MAKING THE JUBILEE

Interesting Ceremony by Men of the Cathedral

Roman Catholics, the world over, are now engaged in a religious ceremony called "making the jubilee." It is a rejebration of the jubilee year, which occurs with the beginning of every century. Special graces, dispensations and indulgences attach to the performance of the ceremony, as may be prescribed by the reigning pontiff. To make the jubilee this year, four

cisits to different churches or shrines ach day for fifteen days is the general requirement. At each visit the pilgrim is to pray for the intention of the church, as represented in the sov reign pontiff.

Each diocesan may modify these requirements as he deems expedient Bishop Hoban, among other dispensations, made a provision that when a society made the jubilee in a body each visit should count as two. The Holy Name society of the cathedral parish has taken advantage of this, and is making the jubilee in a

Last evening its 600 members assem-

body.

bled at St. Pant's church, Green Ridge, prayed there in concert with Rev. J. A. O'Reilly, its moderator, leading, and then had a procession to the Hungarian Catholic church on Capouse avenue, after which visit, the march was taken up to the cathedral, where there was benediction of the blessed sacrament. When a public procession attends the making of a jubilee, the visits are once more doubled, so that by last evening's visits the society was accredited with the equivalent of twelve visits. Before the week is over the society will make a pilgrimage to two West Scranton churches and two South Scranten churches.

The society is composed of men of all ages, from gray-bearded patriarchs o youths yet in their teens. To see them thus publicly practicing their religious devotions is a truly inspiring

DECORATING THE ARMORY

Work Is Progressing Very Rapidly Electrical Wiring Is Completed. Number of Lights Used.

The decoration and floor committees of the Thirteenth regiment military ball, which is to take place on Friday evening, June 14 next, held a joint meeting in the office of W. H. Taylor yesterday afternoon, and after comparing notes and exchanging reports of progress, they proceeded to the armory to inspect as much of the decorations as have been put in place.

The members of the committee were well pleased with the armory's gala attire and complimented Decorator Fuhrman upon the artistic result of his labors. The elaborate electrical displays that are being put in place have somewhat interferred with the other decorations, and the committee has accordingly extended Mr. Fuhrman's time for completing his branch of the work from Tuesday to Wednesday night.

The electric wiring has been completed, and this morning the work of hanging the electrical flower baskets, shields and "clusters" will be com-menced. There will be 900 large sized incandescent lights and 300 miniature lights thus used on the west wall

The middle section of the auditorium seats in the eastern gallery, which were put in place last week, will have to be removed, owing to the fact that they are too close together for the members of Bauer's band, which will be stationed there on the night of the ball, to use. The seats were tested yesterday, but their contiguity to one another would interfere with the work of the musicians, so they will be take: out and temporary chairs used instead A force of men were engaged at the

armory sewing and fitting the crash which is to cover the dance floor. The decoration and floor committees last evening directed that extra crash be ordered for the boxes.

ARRESTED HIS SISTER.

Wayward Blanche Muffley Was Es corted to the Station by Her Brother,

A stern-faced young man leading a weeping and somewhat intoxicated young woman to the station house, was the spectacle which attracted a great crowd in the central city streets last night. As the young man and woman neared the city hall, the young woman hysterically, yelled, and finally refused point-blank to move another

Patrolman Thomas Potter came to the assistance of the young man, and together they succeeded in getting the shricking. struggling young woman into the police station. There the youth said the girl is his sister, that her name is Blanche Muffley, and that she has been wayward for some time, and that her relatives have been trying to get hold of her, with the intention of having her placed in some correction institution.

Last night young Muffley was going along Penn avenue, and at Spruce street he heard a woman's voice which sounded strangely familiar. He looked and beheld his sister, very much under the influence of drink. He at once took her in charge and escorted her to the police station. This morning she will be arraigned before the police magis-

LETTERS FROM THE PROPLE.

[Under this heading short letters of interest will be published when accompanied, for publica-tion, by the writer's name. The Tribune does not samume responsibility for opinions here expressed.]

Kind Wishes Expressed.

