

Dr. Hand's
Phosphated Condensed Milk

Is the only milk that should be given a baby. Fresh milk is dangerous in warm weather because it is usually kept sweet with formaldehyde, or some other chemical, that imperils the child's life. Be sure to get Dr. Hand's—it keeps sweet in any weather—don't buy ice. It is richest in butter fats and has added all the food elements of whole wheat. It makes a jolly child healthy and strong. Booklet on infant food, and letters from mothers free.

R. D. THOMAS WAS REMOVED
DIRECTOR ROCHE CUTS OFF HIS OFFICIAL HEAD.

The Superintendent of Highways and Sewers Refused to Resign and So He Had to Be Removed—Former Select Councilman W. J. Thomas, of the Fourth Ward, Was Appointed in His Place—Director Believes New Man Will Make a Good Superintendent.

Rowland D. Thomas, having refused to resign, was yesterday removed from the position of superintendent of highways and sewers by Director of Public Works, Roche, and W. J. Thomas was appointed in his place.

Director Roche called the superintendent into his office shortly before 2 o'clock and informed him that the time had come for the parting of the ways. He told him that he would extend him the privilege of resigning if he chose to take advantage of it, but Mr. Thomas didn't care to resign and Director Roche accordingly told him that he should consider himself removed.

A few minutes afterwards the official announcement of the appointment of W. J. Thomas, of Price street, to the position. The new superintendent will take charge this afternoon.

The removal of Rowland Thomas was practically decided upon by Director Roche very shortly after it was learned that the department of public works, and was delayed simply because the director had a job trying to find a man to take the position who measured up to its requirements. When asked why the change had been made, the director said:

THE DIRECTOR'S STATEMENT.
"It has been made because I decided that W. J. Thomas was a far more competent man for the place than Rowland D. Thomas. That's all I've got to say on that phase of the question. The appointment of the new superintendent is my own entirely and if he doesn't suit the place will rest on my shoulders and on nobody's else."

"Will the advent of the new superintendent mean the beginning of any radical changes in the management of the bureau?" asked the Tribune man.

"No, I can say that it will be the beginning of changes which I have contemplated, but don't ask me what they are to be, for I'm not prepared to say just now," replied the director.

Rowland Thomas, who was removed, was appointed to the position of street commissioner by former Mayor Mohr about two years ago, succeeding P. J. O'Boyle. The office of street commissioner is abolished in cities of the second class and the title of superintendent of highways and sewers substituted.

The new superintendent, W. J. Thomas, is a staunch Republican and comes from West Scranton, being a resident of the Fourth ward, which bailiwick he represented in select council for a number of years with great credit. He sought the Republican nomination for the place again two years ago, but was defeated by Simon Thomas, whose revelation of the bribery rampant in council was one of the features of the Municipal League investigation.

THE NEW SUPERINTENDENT.
"Bill" Thomas, as he is popularly known, has always been recognized as one of the best men that ever occupied a seat in council. He was a fighter from wayback and if he thought a certain thing was right, he would stick out for it to the last ditch.

The story is told that at one time not many years ago, a measure was pending which a certain large corporation wanted passed. "Bill" Thomas worked for the certain large corporation, but he persisted in voting against the measure in question. One of the big officials of the corporation invited the councilman to his office for a heart-to-heart talk.

Thomas went, and had the heart-to-heart talk, but informed the official when it was over that he would vote the same as he had been voting. If he lost his job, he voted as he had voted, and didn't lose his job, and it is whispered that the official of the big corporation now thinks a deal of him.

Mr. Thomas is reported to have said yesterday when tendered the appointment, that he wasn't exactly sure whether he was competent to take it or not, and that if at any time he was found to be not fit, he would be glad to be removed.

NEW WASHING MACHINE.
It Is the Invention of Two Young Men of This City.

Probably one of the simplest and most useful household inventions that has come to this city recently is a motor and washing machine, the invention of W. W. Hamer, of Webster avenue, and H. C. Hark, of Matthews Bros. The washing machine is of the regulation size and shape, the tub being mounted on ball bearings, with the special advantage of being detachable, the only detachable tub on record in the patent office.

