GULF SUMMIT DISCOVERY

THE PETRIED REMAINS OF A STRANGE ANIMAL FOUND.

They Have Been Sent to Syracuse University—Mice Make a Nest in a Roll of Bills Worth \$900—Fun at the Coming Republican County Convention—A Vandaling Find—Local and Other Topics Treated in a Line or Two.

Special to the Scranton Tribune.

Susquehanna, July 30.—White workers were excavating for a cellar, near Gulf Summit, they unearthed the petrified remains of an animal estimated to have been sixteen feet long. The body lay head downward, on a shelf under a projecting rock. The left foreleg was missing. A hind foot had been broken off at the knee, but the foot was found under the root of a tree near by.

Lime water falling on the bones had turned them to stone. The outlines of the body were perfect. On a rock foot printer as large as the average sized dinner plate were found. The teeth were six inches long. A large rattlesnake crawled out of the skull, and it was killed by Farmer Cheeseman.

The farmers of the neighborhood believe the bones to be those of a mastodon, but a local geologist says they are those of a moose or species of horse. The bones have been sent to Syracuse University.

MADE A NEST OF MONEY.

Farmer Jared Wilcox, of Lynn, recently became suspicious of banks, and withdrawing \$300, he hid it in a stocking, which he placed in a trunk in the attic of the house. He had occasion to use some money, a few days since, and upon going to the trunk, he found that mice had made a nest of the money. He will send the remnants to the Redemption bureau, hoping to secure redress.

IT WILL BE WORTH ATTENDING.

Divers persons, and some persons who are not divers, are sharpening knives for the coming Republican county convention, and, unless the programme is changed, a few people will be laid out cold, without hope of an early resuscitation. The regulars, headed by Congressman C. Fred Wright of Susquehanna, and Colonel Charles C. Pratt, of New Milford, the leading candidate for state senator, while former Register and Recorder Samuel S. Wright, of Montrose, and Thomas Killmer will lead the reformers, headed by Congressman C. Fred Wright of Susquehanna, and Colonel Charles C. A VANDLING "FIND."

Over at Vandling some miners have discovered in a mine, the petrified hoof-prints of a prehistoric horse, the foot prints of a giant and the distinct marks of a hoofs. The foot-prints of the giant are fifteen inches long, with evidence that the heel of the earliest denizens of the Forest City section was located in the middle of the foot. Our Vandling friends are doing well. Let them continue their researches. Heavens only knows what they will discover next.

FLOTSAM AND JETSAM.

It is reported that when the Burnwood and Fiddle Lake railway is built, the general superintendent will be tendered to Elder Charley Ross, of Burnwood.

IN A LINE OR TWO.

Mrs. David Mason, of Susquehanna (nee Miss Belle Greenwood), died at the home of her parents, at Winwood, Wayne county, Thursday evening, after a brief illness. She is survived by her husband. She was an estimable woman, and her death was both sad and untimely. The funeral took place at Winwood on Monday.

PITTSSTON.

Pittston, July 30.—The Pittston Butcher association contemplates a strict surveillance on a few merchants who persist in keeping their establishments open on Sunday, and have engaged an attorney to look after their interests. Notice will be served on the Sunday sellers, and unless they discontinue the practice, arrests will be made.

PARAGRAPHETTES.

Susquehanna will have about twenty-five new and desirable residents in a few days, when the office of the Erie Mechanical Superintendent A. E. Mitchell, is removed from New York city to this borough.

GIBSON.

Gibson, July 30.—Our town is all alive this week with visitors. Mr. and Mrs. Wood Styles, Mr. and Mrs. Charles Styles and two children, Dr. Styles and Mrs. Edward Patterson, are enjoying

the hospitality of Mr. and Mrs. C. C. Lupton this week.