Sir: The good name of Dunmore's famous cor poration still lingers with many of its employes who for years served its interests. As a personal prerogative it will not be considered an invidious nel, to even the most sensitive, to speak of or refer to those whom the writer has felt worthy of remembrance. It was the writer's pleasure on many years to enjoy the association of Marvin Tuthill, of the coal department of the Pennsylvania Coal company. Mr. Tuthill was the racteemed assistant for upwards of sixteen years to Wilson D. Decker, coal shipping agent for the above company. As a subordinate to and with above company. As a subordinate to and wit many others we all regarded Mr. Tuthill worth of the highest consideration. To his fellow clerks he made duty a pleasure by his considerate and gentlemanly treatment, thereby contributing to the best interest of his employers. In view of the above we extend to him and in behalf

of those of whom we can apeak best wishes for happy future. Frederick Hartnoll. Scranton, June 10.

IS ON TRIAL FOR HER LIFE Pure

DIFFICULTY EXPERIENCED IN SECURING A JURY.

Sheriff Called Upon to Summon Talesmen to Try the Murder Case Against Mrs. Josephine Bevilaequa, Charged with Killing Mary Rose-Thirty Jurors Had Conscientious Scruples Against Capital Punishment Rule to Quash Indictments in Old Forge Cases.

Great difficulty is being experienced in securing a jury to try the murder case against Mrs. Josephine Bevilacqua, which was called yesterday morning before Judge G. L. Halsey, of Luzerne, in court room No. 3. The regular panel of sixty was exhausted at 4 o'clock, with only four jurors in the box, and adjourment was had to give Sheriff Schadt opportunity to summon twenty-four talesmen.

Fifty-four of the sixty jurors for the week were examined and of the fifty of them rejected thirty of them were disqualified because of conscientious scruples against capital punishment. one was excused because of illness: one on account of deafness; seven were challenged peremptorily by the Commonwealth and eight by the de-

As each side has twenty peremptory challenges: and the percentage having onscientious scruples against hanging is not likely to lessen any great degree, it is safe to prophecy that another batch of talesmen will have to be drawn before eight acceptable jurors are found.

THEY HAD SCRUFLES. Eight of the thirty possessed of conscientions scruples admitted they could return a first degree verdict if the law and evidence warranted if the defandant was a man, but under no circumstances could they bring themselves to report a verdict that would hang a woman. The four jurors accepted are: THOMAS W. HOFFMAN, salesman, Scranton. THOMAS WILLIAMS, laborer, Scrauton, V. A. SWINGLE, merchant, Jefferson,

JAMES FIFE, preman, Carbondale, It is the first time a woman has been placed on trial for murder in Lackawanna county, except in an infanticide case. Some of the severity of the charge in this case, however, is removed by the fact that the husband is charged with having purchased the revolver for her and prompted her to do the shooting. He is to be tried as an accessory at the conclusion of the wife's trial.

The killing occurred November 23, 1900, at 1224 Capouse avenue, Green Ridge. Mary Rose, the victim, and her husband, lived near the Bevilacquas, The two families got into a feud and brought a number of criminal and civic cases against each other. On the day of the killing, Mrs, Rose went to the home of a friend who occupied the apartments below those in which the Bevilacquas lived, Mrs. Bevilacqua came down stairs, a quarrel between her and Mrs. Rose ensued, and Mrs. Rose was left dead on the floor with a bullet through her breast. It will be alleged that the killing was done in

THE ATTORNEYS.

The attorneys for the prosecutor are Assistant District Attorney Louis Gramer, ex-District Attorney John R Jones and Charles E. Daniels. The defendant's attorneys are George Horn, Cornelius Comegys and Frank E. Boyle.

An effort was made by the defense to have the case continued on account of the injury which Mr. Horn sustained last week in a runaway. The ourt said it would regret to put any hardship on Mr. Horn, but in justice to the Commonwealth it could not consent to a continuance on the grounds put forth.

Mrs. Bevilacqua is a small, frail, stoop-shouldered woman, with a pale, thin tace, and looks anything but one who could be roused to commit a cold blooded murder such as is charged her. She is very poorly against dressed. Her three-year-old babe was cared for by her husband, who sat just behind her among the spectators within the bar enclosure. The husband is of very swarthy, almost black complexion, and his general appearance and demeanor are of the kind not calculated to win favor with a jury.

