## BAD TANGLE OF CHARGES

THEY WERE AIRED BEFORE ALDERMAN KELLY.

Attractions Offered to the Public on Independence Day—Donations to St. Patrick's Orphanage Acknowledged—Officers of Ripple Division, Sons of Temperance Installed—H. Adams Complained That Tools Owned by Him Were Stolen from a House at Lincoln Heights.

Alderman Kelly had his hands full yesterday in disposing of suits and counter-suits, in which both John Copack, of Taylor, and Michael Savage, of Luzerne street, were the victims. It seems that Savage boarded with Copack and when the former left his boarding place he left an unpaid bill amounting to several dollars. Copack had a warrant issued, charging Savage with defrauding him, and the alderman gave judgment for the amount. Then Savage had Copack arrested for the larceny of some clothing which was held in lieu of the unpaid board bill. When this case was disposed of, Copack had Savage arrested for disorderly conduct and making threats. He was held in jail.

Copack was then arrested at the instance of Savage, who charged him with assault and battery, making threats, disorderly conduct, fraud, and several other things. He was fined \$5 and costs on one charge, and held in \$800 on another.

More Tools Stolen. S. H. Adams, of 2215 Pittston avenue, reported to Lieutenant Williams last night that a set of his tools had been stolen from a new house on which he was working in Lincoln Heights.

The tools are as follows: One plane, one brace and bit, two chisels, one compass, screw driver and one carpenter's saw set. Any information regarding the theft or the tools can be communicated to the police headquarters.

# The Holiday Trade Rush

Is now in full swing, and we're as busy as can be in all departments where holiday outing supplies may be had. Shirt Waists and Wash Suits are phenomenally active and there's a reason for it. We've got the patterns, qualities and styles that knowing buyers want. The Hosiery, Glove and Notions Departments are also taxed to their utmost, while those in search of fashionable headgear at the lowest possible cost, are reaping a harvest in our Millinery Department. It's the same way with the men, among the Gents' Furnishing Goods, for this is an age when right styles and extra values are appreciated.

But Perhaps the Most Interesting Item of Store News Today Lies Among the New Creations in Ladies' Neckwear A Window Full of Latest Novelties & waits Your Inspection Today and Tomorrow

While a few extremes for lovers of pronounced styles may be seen in the department besides all the popular ideas that have hit the people's fancy. Full lines of Fancy Ties in Lawns, Batistes, Mulls, P. K. Linen and Wash Silks, especially designed for the holiday trade, and at prices within the reach of people of moderate means. Pique stocks and the "New Amazon" Collars, with just enough mannishness about them to be interesting. But mere talk on Ladies' Neckwear is just so many words wasted. Every day brings new ideas from the many artists who give up their entire time to the creation of novelties and their work must be seen to be appreciated.

SOUTH SCRANTON NOTES. Yesterday morning at 9 o'clock all that was mortal of the late John Allen was laid to rest in the Twentieth ward cemetery. The home of the bereaved family, on Birch street, was thronged with friends and relatives for hours previous to the time of the funeral. At 9 o'clock the casket was closed, and the funeral moved to St. Mary's church, where a requiem mass was celebrated by Rev. Peter Christ, who preached a brief sermon, during which he spoke feelingly of the death and offered comforting words to the bereaved. He asked those present to remember the dead young man in their prayers. At the conclusion of the services the remains were taken to the cemetery. The members of St. Peter's society, who attended the funeral in a body, acted as pall-bearers.

DUNMORE. Picnic and Clambake. Tomorrow, July 4, will be fittingly celebrated by the members of the Independent Hose company with a picnic and clambake at Keystone hall and gardens, which is expected to surpass all former events held by these popular fireladders.

The committee that have the affair in charge have labored earnestly and are prepared for a vast assemblage of guests. Every possible precaution has been provided for the enjoyment of guests, and a day with the firemen will be one long to be remembered. A first-class orchestra will furnish dancing music in the spacious parlors.

