**FORTY MINES CLOSED DOWN** 

FIREMEN'S STRIKE NOW ON IN EARNEST.

About Half the Mines in This Valley Were Tied Up Yesterday and President Mullahy Claims That Nearly Tuesday. All Will Be Shut Down Today. Mine Workers at the Dickson and Von Storch Mines Decide to Go Back to Work Today-Street Rail- cause they refused to take the strikers' way Firemen May Strike.

The strike of the stationary firemen employed at the mines throughout this valley was on in earnest yesterday, when about 25,000 men were thrown out of employment by the closing down of about forty mines. Only about one-half of the mines have been closed down so far, but the strikers appear confident of shutting down nearly every mine to-

day,

They may experience a great deal of difficulty in doing this, as the action taken late yesterday afternoon at a meeting of a large number of the mine vorkers employed at the Dickson and Von Storch mines of the Delaware and Hudson company would indicate.

These men, after much discussion, de rided to notify Assistant Superintendent Ross that they would return to work this morning, if he would secure men to do the firing. Mr. Ross announced to the committee which waited upon him that he would have men ready to do the firing, and it is exthis morning. These two mines have been closed down since Tuesday morn-

ing, as a consequence of the strike. Feeling at the action of the mine workers in thus repudiating the strikers runs high among the latter.

ALL BUT SIX CLOSED. Twenty-four of the thirty mines operated by the Delaware and Hudson company were closed yesterday, the six which were running being the White Oak, Clinton, Olyphant, Greenwood No. , Greenwood No. 2 and Baby Creek. Superintendent Rose, of the coal department, sald yesterday afternoon that the company was as firm as ever and that no overtures whatever had been made to the men.

It was stated at the office of Superintendent Loomis, of the coal depart nent of the Delaware, Lackswanns and Western company that only six of the twenty-five mines operated by that ompany were closed as the result of the strike. These were the Bliss, Woodward, Auchincloss, Hallstead and Caywhich were closed on Tuesday and the Brisbin, which was shut down vesterday.

Three of the fourteen mines controlled by the coal department of the Ontario and Western company were reported as yesterday by General Manager John R. Bryden. These were the Pancoast, at Throop, employing 1,000 men; the Johnson, at Priceburg, employing 1.250 men, and the Richmond No. 3, in North Scranton.

Superintendent Brink Thorne, of the Temple Iron and Coal company, stated that only two of the company's mines the Harry E and Mt. Lookout, down the valley, were closed down as a result of the strike. As far as could operated by the Pennsylvania Coal ompany were closed down. These Forge, at Old Forge, Pittston and

RESOLUTIONS ADOPTED. A mass meeting of the strikers was

held yesterday afternoon at O'Malley's hall in North Scranton, and was addressed by State President J. P. Mullahy and State Secretary and Treasurer Gerrity. The following resolutions were unanimously adopted by the 200 firencen present at the meeting: Whereas, It has come to our knowledge that one of the stationary firemen are still working

parable injury by them continuing to do so

Resolved, That we, the stationary firemen of Local No. 50, L. R. of S. F., and others who are in attendance and on strike, place ourselves on ord as asking all stationary fremen, irregard less of what union they belong to, to quit work at once, and that we will stand by them to the last, and assure them that he will not go back until every fireman and persons who sacrif their positions in our behalf are reinstated.

Todd, of New York, who bid \$114.31 These resolutions are directed principally at the firemen who are members of the Mine Workers' organization and not members of the firemen's Brothers & Co., of New York, to whom association and who have been directed by the Mine Workers' district board not to go out on strike until ordered to do so by their own officers.

These firemen, according to th strike leaders, are flocking to the firemen's organization. It was stated yesterday that fifty-nine new members were received during the day into the local lodge and that these would all go out today. A member of the district board of the United Mine Workera said yesterday afternoon to a finest mahogany wood, and in perfect Tribune man that by joining the fire-condition. Just received and is now men's organization a United Mine Worker would lose the support of the tone is delightful, and the plane is latter organization and would have to absolutely perfect. Just as good as depend entirely upon the firemen for

MULLAHY'S STATEMENT.

President Muliahy, when seen after he meeting by a Tribune man, was loath to make any comment upon the action taken on Tuesday by the district board. He had not been notified officially, he said, that any action had been taken and was therefore not prepared to say anything about it. garding the general situation, he said:

'The situation today is most prom ising and I expect to see nearly every mine in this valley, including the tomorrow night. The firemen who are members of the Mine Workers' organization are coming into our asso-ciation by the score. I expect that we will win out in this valley before the end of the week. We must do it. The men who are doing the firing at the ollieries which have been closed down re not seasoned and hardened to the work of a fireman and are incapable La Vencedora, Perfectos, box .... 5.00 of standing the intense heat. ompanies will be forced in acceding to our demands by the danger of their mines becoming flooded.