Other Criminal Cases

A plea of guilty was entered by John Baker, alias Spohoer, when called to trial before Judge Kelly on the charge of committing assault and battery on Anna Hutskow. When It was represented that Baker did not injure Mrs. Hutskow very severely, and that he had been in jall for six weeks, he was allowed to go with a fine of \$10.

Baker is the man who raised such big row at the wedding in the "Rising Sun" block, May 4 last. He came from Syracuse with the avowed intention of making trouble. A month previously he was filted by the bride. He heard she was to be married and reached the wedding just after the

ceremony had been performed. "I will be in the county jail before noon," he declared as he entered the house, and then proceeded to grounds for making his declaration good. When the hearings before Alderman Kelly were concluded. Baker stood committed to answer for biting off his brother's finger, for splitting open another man's scalp, for beating Mrs. Hutskow, for breaking furniture. for resisting arrest, for using profunand for contempt of court.

his incarceration he succeeded in sell-

tling all but the case in which he, yes-

terday, plead guilty. Only one case was tried. That was the case of Henry Ollendyke, of Throop, charged by Mrs. Dorothy Richardson, with assault and battery. It was heard before Judge Carpenter in court room No. 2. The prosecution alleged that on April 19, last, during a dispute over a line fence. Ollendyke hit her on the back with a stone, rendering her unconscious. Three of the women's neighbors corroborated Mrs. Ollendyke denied charge and his hired man swore he saw the whole affair, but did not notice any stones being thrown. The jury

ejected at the murder trial. Peter Burke, of Simpson, plead guilty of assault and battery on his neighbor, Mrs. Ann Malloy, and was fined \$10 and costs.

jurors were secured from among those

was out at adjourning time.

When Frank McVittie was called for trial on the charge of forgery preferred by Superintendent of Police Robling Attorney George B. Davidson presented a letter from Dr. McGreevy, setting

LICENSE TAX ORDINANCE.

It Will be Considered by License Committee Tomorrow Night.

The license committee of the select ouncil will meet to-morrow night to consider the general license tax or introduced last Thursday night by Mr. Cosgrove. It is generally predicted that the committee wil recommend that a number of amendnents be adopted,

Mr. O'Boyle's ordinance taxing street railway companies \$100 per car is dead beyond all recovery, as far as the liconse committee is concerned. It will probably not be reported and if it is reported it will be adversely.

HE MAY NEVER BE TRIED

Libel Case Against Richard Little Will Not Be Called Today. Conference Last Night.

The libel case against Richard Little, editor of the Scrantonian, in which President John Mitchell, of the United Mine Workers, is the prosecutor, will not be tried today. It is possible it will never go to trial.

A conference for the purpose of efecting a compromise was held last night, at the St. Charles, in President Mitchell's room. It was arranged for during the afternoon.

The conference lasted from 8 o'clock until 2 o'clock this morning. There present President Mitchell and his attorney, Joseph O'Brien, and Editor Little and Attorney John F. Scragg.

About 11 o'clock the door of Presiient Mitchell's room was opened and all the assembled labor leaders invited in. In response to the invitation came National Organizer Fred Dilcher. 'Mother" Mary Jones, President T. D. Nichols, of District No. 1; President Thomas Duffy, of District No. 9: Secretary John Dempsey, Organizers Robrt Courtright and Nicholas Burke, 'ommitteemen Henry Collins and J. J. Kearney, of District No. 1; Martin D. Flaherty, of the American Federation of Labor, and D. J. Keefe, presicent of the International Association of Longshoremen, who is now developes is the mysterious "Mr. Guernsey of last fall.

Nothing would be given out from the conference except that the case would not be tried to-day. President Mitchell declined to say

anything regarding the conference or its purpose. It was learned from one of the parties to the general conference Editor Little agreed to retract the charges made against Mitchell, if the case would be with drawn, but Mr. Mitchell insisted that the charges against all the other mine workers who had been villified in the Scrantonian would also have to be retracted before he would consider any compromise. Mr. Little demurred He was then given until to-day to de-

COL. RIPPLE HONORED.

the wholesale retraction.