The Roma band of forty pieces has arranged to give an open-air concert on July 4 at the Independents' picnic at Keystone park. This organization has recently engaged Prof. Rodney, of New York city, who has reorganized the band and made it the peer of any musical aggregation in Lackawanna county. The specially prepared programme should be heard by all lovers of music.

NOTES IN BRIEF. In connection with their monthly business meeting the Epworth league conducted an entertainment and social last evening. The entertainment was short, but the members indicated that each person well deserved the applause they received. Miss Emma Bone executed a difficult piece on the piano, and her playing showed that she is no amateur in that art. The vocal solos by Misses Ruby Vost and Edna Reynolds were very fine, and showed careful training. Miss Ethel Litchman recited in a stirring manner that beautiful poem, "The Whistling Regiment." At the conclusion of the programme ice cream and cake were served, and all agreed the meeting was a success in every way.

A pleasing feature of the gathering was the fine singing by the League choir. Rev. G. W. Chadwick, who was to deliver the address, was detained at home by the intense heat. The funeral of Katherine Schweitzer will take place from the residence of her father, Conrad Schweitzer, on East Drinker street, this afternoon at 2 o'clock.

Henry Rodway, of Salem, was arrested yesterday afternoon by Officer Frank Suenen for being drunk. He was placed in jail for the night and will be given a hearing by Burgess Burschel some time today.

We do not want to report a terrible street car accident in Dunmore, but fear it will be necessary if more care is not exercised in running the many cars around the "corners." The speed is entirely too rapid for safety.

The mercury in the thermometer at Bone's drug store was kept busy yesterday morning and until 102 in the shade was reached at 2 o'clock. Later in the afternoon Foreman Wert, of the Neptune Hose company, very thoughtfully cooled off the "corners" by testing several fire hydrants. Fortunately none were found frozen.

GREEN RIDGE. The Woman's Home and Foreign Missionary society of the Green Ridge Presbyterian church will meet in the lecture room of the church this afternoon at 3:30 o'clock.

He is survived by three children, Helen, Francis and Richard; two sisters, Mrs. John Manley and Mrs. Michael Manley, and one brother, Oliver. Deceased was about 60 years of age and was employed as a street car conductor in New York.

MRS. JOHN CAWLEY, of 817 Brook street, died yesterday noon at 12 o'clock after a one day illness, the cause of her death being heart failure. Deceased was 43 years of age and her death brought grief to a large number of friends who loved her for her amiable nature and sunny disposition. She was a member of the United Reformed Church, a member of St. John's church. She is survived by a husband and two children, Mamie and John. The funeral will take place Thursday morning with services in St. John's church.

JOHN C. LAVELLE, of 1698 Prospect avenue died Sunday aged 52 years. He is survived by two daughters, Mrs. P. J. McCann and Miss Anna Lavelle; two sisters, Mrs. Peter Walsh and Mrs. Mary Lavelle; one brother, Mr. Michael Lavelle, of Moosic. The funeral will take place this morning at 9 o'clock from St. John's church. Interment in the Cathedral cemetery.

## Sports of Many Kinds.

Great interest is rife among members of the Scranton Bicycle club over the pool tournament inaugurated there and every night numerous spectators watch the sports as they study out complex shots and gracefully drive the ivory spheres into the pockets.

Three new tables were put into the club's last week. Two pool tables and one billiard table. There are numerous lovers of the game of pool among the members and arrangements were immediately put under way for a tournament. J. W. Dusenbury and E. P. Ryan, taking an active interest in starting the contest.

Several prizes are offered for the best playing, as a result of which the work is fast and furious. There are twenty-four entries, and as it is a handicap match the contestants are arranged into four classes, each man to shoot one hundred balls. The first match took place Friday night and the tournament will probably last several weeks.

