Kilties of Toronto, to Be in This City Next Monday.

Next Monday afternoon and evening the band of the Forty-eighth Highlanders, of Toronto, will play at the new armory under the auspices of the Caledonians of this city. The band will be dressed in full Highland costume and will parade the city streets at 7 o'clock in the evening. The Press-Republic, of Springfield, Ohlo, speak-

ing of the concert in that city said: "The people of Springfield and surounding twons turned out en masse ast night in anticipation of rare treat in the form of a concert by the Kilties' Band, and from the continual storm applause tendered each number they were not disappointed. When the curtain went up and revealed the Kilies in their unique uniforms, there was not a seat to be had in the Grand Opera House.

John Slatter, the bandmaster, won distinction as soloist in Her Majesty's Life Guards Band, London, England, and in the Seventh Fusiliers of Great Britain. The music was something grand and masterful displaying the great talent of each musician. The malechorus was par excellence and in one instance was brought back for the third The Scottish reels and dances were received with many outbursts of enthusiasm and the closing numbers, America' brought down the house."

POLITICAL MATTERS.

Congressman Connell said yesterday: "I see it has been published that I am doing the recorder's work for him. This is flattering to my ability, but unfortunately it is inaccurate. I have not asked the recorder to make or withhold a single appointment, or to do or not to do a single thing in connection with his office. My idea, which, if I were recorder, I would put into execution, is that the employe of the city who does his duty efficiently and faithfully should be kept on the pay-roll, and the one who doesn't should be bounced. I haven't heard of any contemplated head-chopping, and don't believe that any competent and faithful employe need have a moment's fear."

There is a possibility that the meeting of the State League of Republican clubs may be held in this city the early part of October. The selection of the place is left to the executive committee, which is now easting about for a suitable city in which to hold the convention. The advantages of Scranton are to be presented to the committee and it may be that it will be decided