Presented with Handsomely Framed Resolutions by the Members of the Keystone Club.

Colonel E. H. Ripple was last night made the recipient of a signal toker of honor at the Howard Place Methodist Episcopal church when, in behalf of the colored citizens of this city, the Keystone club presented him with a handsome set of resolutions. The resolutions surrounded an excellent picture of the colonel, the entire work being done by Costello, of this city, and

tastily framed. The presentation exercises occurred about 8.30 o'clock, at the church. Colonel Ripple, ex-City Solicitor A. A. Vosburg, Deputy Register of Wills Koehler and President Campbell Hughes, of the club, sat together on the platform, and after an opening hymn by the choir, Rev. Bentley, pastor of the church, opened the exercises by prayer. Letters from Hon. William Connell and Deputy Attorney tieneral F. W. Fleitz expressing their egret at being unable to attend, were

President Hughes then made a very eloquent speech in which he traced the growth of slavery in this country and vividly portrayed the sufferings of the champions of the negro. spoke of the black's intellectual growth since emancipation and proudly reerred to the record established for themselves by negro troops in the re-

cent war. He then read the resolutions framed for Colonel Ripple and in glowing terms eulogized the latter as one who had ever been the friend of the colored citizen, and who bears to this day honorable sears of the perils undergone in striving for the negro's emancipation. He called upon Messrs, Brown, Patterson, Dorsey, Walker, Bell and Foster to form a committee to present Colonel Ripple with the resolutions.

In accepting them the latter declared that he had never received anything which so touched him as this evidence of his colored friends' esteem. said it had always been a pleasure to him to be a friend to the negro and their gift was received with feelings

of the most sincere thanks. A. A. Vosburg made a short address in which he declared he was present as a friend both of the Keystone club and Colonel Ripple, and in speaking of the latter eulogized him as "a man of undoubted integrity, boundless generosity and the soul of honor." Other addresses were made by Attorney O. B. Partridge and Rev. Bentley, and the meeting was closed by a selection by the choir and the benediction pronounced by the pastor

RACTS FOR SCHOOLS LET CONSUMPTION CONTRACTS FOR

SCHOOL BOARD AWARDED

Mulherin and Judge Will Build Two
of the Buildings and the Dunmore
Lumber Company Will Erect the Mulherin and Judge Will Build Two Third—Unsuccessful Effort Made to Put Up an Eight Room Building in Twenty-first Ward—A \$10,-732.50 Premium Offered for Bonds of the District.

The board of control last night awarded the contract for the crection of the new school buildings in the First ward, to the Dunmore Lumber company, and in the Sixth and Twenty first wards to the firm of Mulherin & Judge. These were the lowest bid-

ders in each instance.

The building committee, through Chairman Schriefer, made a lengthy report which was agreed upon at a meeting held just prior to the regular board meeting. This report recommended that the above firm be awarded the contracts for the schools in the First and Sixth wards, and that M. F. O'Malley and Howley Brothers, re spectively, be awarded the contracts for the heating and ventilating.

The committee set forth that \$584 ould be taken off the price of the Sixth ward school, and \$1,523,50 off the price of the First ward building by making changes in the plans suggest-ed by the architects. The committee pointed out that Mulherin & Judge had offered to erect an eight room building in the Twenty-first ward for \$24,296, or \$9,000 more than their bid for the four room building provided for by the board. They therefore recommended that an eight room building instead of a four room building b erected in this ward.

HE WAS CONVINCED. President Gibbons relinquished the hair to Mr. Langan, and explained that after an all day seance with the architects and the members of the building committee he was convinced that the schools could not be erected for a price lower than the lowest bids. He didn't believe it at first, he said,

but he had been convinced. The last part of the report, however, raised a storm of protest from Mr. Barker and Captain May. Both Both these members contended that inasmuch as provision for only a four room building had been made by the estimates committee the authorizing of the construction of an eight room building would create a deficiency.

