

SYRUP OF FIGS. NEVER IMITATED IN QUALITY. An Excellent Combination. The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinal laxative and presenting them in the form most refreshing to the taste and acceptable to the system.

CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL. LOUISVILLE, KY. NEW YORK, N. Y. For sale by all Druggists—1 Price 10c, per bottle.

OXFORD COLLIERY COAL. At Retail. Oxfords receive prompt attention for each delivery any part of the city or coal of best quality for domestic use.

People's Coal Co. Telephone No. 1062. Office, Fourth Street. Branches between Third and Tenth.

CITY NOTES. D. L. A. W. PAYS. The employees of the National and State banks will be paid today.

RECEIVED PAYMENT. The petition in bankruptcy of Samuel Skidley and J. H. Kline, of Scranton, filed before Judge M. H. Taggart, was received yesterday at the office of Clerk E. W. R. South, of the district court.

DEAD FROM INFLUENZA. John Taylor, of Lackawanna, died last night at the Moses Taylor hospital of influenza, which he contracted while employed by the Lackawanna Colliery, by being crowded into a full car.

FIREMEN'S RELIEF ASSOCIATION. The members of the Firemen's Relief Association met last night in city hall and informally discussed the proposition of having a fund for the coming of next year's operations.

THIS AND THAT. Rev. J. J. O'Toole, of Holy Rosary church, North Scranton, who has been assigned to the parish of Wellsboro, Tioga county, was a newspaper man before he became a priest and was considered the liveliest newsman in the region of his home at St. Carmel.

A number of young ladies of the hill have organized a club, to work in various ways for the Home for the Friendless. Their first effort will be a cake and candy sale at the store room formerly occupied by Nettleton in the Commonwealth building.

Rev. T. W. Tierney, of this city, who has been a student in the seminary at Dunwoody, N. Y., for several years, will on Saturday morning, June 1, be ordained a priest by Archbishop Corrigan in St. Patrick's cathedral in New York.

Piano Case Organ for Sale. A beautiful mahogany piano case organ, but slightly used and just as good as new, can be purchased at a great bargain for cash at Guernsey Hall, 314 and 316 Washington avenue, Scranton, Pa. Call and see it.

Usa Allan's Foot-Eas in Your Gloves. A lady writes: "I shake Allan's Foot-Eas into my gloves and rub a little on my hands. It saves my gloves by absorbing perspiration. It is a most dainty toilet powder."

WHAT THE CITY WILL CLAIM

OUTLINE OF THE DEFENSE IN THE DUFFIN CASE.

It is Alleged That Miss Duffin Was Suffering Long Before the Time of the Accident from the Maladies Which She Now Blames the City For—New Point Raised in the Lewin-Paul Case—Verdicts in Two Cases—Order in the Corry-Jenkins Case.

All the testimony of the plaintiff's side in the \$20,000 damage case of Mary Duffin against the City of Scranton, now being re-tried before Judge Kelly, was in at 4 o'clock yesterday afternoon, and at the opening of court this morning, City Solicitor George M. Watson and Assistant City Solicitor D. J. Davis will proceed to array the evidence with which they hope to successfully combat the plaintiff's claim.

Yesterday was devoted almost entirely to the testimony of the plaintiff. Judge Duffin, physically, by the fall she sustained by tripping over an obstruction which it is alleged the city negligently left lying on the sidewalk. Miss Duffin went on the stand and told of the accident how it affected her physically and what financial loss it has and will entail, and a host of witnesses testified that prior to the accident she suffered none of the ailments now affecting her.

Miss Duffin told that she came here nine years ago from Wilkes-Barre. At Wilkes-Barre she lived with the family of John T. Lenahan and later with the family of Colonel Martin, now her husband. She also stated that she was on intimate terms with the Squire and, on one occasion, visited them for several weeks.

Upon coming to Scranton, she sought a position as school teacher and secured a place in the public schools. After three months of employment she was summarily dismissed, but for that cause she could not say. Judge Handley, who was one of her close friends, told her that it was probably because she had no political pull.

