William N. P. G. Glancy, a diminutive character, well known in West Scranton for many years, yesterday left for the county init, where he will spend the next sixty days at the expense of the county.

"Willie," as he is familiarly known, was arrested as a nuisance, and application will be made to inquire into his mental condition. For a number of years he aspired to the position of breaker loss at one of the collieries, but owing to his limited knowledge, the operators hesitated about appoint-

he felt was his. An instance of this was given in Bellevne recently, when Glancy ordered a crowd of young fellows off a corner near Golden's hail. When they refused to obey his command, he proceeded to move them himself, but before he accomplished his purpose Willie landed in the man-hole of a

sewer and was nearly drowned. On Tuesday night he attempted to move another crowd off the corner at North Main and West Lackawanna avenue, and the result was that became a foot ball for his intended victims, and when he appeared at the police station be looked

Rev. and Mrs. Sweet Return Home, Rev. J. B. Sweet, D. D., the former paster of the Simpson Methdist Episcopal church, and his estimable wife, who have been spending a few days with friends and relatives in the city, returned to their Oneonta home yesterday afternoon on the 3.52 Delaware and Hudson train out of Scranton.

Dr. Sweet came here to officiate at the Phillips-Williams wedding on Wednesday, and Mrs. Sweet came to visit her relatives in Park Place. Their son Willis, who is also here, will remain, having accepted a position with J. D. Williams & Bro.
The pastor and his wife say they like

it real well at Oneonta, but that the city is not quite as lively as Scranton. They are boarding at present, but will soon commence housekeeping.

During their short stay in the city, Dr. Sweet and wife were greeted by many of their friends and former parshioners, who were glad to again have house, the opportunity of meeting them. The genial clergyman says the latchstring s always open at Onconta for his Scranton friends.

Returning the ramily train will leave the park at 5.30 o'clock, and the late train at 11.45 p. m. This will give the young people the evening for dancing in the park.

Judging from the large number that have already expressed their intention of attending, the excursion will be one of the largest of the season. Nothing intoxicating will be served on the grounds. A large crowd is expected fron: Wilkes-Barre.

An Irate Neighbor.

One of the tenants in the "Rising Sun" block on Seventh street built a fence in the front yard yesterday to protect a patch of vegetables he had planted, and his neighbor objected so stronuously that he pulled up the fence and vegetables and threw them in the Lackawanna river.

The aggrieved tenant appealed to Mderman Kelly's chief clerk for proection, but inasmuch as the alderman was out of the city, it will be neces sary to suspend the legal proceedings until the Eighteenth ward magIstrate

No Truth in the Rumor.

A statement was recently published in one of the city dailies to the effect that P. McCann, the well-known North Main avenue merchant, had purchased the Evnon property at the corner of Main avenue and Swetland street, and also a lot adjoining his commodious store building, with a view of extend-

ing the present facilities. When seen yesterday, Mr. McCann denied that there was any truth in the rumored purchase, and discredited the statement that he intends to purchase the lot adjoining his store, as he already owns the adjoining two lots and has owned them for the past five years,

Nearly every question propounded to her concerning the events subsequent to the first shot brought forth the answer, "I don't re-

BEFORE JUDGE KELLY.

The entire day in the main court coom was taken up with the trial of Andrew Gordon, who is charged with perjury by Simon Nerushas, who last fall was acquitted of the killing of John Miskus, on March 17, 1896, Nerusas was committed to jail mainly on the testimony of Gordon, who aileged that he was passing the house

of Miskus on the night of the murder and saw Nerushas hitting Miskus on the head with an axe. It is alleged that this was a wilfully false statement, for Gordon not only did not hit Miskus on the head, but even admitting that it was true that he lid, it would have been impossible for Gordon to look into the house as he said he did.

Alderman Edward Fidler, before whom Gordon was sworn at the preliminary hearing, testified that Gorton said he saw Nerushas strike Miskus on the head with an axe and number of persons who were at the hearing corroborated this statement. Simon Hinerfeld testified that he beard Andrew Miller, the prosecutor Judge Carpenter called Messrs, Newir the murder case against Nerushas, accuse Gordon of having sworn falsely lively for the defense and prosecution, against Nerushas. Joseph Moglinsky testified that Gordon told him to tell Nerushas, while the latter was in jail, that they would let up on him if Nerushas gave them \$20; if he didn't, they would

swear him to the gallows. In his defense, Gordon reiterated Mrs. Bevilacqua, and she was asked the story that he saw Nerushas hit Miskus with the axe, and he called witnesses to prove that Moglinsky and other witnesses for the common wealth were unworthy of belief. Mrs. Andrew Gordon swore that after the killing. Nerushas gave her a ring and told herself and husband to keep quiet about what they knew about Miskus'

death. In rebuttal Nerushas denied that he gave a ring to Mrs. Gordon and witnesses were called to testify that they would not believe Gordon under any circumstances. The evidence is all in and the arguments to the jury will be
