THE MARKETS.

New York, June 18.—The pressure to sell stocks was chief in the morning through resistance in the market today and carrying the general level of prices to a materially lower basis. BURDENED WOMEN

Tourists upon the European continent are amazed to find women doing the work which in America is left entirely to the men. It shocks the American sense of chivalry to have a woman pick up the trunk and handbag, and carry them while he walks empty-handed.

The finest and fairest woman in the world is the American woman. Her one defect is the womanly weakness which so often destroys her beauty and mars her usefulness while she is yet in the springtime of life.

There is not a woman who would not be glad to lay down this burden of ill-health; to exchange the dragging step, the sensitive nerves, the pain-racked body, for a body glowing with abundant health.

Before I commenced to use your medicine I was in a bad condition (for eight years) and four doctors treated me, writes Mrs. Bettie Askew, of Garysburg, Northampton Co., N. C.

The wonderful curative properties of Dr. Pierce's Favorite Prescription are best displayed in the cures of chronic diseases, which local physicians had treated without success or pronounced to be absolutely incurable.

Sick women, especially those suffering from chronic forms of disease, are invited to consult Dr. Pierce, by letter, free. All correspondence is held sacredly private and strictly confidential.