Captain May didn't like the idea of recting any school at all in the Twenty-first, and moved to have the whole matter of erecting a school there indefinitely postponed. This didn't meet with the approval of the members at all, for when the question was put all voted against it except Captain May

and Mr. Javne,
Mr. Barker finally moved to have the matter of the awarding of the contracts for the First and Sixth ward schools settled first and this was done. Those who wanted the eight room building in the Twenty-first ward realized that they could not pass the project, and so it was decided by all present to put up a four room building and to award the contract to Mulherin and Judge. The heating and ventilat ing contract was awarded to Wardell & Barrett. In all instances the contracts were awarded to the lowest bid

BIDS FOR BONDS. Bids for the \$75,000 worth of thirty year four per cent, bonds which are bout to be issued were also opened. The bids were as follows: Dick Brothers, New York, \$112.97; W. R. Todd and Company, New York, \$114.31; Dennison, Pryor and Company, Cleveland, premium of \$9,772.50; W. J. Hayes and Sons, Cleveland, \$113,57; Seasongood and Moyer, of Cincinnati, pre-mium of \$5,539,50; Lamprecht Brothers, leveland, premium of \$9,225; N. W.

Harris and Company, of New York \$113.51. The bids were referred to the finance ommittee, the members of which after a little figuring discovered that W. R. Todd and Company were the highest bidders, their bid providing for a premium of \$10,732,50. The committee recommended that the bonds be sold to this firm and the recommenda

tion was adopted. Dr. O'Malley said that he had received several applications from persons residing in the city who desired to obtain particulars as to the method to be adopted in making application for positions as teachers in the Philippines, and he moved that the secretary be instructed to procure information upon this point. The motion was adopted.

Mr. Jayne moved that the president and secretary of the board be in-structed to invite vice president Roosevelt to address the school children of the city in the Armory next Saturday morning in case he should attend the armory ball. The motion was carried.

A request made by County Superinendent of Schools Taylor that the use of the high school auditorium be granted for two or three nights next upon the occasion of the county teachers' institute was

granted. The teachers' pay roll for the month ecently ended was passed

Auditing Committee Last Night Passed Upon Bills Sent in by Di-

ONCE MORE IN POWER.

rection of Recorder Connell. Thanks to Recorder Connell the oint auditing committee of councils is once more restored to its own. Former Recorder Moir did all in his power to strip the committee of the power

which it formerly held, and he succeeded admirably. He directed the heads of departments o send all bills to his office as soon as approved and to ignore the commitee. His instructions were carried our and for the past six or eight weeks

the committee has had nothing to do. Recorder Connell, when he assumed office, announced that he believed the supervision of all bills by the auditing committee to be a wise precaution, and te advised the heads of departments to send all bills to the committee in the future. The result was that the nembers of the committee when they arrived in the city clerk's office last night, were confronted with an immense stack of bills from the department of public safety and the department of public works. There was also bill for the bonds of the several city officials, which was approved and semto the committee by Recorder Connell

himself. Director of Public Works John E. Roche was present throughout the meeting and explained several items which the committee questioned. It is his intention to attend all the commit tee meetings to answer any questions regarding any bills which may be

questioned. Several bills were held up by the ommittee, among them being one for cubber tires costing \$150, presented by Crystal Engine company. The members of the company recently purchased the tires for its apparatus on their own hook, thinking the city would reimburse them. The committee last night decided that as councils had not authorized the purchase of the tires the city was not responsi-

ble for their payment. Several bills for horseshoeing at \$2 per horse were changed to \$1.50, which is the standard price. There was deal of talking done about the gas bills from some of the fire houses. The gas bill for the Franklin Engine house for April amounted to \$10.50, while the bill for the Crystal Engine house was only \$3.10. The bills for other com panies were proportionately high. The electric light bill for the Nay Aug Engine house for the month of May was

A bill for \$23.31 presented by Danier 1. Slowe, for services rendered as chieengineer of the fire department during Chief Engineer Zizelman's absenwas held up. It was contended that the chief had no right to authorize Stowe to act in his place, the re-organization ordinance providing that it the absence of the chief the ranking foreman shall be in charge.
