The latter gave way suddenly and Watkins was caught under the falling engine, both of his legs being terribly crushed. He was taken to the Moses Taylor hospital and, after suffering great pain, died. His remains were taken to 525 Olive street, where he was living with his mother. He was 25 years of age and unmarried.

CAN'T DISPUTE THIS

Because It Is a Local Transaction and the Citizen Is on the Spot to Confirm It.

The reader of this must concede two important points: First, what follows having taken place in Scranton, can easily be investigated and proved to be true; second, there is a vast difference between opinions publicly expressed by a resident of Scranton in Scranton local papers and the opinions daily met with in the same paper, which were originally drafted in Maine or Montana. Read this case and acknowledge both points.

Mrs. Sarah Farrell, of 1919 Price street, Hyde Park, says: "I honestly believe it had not been for Dean's Kidney Pills I would now be in my grave. Six years ago my kidneys commenced to trouble me. At first, I did not pay much attention to it, but it kept getting worse and other symptoms appeared. I tried many remedies, but without obtaining permanent relief. I was so bad that blood passed from me; my back ached so I could not get up or down. I was short of breath and finally I had to take to my bed. I was suffering weaker and my suffering became more intense, and the doctor said he was doing all he could for me. I often wished and prayed for death for I had given up hope of getting better. My mother had Dean's Kidney Pills brought to her notice, and got a box from Matthews Bros' drug store. I took them and the first box did me so much good. I got better. After I found my remedy, I thanked God that I had found a remedy which had given me a new lease of life."

Murray's mines will be idle today as the result of a meeting of the men employed there, held last night, when it was decided to strike until their grievances have been adjusted. At the time this was reported the drivers in the mine struck, but the matter was soon settled and the boys returned to work. Since then it appears the two boys mentioned have been discharged and last night's meeting was called to consider their case, with the result as above stated. This action will throw 250 men and boys out of work. Mine Foreman Gibbons was not at home when a Tribune man called last night, so that his version of the trouble could not be learned.
