LITTLE GIRL DROWNED.

Daughter of Mr. and Mrs. John Miller Fell into the River at Park Place.

Mr. and Mrs. John Miller live on Grove street, Park Place, close to the Lackawanna river, which just now is unusually high on account of the recent rains. Yesterday morning their four-year-old daughter was playing close to the river, when the treacherous current carried her into the water.

The rushing water carried her swiftly along with it, and some hours later a boy named John Christ found the body of the little one caught on a shoal spot in the river at the gas house.

The coroner was notified and the body turned over to Undertaker Cusick, who prepared it for burial and then took it to the Miller home.

Mrs. Miller had missed the child from about the house, but had no thought of its fate until informed that the body of her little one had been found in the river.

Coroner Roberts viewed the remains yesterday afternoon, empaneled a jury, and will hold an inquest in the case in the court house at 8 o'clock this evening.

TWO FEMALE BURGLARS.

Virgie Daily and Agnes Cannon Committed to the County Jail by Alderman Millar.

The latest criminals to be caught in the coils of the law are two alleged female burglars, Virgie Daily and Agnes Cannon, by name. The former lives in Clark's Summit and the latter, who is in Haddon, has been staying with her for some time. Both are young girls barely over 20 years old.

They were arrested on Monday night at the instance of Mrs. Jennie Myers and Miss Lou Decker, also of Clark's Summit, who were given a hearing before Magistrate Miller yesterday. Evidence was offered to show that the two girls had entered Mrs. Myers' home one night last week when she was away, by breaking in a door.

The whole place was ransacked and a large amount of goods taken away, including several dresses, skirts and shirt waists belonging to Mrs. Myers and Miss Decker, and canned goods valued at \$30. Some of these goods were found in the possession of the girls, who were committed to the county jail by the magistrate in default of \$500 bail each.

Both the young women have been inmates of the House of the Good Shepherd and are well known in this city.

It is charged that the child has been terribly beaten several times and that on one particular occasion it was struck over the face with a piece of wood containing nails. The marks made by these nails could be seen upon its face yesterday.

A WONDERFUL EXHIBITION.

That Is What Buffalo Bill's Wild West Show Is.

In no other exhibition ever presented to the public can be seen such studies in equestrianism as in Buffalo Bill's Wild West. In this arena, as in no other place ever known, can be seen at one time representative primitive horsemen of the world. Russian Cossacks, Afghan Arabs, American cowboys, and representative horsemen from Mexico, all veritable masters of the horse, daring, dashing, and graceful riders performing feats of equestrianism impossible of copy by any imitator. It is a most comprehensive exhibition of equestrianism, comprising not only these primitive riders, but also military riders of the United States, German and English cavalry, whose brilliant display of military movement and horsemanship is a special feature of the entertainment.

While every man in the Wild West is an expert rider, that does not constitute the entire exhibition, for all the exciting, picturesque and novel features of past years are still retained, and many other specially attractive features have been added, notably a strictly accurate representation of the battle of Tippecanoe, on the 7th of September, 1809, the allied forces, and a faithful illustration of the work of the Coast Guard Life-saving corps, given by men actually engaged in that perilous occupation. The management believes, and rightly so, that such object lessons will be far more instructive than the perusal of histories or books of travel can ever be to students of anthropology.

This city will be unusually favored this year. The show has decided to cancel its Wilkes-Barre engagement for Friday and will show here on Friday night and again on Saturday afternoon and night. The parade will be given Saturday morning and will be led by Buffalo Bill in person.

CAVE AWOKE SLEEPERS.

Also Disturbed a Large Amount of Surface at Bull's Head's Famous Red Barn.

A cave-in affecting about 40,000 square feet of surface occurred yesterday morning about 1 o'clock in Bull's Head, North Scranton. A great deal of damage was done, the greatest being the throwing out of plumb of about one-half of the celebrated "Red Barn" in the rear of Thomas' hotel.

The "Red Barn" is a long building which was at one time used as a stable, but which was converted into a tenement about ten years ago. It is populated entirely by Italians and it is said that about 150 persons belonging to nearly two score families were sleeping on the roof when the cave-in occurred.

There had been ominous cracklings heard during the early part of the evening, but they were not heard with alarm. When the cave occurred the entire roof of the "Red Barn" settled over a foot in an instant, walking up every sleeper and creating a pandemonium of women's shrieks, babies' shrill cries and men's frightened oaths.

There was a wild rush made for the open air and several persons narrowly escaped falling into the large holes in the ground to the south of the house created by the cave. There were three of these holes, the largest being under one corner of the barn owned by John J. Thomas, proprietor of Hotel Thomas, which front on North Main avenue near the "Red Barn."

This hole is about fourteen feet in diameter and about fifteen feet deep. It undermined a large portion of the foundation of the barn. From the hole, extending in all directions are long fissures varying in width from four to eight inches.

The Italians who occupied the south wing of the "Red Barn" found quarters yesterday in an old barn nearby, owned by Nathan Thompson, and here they will reside temporarily.

The cave is said to have been caused by the robbing of the pillars in the Diamond vein of the Church coal company's mine some years ago. The mine is now leased by Whiteford & Co., who have not worked the Diamond vein since they are in possession. The affected portion of the "Red Barn" will be rebuilt in the near future.

PROTECTION AGAINST FIRE.

Company Will Be at Armory on Night of the Ball.

The executive committee of the Thirtieth regiment's military ball has applied to the director of Public Safety Worcester yesterday to have a fire company present at the armory during the progress of the ball. The Phoenix chemical company will probably be assigned to be on hand as a precaution against fire.

Charles D. B. Aberton, chairman of the sale of tickets committee, gave a luncheon to his committee in the Scranton club rooms at noon yesterday. The reports of the members indicated a rapid sale in all portions of the city. Sub-committees were named to boom the ball in adjoining cities and towns and visit those places for that purpose.

TOUR OF INSPECTION.

Teachers' Committee Visits a Number of Schools.

The teachers' committee of the board of control began its annual tour of inspection of the public schools yesterday morning at 9 o'clock, at which time a start was made in two circuits from the municipal building.

The schools in the central part of the city, in Pine Brook and in Green Ridge, were visited, including Nos. 4, 9, 27, 28, 33, 34, 35, 36 and 38. Those who made the tour were President Gibbons, Secretary E. D. Fellows, Chairman Barker, of the committee, and the following controllers: A. B. Eynon, T. J. Jennings, C. J. Leonard and Elias E. Evans. The committee will resume its visitations on Friday morning.

MR. O'BOYLE'S ORDINANCE.

It Will Be Considered by License Committee Tonight.

The license committee of select council is to meet tonight to consider the ordinance introduced by Select Councilman O'Boyle about two months ago, providing for a tax of \$100 on each of the cars owned by the Scranton Railway company.

It is generally understood that the committee will report unfavorably on this ordinance, because the majority of the members feel that this is not a sufficiently high tax when the fact is taken into consideration that the Muehlbrunner bill places no limit upon the amount which may be collected from street railway companies in the way of a license tax.