HER OCCUPATIONS. After leaving her school, she worked for a while in a dressmaking establishment and later opened up an employment agency, in which occupation she is at present engaged. Before the accident she was able to attend to all her work, but since that time she has had to have the assistance of a clerk.

She claimed that prior to the accident she suffered from no physical ailment other than a slight cast in her eye. She consulted a physician about it, and at his advice wore glasses, which she thought, but not wishing to go contrary to the physician's directions continued to wear the glasses. Now one of her eyes is almost totally blind and a cataract is forming in the other. She also told in detail of the pain and discomforts she suffers from the derangement of her internal organs, and attributed all her trouble to the accident for which she blames the city.

Dr. James Stein, oculist, corroborated Miss Duffin as to the condition of her eyes. Whether or not she would be totally blind, eventually, the doctor could not say. The sight is almost wholly gone from one eye, and a cataract is forming in the other. This cataract matures it is impossible to say with any degree of certainty what the ultimate results will be.

Dr. S. P. Longstreet described at length from an expert point of view the ailments now afflicting Miss Duffin.

THE WITNESSES. The witnesses who corroborated Miss Duffin as to her physical condition before the time of the accident were: Edward P. Fitzgerald, A. P. Duffy, P. H. Coyne, Mrs. Della Gilligan, Mrs. Mary Marshall, Miss Susan Schell, Lizzie Collins, Julia Clark and Lizzie Witherell.

In his cross-examination of Miss Duffin, City Solicitor Watson endeavored to bring out that she was a frequent visitor to the McCann home in West Scranton, when she first came to this city, and that she was obliged to have Miss McCann, now Mrs. W. K. Dolan, read her correspondence for her, because of her own defective eyesight. Miss Duffin denied this. Mrs. Dolan is one of the witnesses summoned by the defense. Among the others are Dr. L. M. Gates, Dr. E. C. Ross, Dr. W. E. Allen, Dr. J. E. O'Brien, Dr. Joseph P. Grant and Dr. L. Wehlan.

Dr. Gates is one of the new witnesses in the case, and it was largely on the basis of his evidence that the new trial was granted. He is expected to testify that he examined Miss Duffin several years before the accident and found her suffering from the very ailments she is now trying to make the city liable for. The testimony of Dr. Gates was anticipated, and Miss Duffin while on the stand told that Dr. Gates only visited her once and then remained for less than ten minutes. She denied that he made an examination of her.

OPENING ADDRESS. In his opening to the jury, Mr. Watson stated that the defense would prove that Miss Duffin's vision was so defective, two years before the accident, that she was refused a school; that while teaching a private school on Gibson street, shortly after the last mentioned period, her vision was so defective that the children took advantage of it to play pranks, and that when she came here nine years ago she was accustomed to use a large magnifying glass when reading. It would also be shown, he said, by the testimony of a number of reputable physicians, that the other physical ailments Miss Duffin is complaining of, were old maladies antedating by years the time when the accident occurred.

Before beginning the defendant's case, Mr. Watson moved for a nonsuit on the ground that Miss Duffin lived for months across the street from where the obstruction in question was lying, as alleged, for several months. That she had equally as much constructive notice of it as had the city, and knowing it was there, she was guilty of contributory negligence when she permitted herself to collide with it. Judge Kelly refused the motion, saying the matter could be brought up after all the evidence was in, and made grounds for a request for binding instructions.

QUESTION INVOLVED. Whether or not the tenant of an upper apartment tenants the stairway leading thereto is the question in-

PLANS ARE NOW COMPLETE

Y. M. C. A. CORNER STONE LAYING TO BE BIG EVENT.

Rev. Bishop H. C. Potter is to Speak Upon Relation of the Association to the Various Phases of Human Activity—Seats are to be Arranged for 1,000 Spectators. Letter Regarding the Bishop's Connection with Y. M. C. A. Work from Secretary Morse.

