose, Throat and Chest

Treated Free of Charge. Every Sufferer Welcome.

Patients are as welcome and will be as carefully and conscientiously treated as if they were paying for each visit. Not one cent will be accepted for consultation, medicine or for trial treatment, or for any reason whatever from any new patient.

The Velpau System of Medicine assumes the entire cost and responsibility and makes no reservation whatever except the limit as to time, which positively ends May 15, at 9.30 p. m. This offer will never be repeated.

The Velpau System of Medicine

Permanently Located at 134 Wyoming Ave., Opp. Hotel Jermyn, Scranton, Pa.

Hours—9.30 a. m. to 12.30 p. m. 2.30 p. m. to 6.00 p. m. 7.30 to 9.30 p. m.

INDUSTRIAL AND LABOR

RESULT IS NOT VERY SATISFACTORY.

President T. D. Nicholls Says the Grievances Presented to the Differing Companies Did Not Bring About the Desired Relief the Miners Prayed For—What He Has to Say About the March Movement. Make-Up of the D. L. and W. Board for Today.

President T. D. Nicholls, of District No. 1, yesterday stated to a Tribune man that the reports made to him of the results of the visits made by the miners' grievance committees to the respective superintendents of the companies operating their collieries were unsatisfactory, and that the matter would in all probability come up for action at the meeting of the district board, which will be held today.

President Nicholls and Henry Collins, of Carbondale, another member of the judiciary board, returned Thursday from Harrisburg, where they have endeavored to secure the passage of the important legislation in the hands of the senate committee on mines and mining. Said Mr. Nicholls yesterday:

"In accordance with their own wishes, our men visited the operators and presented their local grievances. Among other things the miners of each company asked for a uniform day wage scale at the collieries of their particular company and this was refused. They asked that their companies fix a uniform price on rock work and this, too, was refused. On none of these important questions were favorable answers received.

"The request that the mines be worked regularly eight hours was taken under consideration, and a reply on the matter is expected later. The Delaware, Lackawanna and Western company made some minor concessions. They agreed in some cases to vary the payment by the carload, and this has been much desired, as at present there are frequently cars of several different sizes used and the same pay given for each.

the miners of these districts, and if a demonstration of their sentiment is necessary I think it will be forthcoming in the form of a great delegation which will take the train down from these parts, while the men of No. 9 will go there on foot."

D. L. & W. Board. Following is the make-up of the D. L. & W. Board for today:

Wald Cate—8 p. m., E. M. Haller; 10 p. m., G. Butt.

SATURDAY, MAY 11

Wald Cate—12.30 a. m., J. Borkhart; 3 a. m., J. Tomlin; 10 a. m., O. Kearney; 1 p. m., J. W. Devine; 5 p. m., M. Finerty; 8 p. m., J. Wardell; 10 a. m., J. H. Bennett; 8 a. m., west, Geo. Frommeltner; 6 p. m., east, Jas. Conroy; 7 p. m., east, Nay Aug, E. McAlister.

Puller—10 a. m., S. Finerty.

Puders—8 a. m., Houser; 10 a. m., S. Finerty; 12.30 p. m., Moran; 7 p. m., Murphy; 9 p. m., Lamping; 10 p. m., Widener.

Passenger Engines—7 a. m., Galdy; 7 a. m., Singer; 5.30 p. m., Moran; 7 p. m., Magovern.

Wild Cate West—5 a. m., Latimer with Donivan's men; 6 a. m., Haggerty; 7 a. m., M. Gaudin; 8 a. m., F. Wall; 10 a. m., J. Gindry; 11 a. m., O. W. Fitzgerald; 1 p. m., A. J. Hammit; 3 p. m., J. A. Bush; 5 p. m., J. J. Murray; McCarthy's men; 6 p. m., M. Canold.

Brakeman L. E. Moody will call at superintendents' offices when convenient.

Brakeman John Spangenberg will go out with M. Loughey.

This and That.

The work of making a survey for the new electric railway, which is to encircle Harvey's Lake, was begun Thursday morning by Civil Engineer Thomas Wright of Luzerne, and four assistants.

A well-attended meeting was held at the Hotel Jermyn last night of the silk mill owners and superintendents of the territory from Forest City to Taylor.

They were in session for about two hours, during which time they transacted a large amount of routine business and discussed existing conditions.

A breaker which will practically do the work of five old structures is almost completed for the Lehigh Valley Coal company at Lost Creek, near Tamaqua, and will be the largest in the world. The main breaker is about 200 feet square at the base and 150 feet high. The structure will cost about \$200,000 and have a capacity of over 6,000 tons per day.

FAMOUS FUNNY CLOWNS. Forty Merry Fun-Makers with Ringling Brothers' Popular Big Show.

Ringling Bros., whose famous big circus exhibits here next Tuesday, May 14, and who are never contented with old ideas or with the stereotyped method of doing things, have this season introduced a new element into the circus programme—an element of pure comedy, based, it is true, upon the popular idea of the clown and his buffoonery, but so elaborated as to constitute a revolution in the hitherto side of circus entertainment. To do this it was necessary to introduce an entire company of entertainers, each of whom was of necessity a comedian, but a comedian in pantomime—for the colossal proportions of Ringling Brothers' vast canvas Coliseum is such as to render any performance depending upon the human voice for its success a physical impossibility. This great company of clowns embraces forty high-class pantomimic comedians, who are not introduced simply as an interlude in the riding acts and in their individual character as fun-makers, but as an integral part of the programme. From time to time during the performance they present fun-plays and laughable comedies, so nicely timed and so admirably acted into the more startling

portions of the programme as to keep the audience in a constant state of intermittent wonder and merriment. It is fun—pure fun—genuine fun—the kind of fun which men, and women, and children enjoy, and which makes life brighter and better for its enjoyment. If there is anything these clever clowns do not perform, it is something that has not been invented. They run the entire gamut of human fun-making. They are actors, and comedians, and musicians, and acrobats, and contortionists, and grimalkins, all in one, while an entire carload of paraphernalia is used in their varied and marvellous performances. A mere enumeration of the leaders in Ringling Brothers' great company of clown comedians is sufficient to stamp it as the most remarkable congress of entertainers ever organized. There are the two Mirrors, the constant of a long line of world-famous clowns; the great Siegrist, the imitable Julek Turnour, the mirth-making Art Adair, Fred Jenks, Dick Reno, George Hartz, John McNabb, John Slater, Geo. Kelly, Geo. Jammer, and thirty-two others. This great array of comedians, striking as it is, represents, however, only one feature of the show. There are thirty famous riders, sixty fearless aerialists, sixty world-renowned acrobats, and hundreds of other specialists, and the performance given in the air and upon the four-hinged hippodrome track surpasses anything ever attempted, much less accomplished, by any other circus management on earth.

All enterprising young men and women of this town will be benighted by reading the article in today's Tribune, headed "Will Begin Next Monday."

FEDERAL COURT NOTES.

The petition in bankruptcy of H. L. Hart, filed yesterday and referred to Referee C. A. Van Wormer.

The following attorneys were yesterday admitted to practice in the new district Federal court, on motion of R. A. Zimmerman, esq.; J. Elliott Ross, M. J. Walsh, Dally I. Fikes, James Mahon, W. W. Latrobe, J. H. Bonner, H. W. Mullenback, Matthew P. Casley, B. F. Finckham.

The commissions of the sixteen commissioners in bankruptcy of the new district Federal court were sent out yesterday from the office of Clerk of the Court W. R. Searle, C. A. Van Wormer, the local commissioner, received his early in the week.