Base Ball. BRAY, the heavy hitting outfielder and captain of the Lafayette base ball team of '99 is playing in the outfield for the Atlantic City team. There must be something essentially wrong in the makeup of that Philadelphia American League team, for no matter how hard the player line out the ball it seems almost impossible for them to corral a game. On Saturday last they made twenty-three hits against Baltimore. McGraw's men having struck for less, and yet winning. And on Monday the Athletics stacked up nineteen hits against Washington; and yet only hit the game. And in Monday's game a large per cent. of the drives were for extra bases only. Lajoie and Seybold had home runs. Lajoie a triple, and Crow and Seybold two basers. Billy Coniglietta of this city was in evidence at the Washington third corner and broke off a single, double and triple at last leading his team. Milligan who pitched here last season, was in the box a short while for Philadelphia but retired on account of the heat.

The peculiarities of baseball were never brought into fuller prominence than Sunday when the New York team second in the National League race and only a few points behind Pittsburgh played and were defeated by the Hoboken semi-professionals, 4-5. The score, Paulkner the Hoboken pitcher, completely mystifying the crowd, drew thousands of cyclists. The game before made two slugs and a brace of three baggers against Chicago was completely mystified, striking out five times.

Dave Pultz is making good with the Athletics both in the field and at the bat and is moreover running the bases well. His fellow collegian on the team, Hayden, the University of Pennsylvania player has taken an awful slump in both batting and fielding.

Edouard Taylor, of the Harrow racing team and the English champion, will essay to follow the puttering motor machines for the first time. Yesterday he agreed to compete there in a five-mile paced race against Eddie McBuffie, who makes his initial appearance of the season. The race will be best two in three heats of five miles each, paced by motors.

Gascoyne and Jenkins, the English riders, members of the Columbia racing team, promise to be well received by the American racing public. Both are above the average in ability and are most determined to make their way in this country. Lucien Griegret, the French sprinter, of the Cleveland racing team, is slowly rearing into shape. The three men were honored with positions on the team of the American Bicycle company and are anxious to hold up their end.

So successful have the sprint races been of late up through New England that many of the promoters want more dates on the grand circuit than it is possible for them to get. New Haven and Hartford have had record breaking crowds.

Indianapolis shows great interest in cycle racing. Tom Hay took the Newby Oval track and by good advertising gained the interest of the public. A meet postponed twice drew 4,000 people, and now Indianapolis is to have a number of first class meets with the very best of talent. The sprinters of the eastern country have been surprised by many liberal offers from the Hoosier capital.

The American champion of '99 was

Addresses were made by President Earle and M. M. Belding, Jr., chief consul of New York state.

The L. A. W. president expressed himself confident that the league will pick up again its old strength. "It seems just such a gathering as the wheelmen will enjoy here," he said, "a meet combined with the N. C. A. races will be like old times, and, coupled with the attractions of the exposition, should draw thousands of cyclists. The league will surely regain its old membership, for wheelmen must appreciate that in union only is there strength." "During the past three months," continued President Earle, "I have traveled over a large part of the United States and Canada, and I can positively state that every cyclist who can leave home in August is coming to Buffalo and that it behooves the L. A. W. to take advantage of this fact."

Colonel Abell in addition to being President of the United Buffalo Wheelmen and chairman of the local entertainment committee, is also chairman of the L. A. W. National Pan-American committee.

All of the prominent clubs were represented and many of the old timers were present at the meeting and everything points to one of the largest and most interesting meets held in the history of the league.

Edouard Taylor, the diminutive Frenchman, of the Harrow racing team, has been sick for two weeks owing to the uncertain climate which has prevailed since his arrival in America. He has started well by winning a race from Pierce and Caldwell. A report from Baltimore yesterday states he is riding again and going very fast. The swarthly foreigner will follow the entire circuit arranged for the pace-followers.

On July 4, at Revere Beach, Mass., Sydney Jenkins, of the Columbia racing team and the English champion, will essay to follow the puttering motor machines for the first time. Yesterday he agreed to compete there in a five-mile paced race against Eddie McBuffie, who makes his initial appearance of the season. The race will be best two in three heats of five miles each, paced by motors.
