LIGHT DAY AT

Fourth Conference of the Christian Endeavorers Marked by a Modest Programme.

THE FINE SPEECHES MADE

Res Canon B. Richardson, of London, Presides at the Auditorium-Booker T. Washington, of the Colored Normal School at Tuskegee, Ala., Among the Speakers-He Is Given an Ovation-An Eloquent Appeal for His Race.

By Exclusive Wire from The Associated Press. Cincinnati, July 9.-The fourth day of the conference of the Christian Endeavor society was a light one so far as the programme was concerned but the Endeavorers in their determination to miss nothing were out en masse in attendance at the two big meetings today. At the last moment the three big music hall rallies were consolidated into two meetings which held in Auditorium Endeavor and Williston. This same arrangement in all probability, will hold good during tomorrow and the third meeting which is scheduled for Auditorium Ohio, will be dispensed with. Auditoriums Endeavor and Williston are amply sufficient to accommodate the Endeavorers.

After the usual two quiet hour meetings in the morning which open every day's programme the big auditorium were thrown upon for a discussion of The Twentieth Century Church. Rev. Canon B. Richardson, of London, presided at the Auditorium Endeavor, assisted by C. F. Jacobs as musical director, Mr. Stranahan, of Sabine, led the devotional services and Mr. Marian Lawrence of Teledo delivered and address on the power of the Sunlay school. Rev. Howard W. Pope of New Haven, Coun., spoke at length or The Power of Personal Work," which re said constitutes the only effective way of extending the church and Christianity. Rev. A. J. Lyman of Brooklyn, spoke on "The Power of the Rev. Lyman arose from a sick bed against the advice of his phy-sician to attend the convention. As he advanced to the front of the stage to speak, he was the reciplent of a tremendous ovation and he had proceeded far into his address which he eleverly punctuated with dialect and other stories of the colored folk until he had won a warm spot in the hearts of his hearers. He traced his own career from that of a slave through bitter struggles he had to at taln what he now has and told of what he had done for his race.

"I do not believe that in all the history of the country," he said, "has there been such a need for strong, unselfish, pure and intelligent men who are wiling to sacrifice ambition, position, fortune and confort for the welfare of their fellow men. The one thing worth living for is the opportunity to make some individual more happy, more useful."

He made an impossioned appeal for nis people and asked that they be judg ed by the best among them and no the lowiest. He said the privileg of teaching and lifting up a fellow hu man being is the highest privileg given to any man and that he long ago learned that to cherish harred exen against white man in the South was unchristian

VERSION OF THE MEN

The Committee Claims That the Company Broke Faith in the Agreement with the Employes. It Is Asserted That the Railroad Company Will Endeavor to Run Their Shops with New Hands,

By Exclusive Wire from The Associated Press. Philadelphia, July 9.-At the office of Acting President J. Lowber Welsh, of the Reading Railway company, today, it was announced that with the issuance of yesterday's proposition to the striking employes of the company the last overture has been made. The strikers having failed to take advantage of the offer made by President Baer and the supplementary promises issued by Mr. Welsh they will not now be regarded as employes and efforts will be made to fill their places.

An official of the company said: "It is evident the men don't care to live up to the terms of President Bacr's All we can now do is proposition. await developments. We don't fear an extension of the strike because we believe the bulk of our employes are fully aware that we have tried to meet the strikers half way."

Version of the Employes.

Reading, July 9.-The Reading rallroad shop hands' executive committee met here today when the strike situation was considered. The committee claims that as the company broke faith with the agreement reached between President Baer and Chairman Eoscher they now stand where they were before that agreement was made and the contest is again on the original list of grievances. Chairman Boscher said today that the men have decided to stand out for their list of grievances as presented to the company as though the agreement with Mr. Baer had never been made and that latter will no longer figure in the contest.

President Welsh said that the company, having exhausted its efforts at conciliation, would now try to run the shops with new hands. This, it is believed, will lead to trouble and it is predicted that if the company introduces new men at the shops tomorrow serious disturbance will ensue.

CHINA WANTS INDEMNITY

Formal Glaim Has Been Filed by the **Ghinese Government Through** Mr. Wu Ting-Fang.

RESULT OF BUTTE AFFAIR

Wu Ting-Fang Presents a Claim for Indemnity to the Amount of Half a Million for Alleged Outrages Upon Chinese at Butte, Montana-A Suggestion of Boxer Outrages Reversed-The Claimants Number Several Hundred.

By Exclusive Wire from The Associated Press. Washington, July 9.-The Chinese government, through Minister Wu Tingfang, has filed a claim for indemnity to the amount of a half million dollars, on account of alleged outrageous treatment of Chinese at Butte, Mont. There is a suggestion of Boxer outrages reversed in the presentation of the case to the state department, the treatment inflicted upon the Chinese at Butte being claimed to have been cruel and oppressive. It is charged that some of them were killed, others lost their property, and nearly all were ruined in business, and many of them were driven out. The claimants number several hundred.

The outrages date back to 1886, and is declared that the city council of Butte upheld the rioters and the boycotters; that the state courts upon appeal decided in language so unjudicial as to be itself a subject of complaint that the city council was right and finally that relief could be obtained only measurably through an appeal to the United States Circuit court. The claim raises some novel and extremely interesting points of international law.

BOER ON THE TRINIDAD

Remarkable Experience of Wm. 8 Dupley Who Escaped from Merrill's Island, Bermuda.

