KILBOURNE NOMINATED

He Heads the Ticket Selected at the Ohio Democratic State Convention.

COLD STEEL FOR BRYAN

Bitter Things Are Said About His Leadership by the Committee on Resolutions and His Name Is Not Mentioned on the Platform-A Banner Containing His Portrait Is Trampled Under the Feet of Delegates-Kilbourne's Nomination for Governor a "Spontaneous Combustion."

By Exclusive Wire from The Associated Press. Columbus, O., July 10.-The ticket nominated by the Democratic state convention today is as follows:

Governor James Kilbourne. Licutement Governor-Anthony Hewells. Andre of Supreme Court-J. S. Hidy, Clerk of Supreme Court-Harry B. Young, Attorney General M. B. McCortly. Treasurer of State-R. P. Alshire Member of Board of Public Works-James B.

The convention today had more prominent men as delegates than any convention of Democratis in Ohio in many years. The nomination of Colonel Kilbourne was appropriately called "spontaneous combustion." Howelts, Hidy, Alshire and Holman were favorites from the start. Young sprung as a surprise and nominated over Smoots, who had been such from the police benefit fund. a favorite that others would not previously enter the race for clerk gates outside of Cleveland knew Young and he was named because Cuyahoga wanted him. Cuyahoga could get anything it wanted except the head of the state ticket, after the Johnson amendments were engrafted into the McLean platform, and that document as amended was

adopted with much unanimity. It was currently reported that Johnson desired the nomination of Monett as attorney general and that the Mc-Lean men wanted Monett defeated, The defeat of Monett was so decisive as to be a feature of the convention Monett, as attorney general, had brought suits against the Standard Oil company and other corporations to cancel their charters, under the antitrust laws. He had sought a third term nomination from the Republicans on the issue that he should be retained to continue these procutions. After his defeat for the third term nomination in 1899, he supported Bryan in 1900 on the anti-trust issue and canvassed Ohio and other states with Bryan.

Bryan in the Dust.

In the alleged stampede "for principles rather than men," the most striking turn of the convention was The most bitter things were said of his leadership in the committee on resolutions this morning, where it was insisted his name should not be mentioned and that there should be no reference to national platforms on which he made his campaigns. After this plan had been agreed on one of the two members of that committee offered a minerity report reaffirming the Kausas City platform and expressing confidence in Bryan. He received only six votes from the 950 delegates on his substitute for the preamble. A few moments after the platform was adopted one of these six delegates called attention to the fact that pictures of other Democrats were displayed in the hall and none of Bry-an, as heretofore. He started to carry small banner with Eryan's picture on it to the platform. The aisles were ordered eleared, but the picture did not reach its destination. trampled under foot and spoiled during the wild demonstrations when Kilbourne was escorted into the hall.

While it is generally believed the marching clubs did not know they were walking over Bryan's picture yet there was much comment after the convention that the picture was not treated worse than had been the old standard bearer himself by the committee on resolutions and the conven-

Platform Causes Comment.

Members of the committee on resolu tions said over and hour was spent last night to strike the word "saleable out of the plank on railway taxation and several hours in denouncing the Chicago and Kansas City platforms and the leader who stood on them, platform caused much comment tonight over what it does not say as well as ever what it does say. Unusual interest is being taken in the selection of members of the state eexcutive committee by the state central committee, since the convention concluded its The state central committee met last night and adjourned over until today and today it adjourned until July 20 without selecting its chairman or secretary. It is said none of the candidates for either of these places can secure a majority of the 29 votes and that Cod. Kilbourne will be compelled to co-operate with either the McLean men or the Johnson men, who are not talking friendly of each other. to cantrol the state executive committee. In the selection of this executive heard the head of the ticket has always been consulted. In this connection, there are all sorts of rumors about the senatorship for which the vention endorsed no one as the Demoeratli candidate to succeed Senator Foraker. The names of J. R. McLean and Tom L. Johnson are most prominently mentioned in this connection. Both have strong friends on the state central committee, which is said now not to stand tonight as it was thought to stand yesterday and it may show a more radical change than ever tomorrow. The meeting ten days hence system.

will be watched with much Interest by those who are interested in the party machinery. Some say that "The gold Democrats" got back this year but that "other isms" were adopted that will cause as much trouble as "free silver and populism," It is conceded that this convention has been the author of a "new departure" in some of its declarations, and some think the changes may extend tothe party organiza tion and possibly to the leaders.

HOMESEEKERS ARE ON HAND

Thousands of Whites Have Aireadu Flocked to the Border of the Indian Territory.

PREPARED TO REGISTER

Following the Proclamation of President McKinley Nearly 50.000 other general legislation not yet act-Applicants for the 13,000 Farms Are Filing Their Names at the Registration Booths at El Reno, I. T .- The Lottery Scheme of Disposing of the Farms Has Robbed the Event of Many of Its Picturesque Features.

By Exclusive Wire from The Associated Press. El Reno, O. T., July 19 .- Following out the proclamation of President Mo-Kinley, opening up to settlement to the whites of the 13,000 farms in the Kiowa-Comanche country, the first registration of home-seekers was made here and at Lawton at 9 o'clock this morning. Hundreds came tonight and tomorrow and Friday the registrations will contniue until all who comshall have been given an opportunity to file their names. The drawing, by lottery, will bigin on July 29, and ther until then none of the 50,000 applicants will know whither or not he has been lucky enough to receive a homestead. The lottery scheme robbed the opening of the picturesque run and the exciting times incident to the great opening of the Cherokee Strip ten ears ago. Compared with that event, the affair today was tame in the exreme. Although there are perhaps 20,000 people in town, practically no disorder prevailed. As a rule, home-seekers are well provided with money and provisions, and aside from the long wait in the sun before the

registration booths no serious inconvinience has been experienced. Last night hundreds of people slept in the streets to maintain their places in lines, which began forming yesterday at the six registration booths at El Reno. Many had walted on the border of the new country for two border of the new country for two Making it a midden-easor for any person con-years or more and the last night of nected with any line of telegraph or telephone their long vigil was the most trying company to use or cause to be used or make they had experienced. The wrecked train was the first section and contained no feaguers. Conductor McAnna, of the freight train, east bound, had been ordered Within the past twenty-four hours to meet the second section of the passenger at Slater, the next station east of Norton, but apparently overlooked the fact that the first section, which was fifty-five minutes late, had not passed. The head brakeman on the reight, who was about four cars from the engine, says Conductor McAnna assumed the throttle himself on leaving Marshall and was running the engine when the collision occurred. The trains met two miles west of Norton, on a curve surmounting a high embankment. A relief train started from Kansas City at noon and reurned here with the injured at velock this evening. Those who died on the way were delivered to the un-
