T. E. Price's Route Carriers Were in Evidence at Nay Aug Park Yesterday As Usual-Whereabouts of Mrs. White Unknown-Old Lady Missing from Home Driving Club Will Have Another Race Meet. Other News Notes and Personal Paragraphs.

The countless number of newsboys who handle The Tribune and other papers in West Scranton were up bright and early yesterday morning, and after delivering their routes lined up in front of T. E. Price's news stand at 7 o'clock, where they were decorated with badges, supplied with flags and banners and caps, and other parphernalia for the parade.

The boys had been anticipating the event with much pleasure, and they were not disappointed, judging from the way they helped to devour the sixty gallons of ice cream, ham sandwiches pie and cake, etc., which was furnished them at the park. When the assembly was sounded by the St. Peter's Fife and Drum corps, Mr. Price was ably assisted in marshaling the boys by Willard Oliver, Bernard Kelly, Bert Thomas, Daniels, Thomas Daly and Frank Hughes.

Chief Marshall Price was mounted on horseback, and his mounted aids were Theodore Phillips, Gomer Farr, Wesley Jones, Myron Rittenhouse and Joseph Phillips. A number of the boys rode their bicycles and the remainder were on foot. Naturally the West Scranton boys had their favorites in the races end a majority of them came out vic-

Myron Ritenhouse, who was looked upon as a winner in the pony race, was thrown from his mount. He had won the first heat and was in the lead in in the second heat when his pony shied and ran into a tree, throwing the young rider heavily to the ground. It

### What "Discovery" Did.

"For six long years I suffered with my liver, kidneys, and indigestion, which baffled the best doctors in our country," writes E. L. Ransell, Esq., of Woolsey, Prince William Co., Va. "I suffered with my stomach and back for a long time and after taking a 'cart-load' of medicine from three doctors I grew so bad I could hardly do a day's work. Would have death-like pains in my side, and blind spells, and thought that life was hardly worth living. I decided to consult Dr. R. V. Pierce, and his staff of physicians. They said my case was curable and I was encouraged. I began taking Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets,' as advised (in August 1898). Before I had taken half of the second bottle began to feel relieved. I got six more bottles and used them, and am happy to say I owe my life to Dr. Pierce and his medicine. These words are truths, as I live, so if this testimonial can be used in any way to be of benefit, you need not hesitate to use it. I shall stand for the Invalids' Hotel and Surgical Institute as long as life lasts."

# GIVEN AWAY!

ENOUGH.

A man weighing 150 pounds has fat enough in his body to make a dozen good sized candles. That's "fat enough." Too much

fat or too little indicates a disordered physical condi-

tion. The average American has too little fat. He is

gaunt and spare. Americans are known to the world as a

which does not take time to eat properly. No man can be stronger than his stomach. The man with a "weak stomach" will be a weak man. Nature sustains life by food. All the strength of the body.

is derived from food. But it is not the food which is eaten but the food

that is digested and assimilated which is life-sustaining and strength giv-

ing. When the stomach is "weak," the food is imperfectly digested and the

body as a consequence, is insufficiently nourished. No fat can be put on the

body until the nourishment derived from food exceeds the daily requirements

of the body in wear and waste of tissue. When the stomach "weak," the nu-

trition falls below the daily requirements of the body. Then from lack of nutri-ment other organs become "weak" and as a result of "weak," stomach we have

"weak" lungs, "weak" heart "weak nerves, etc.

The cures of "lung trouble," "heart trouble," "liver trouble," nerve trouble," and "blood trouble," accomplished by the use of Dr. Pierce's Golden Medical Dis-

covery, are due to the fact that this medicine acts directly on the stomach (and

the nutritive and digestive system), removing obstructions to its activity and health, and enabling it to supply the body with the nocessary nutrition. Thus every organ is properly fed and surely strengthened. "Golden Medical Discoverys is not a cure-all. It is a medicine for the stomach and organs of digestion and

nutrition. It cures diseases remote from the stomach because diseases which