The detailed arrangements for the corner stone laying of the Young Men's Christian association building, which is to take place next Tuesday afternoon, were finally completed yesterday afternoon at a meeting of the board of directors. The programme for the exercises, which has been prepared by General Secretary George G. Mahy is as follows:

Convocation by Lawrence from 1:30 to 2 o'clock. Sermon by Rev. Charles Robinson, D. D., pastor of the Second Presbyterian church, of the day by President H. C. Potter, of the board of directors.

Address by Rev. Bishop H. C. Potter, of the day by Rev. Robert E. A. Pierce, D. D., pastor of the First Baptist church, of the day by Rev. Lawrence.

The end of the foundation fronting on North Washington avenue is to be entirely finished and will be proceeded with a sufficient number of men to accommodate one thousand persons. The fund will be placed on a platform to be erected further back over the main entrance floor.

CORNER STONE FINISHED. The corner stone itself has been finished and is all ready to be laid. It is a large square block of granite with the Young Men's Christian association emblem engraved on the one side and the date "1901" on the other. The emblem consists of a triangle on the three sides of which are inscribed the words, "Spirit" and "Body."

The three things that the association ministers unto, "Over the triangle is an open Bible with "John 17: 21" inscribed upon its page.

This verse, which reads as follows, is the motto of the Young Men's Christian association: "That they all may be one as thou, Father, art in me, and I in thee, that the world may believe that thou has sent me." This emblem will be used throughout the building, as, for instance, over the main entrance, over the mantle pieces and in the center of the proscenium arch in the auditorium.

The topic upon which Bishop Potter will speak is sufficiently general to give him an opportunity to touch upon nearly any subject. It is "The Relation of the Young Men's Christian Association to the Various Phases of Human Activity."

For the purpose of ascertaining just what Bishop Potter's relation to the Young Men's Christian association work was in the past, President H. C. Potter wrote to R. C. Morse, general secretary of the international Young Men's Christian association committee, and received the following explanatory reply:

MR. MORSE'S LETTER. My Dear Mr. Potter: I am rejoiced to know that Bishop Potter has been invited to speak at the corner stone of your building. I gladly give what facts I can concerning Bishop Potter.

He was present in Chicago, when the international convention in the midst of the war, met in Chicago, he was among the active delegates. The association were then absorbed in the work of the Christian commission among the men of the front lines, and the Young Men's Christian association was in a state of suspended animation.

The following year, 1864, the convention met in Boston at a critical time in the history of the movement. There was need for a strong summons to the associations not to forget, in the stress of war, the fundamental and distinctive purpose of the organization, and its responsibility to the young men of our cities and towns.

This was also a period when the associations were greatly tempted and misled to undertake a good many lines of work, excellent in themselves, but distracting directly to the welfare of young men. This direct and distinctive work they were neglecting to do, but it was important work, it was an instance in which the Young Men's Christian association was not doing its duty.

As association anniversary meetings, at our association conventions, and at other association occasions, Bishop Potter has been ever ready, kindly and sympathetically to help forward our work for young men in Christ's name, and recently he has very kindly consented to be one of our principal speakers at the approaching jubilee convention, where I hope it may be possible for you to be present.

We are hoping that the attendance of more presidents of Young Men's Christian associations than have ever assembled at any previous convention, and we sincerely hope that the Scranton association will be represented in this way. The promise of the convention grows brighter as the date of it approaches. We have the assurance of the presence of representatives of our work in every country of the globe, and the number of at least fifty. A few will cross the Pacific ocean and the continent in order to attend.

The historical exhibit of the association is also being prepared with great care and will amply repay the careful attention of all interested in our work for young men.

Very sincerely yours, Richard C. Morse, General Secretary.

Grasshopper No Longer Dreaded. A writer in Esquire's Magazine may be credited, Kansas farmers no longer need dread the grasshopper pest. In South Africa there has been discovered a fungus disease which under favorable conditions kills off the grasshoppers in enormous numbers. At the bacteriological institute in Grahamstown, Natal, they have cultivated that fungus in culture tubes, and have carried it successfully throughout the whole year.