By Exclusive Wire from The Associated Press, New York, July 9 .- One of the Boer prisoners recently taken to Merrill's ress when Ruhlin's big arm tried to island. Bermuda, from South Africa, was a stowaway on the steamer Trinidad, which arrived here today. His name is William S. Dupley. The au-

thorities here sent him to Ellis Island. The British, when they captured Dupey, sent him to Merrill's island, where he was known as No. 1.749. Last Priday he saw a chance to escape and he took advantage of it. He threw himself into the water off the island and floated about for hours, waiting to be picked up. He was sighted by two Bermuda fishermen, who took him aboard their fishing boat and landed at Hamilton. There he eluded pursuit and in duced two stokers aboard the Trinidad to stow him away in the coal bunkers, He remained there during the trip of

the vessel to this port.

When the Trinidad came into port, 'aptain Frazer was handed a message rom the agents of the line, saying a cablegram had been received from the governor of Bermuda to the effect that in escaped prisoner was believed to be stowed away in the steamer, and asking that he be detained and returned. aptain Frazer instituted a search and found Dupley covered with coal dust, and nearly dead from confinement and hunger. He is detained as a pauper for examination before the board of inquiry.

In the afternoon Dupley was ar raigned before the special board of inquiry. The young man admitted that e was a Boer soldier, and that he had escaped from the British military prison recently established at Bermuda, He said that he came to this country purosely to earn his own livelihood, and there was no chance of his becoming a public charge.

His case was deferred until his friends can be heard from. He was sent back to the detention pen. Sir Percy Sanderson said that he had not been officially notified of Dupley's escape and recapture.

GUS RUHLIN THROWS BOB FITZSIMMONS

The Graeco-Roman Wrestling Match at Madison Square Garden Witnessed by Large Audience.

By Exclusive Wire from The Associated Press. New York, July 1.-Gus Ruhlin and Bob Fitzsimmons, in a Graeco-Roman wrestling bout attracted 2,500 people to Madison Square garden tonight. Ruhlin was both cleverer and heavier than the Cornishman and won two falls in succession with a quarter of an hour's rest between them. Ruhlin showed that he knew a great deal more about the game than Fitzsimmons did and it was the latter's agility which prevented his being thrown much more quickly. In the boxes around the wrestling platform was a gathering of whose faces were always a familiar sight at the ringside when boxing was in vogue in this city. Several noted fighters were in evidence, among them being Tom Sharkey, who has taken to the wrestling game recently, and Terry McGovern, who acted as timekeeper, Charley White was referee.

There were three preliminary bouts between lesser lights before Fitzsimmons and Ruhlin made their appear-When Fitzsimmons jumped ance. upon the platform the crowd cheered, Ruhlin soon followed him and also got a warm welcome. His weight was announced at 195 pounds and Fitzsimnons was said to weigh only 160. When they faced each other the spectators cheered as Fitz, in trying for a hold, swung his right as if he were going to He repeated these tactics a couple of times to the intense amusement of the onlookers. Ruhlin dropped and remained on the defensive three times and twisted quickly, the third time getting Fitz underneath for a rolling fall. They got up again and Fitz ducked with his old time cleverencircle his neck and the movement made many remember the last meeting between the two big fellows.

With Rublin again on the defensiv Fitz got a strangle hold, but only for a few seconds, as Ruhlin broke it cleverly. When they came together again they sparred as if for an opening at the old game and ocasionally slapped each other on the neck and shoulders After five minutes of this kind of work Fitz got a back body hold and put Gus to the mat, but only for a moment, He repeated this twice over and secured a strangle hold which Ruhlin broke easlly. Ruhlin was too heavy for Bob who essayed a back hammer hold, but was unsuccessful and they got to their feet again. Fitz, with a body hold from the back, gave Ruhlin a flying fall and Gus knelt on the mat in defense. Fitz secured a neck hold and

and nothing came of it and they got up once more to their feet. Fitz then got a throttle hold on Ruhlin and tried to pull him over, but Ruhlin stood close and fell on Fitz and with a combination lock pinned Fitz's shoulders to the mat, galning the second fall and the match. THE BUCKEYE DEMOCRACY

McLean-Kilbourne Element Has Secured Control and Will Rule Convention at Columbus.

NO CONCESSIONS MADE

While Unusually Courteous, the Mc-Lean-Kilbourne Element Make No Concessions to Their Opponents. They Hold Everything in the Rival Districts.

By Exclusive Wire from The Associated Press. Columbus, O., July 9.-The McLean-Kiibourne element at the district meetings this afternoon secured control of all the committees and will accordingly have everything their way at the Democratic state convention tomorrow. They were so strongly in the majority

that there was no friction. In the Twentieth and Twenty-first listricts, which include Cleveland, the Johnson men had things their way as much as the McLean men in the First and Second districts, which include Cincinnati. But in the rural districts the latter element had almost everything. The controlling element did not "ride rough-shod" over minorities in any of the districts, but when names were proposed for places on the committees there were inquiries as to how they stood, and if the replies were not satisfactory they were excused in some ases as quietly as jurors and in others with ballots.

No Concessions. The McLean-Kilbourne element, while inusually courteous, made no conces-The old state committee met sions. previous to the district meetings and gave the tickets to the McLean-Kilbourne men, where there were contesting delegations, and they took all the districts except those which include Cleveland, in which, under the unit

rule, they could not control a vote. But the Johnson men, after the result of the district meetings, promptly announced that they would carry the fight into the committee on resolutions for an all-night struggle, and then into the convention tomorrow "for a finish, They have two strong men and vigorous speakers in Heisley and Baker, both members of Mayor Johnson's cabinet at Cleveland, on the committee on resolutions.

It is predicted that the convention will not reach the order of nominations until late tomorrow afternoon, and that the proceedings may be protracted into the night. Former Governor Campbell is with the Schwab delegation from Butler county, and the Mason-Gray delegation from that county was today given the tickets by the old state committee. With all the efforts of the McLean-Kilbourne men for harmony, there is every indication of unusual cenes on the floor of the convention over minority reports, and especially on credentials and resolutions.