The interior of the tub is all wood (no metals of any kind coming in contact with the clothes) and so constructed, when the tub is in motion, as to raise and lower the ribbed boat automatically. The motor is operated by water power and is noiseless, and so economical is it that no more water is utilized than will be required to rinse the clothes being washed. The motor is very sensitive and strong, and will be so constructed that it can be applied to any regulation machine, or for other mechanical devices requiring that peculiar motion.

The washer has a number of little details of a very desirable nature, such as a new draining tube, latches, posts, weight, etc. The model, full size, will be placed on exhibition shortly in one of the central city stores.

The washer will be known as the "American Washer" and will be placed on the market in the near future at a price only a trifle beyond the present hand machines.

CONCERTS AT THE ARMY.
Given by the Kitties Yesterday Afternoon and Evening.

In the new Thirtieth regiment armory two concerts were given yesterday by "The Kitties," the brass band connected with the Forty-eighth Highlanders, of Toronto. The band is composed of thirty-five men, under the leadership of John Slater, and is now on a six weeks' concert tour of the states, two weeks of which will be spent at the Buffalo exposition.

The concert last night opened with

the playing of the "Star Spangled Banner" and closed with the singing of "America" and "God Save the King," by the band. Among the numbers played by the band was the overture, "The Merry Wives of Windsor," "Reminiscences of Scotland," "Reminiscences of All Nations," the delightful "Patrol of the Gnomes," "A Hunting Song," a descriptive piece, "Faderewski," and "Simple Aven." Among the encores were Sousa's "Stars and Stripes" and "Spirit of Liberty," which were played with commendable spirit and dash.

The selections by the band were not the only features of the evening's entertainment. Angus M. Frazer played the bagpipes and danced the Highland Fling and a Sailor's Hornpipe in a way that aroused great enthusiasm in the audience. Eugene Lockhart, a boy of twelve, danced a sword dance and the Sheon Treas dance very gracefully. A Scotch reel was danced by a quartette of the bandmen. Andrew Voss played "March of Argy" on the cornet, and J. Coates, full tenor voice.

Large audiences were present both afternoon and evening at the armory. The concerts were under the auspices of the Scranton Caledonian club.

AGREED TO A CONTINUANCE
INJUNCTION HEARING WENT OVER UNTIL FRIDAY.

There Is a Possibility That the Strike May Be Ended Before That Time—Britton Wants a Divorce from His Alleged Unfaithful Wife. Two Accused Men Enter Bail for Their Appearance at Court—Applicants for a Marriage License Had to Be Refused.

The hearing in the injunction case of the Delaware, Lackawanna and Western company against the striking car builders was not held yesterday, as contemplated, when court adjourned Saturday. By agreement of counsel on both sides the hearing was continued until Friday morning.

Before court opened in the morning there was a conference between Judges E. S. Willard and Attorney O'Brien and O'Malley, representing the company, and E. C. Newcomb, representing the strikers. The complainants have four witnesses they want to call later, not being prepared to put them on yesterday, and the defendants' attorneys insisted that the case for the company be closed before the defense opens.

For this, and the further reason that there is a possibility that the strike may soon be ended, the hearing was allowed to go over until Friday.

They Entered Bail.
Tony Fibrey, who was committed to the county jail Sunday by Alderman Lentex for stealing cement from one of the contractors on the new Rapid Transit road, by whom he was employed as a watchman, was admitted to bail yesterday in the sum of \$500. Warren P. Wells is his bondsman.

Dale Shiffer, who was committed to the county jail for burglariously entering the store of J. R. Bruns, of 332 East Sixth street, was yesterday admitted to bail in the sum of \$500. Erastus Shiffer became his bondsman.

DUFFY AND STAMPEDE.
Newsboys' President Says That Strike Against New York Sunday Papers Is Still on.

While the Newsboys' union met with what was considerably in the nature of a rebuff Sunday when the boys flocked into the Lackawanna News Agency's establishment and purchased the New York papers at the regulation price, nevertheless the conflict with the metropolitan journals is far from being at an end.

President James Duffy, who was about the only boy to hold out against the universal stampede and refuse to sell the papers, yesterday was a very crestfallen youth, but when a Tribune man met him, hailed joyously the opportunity of being a public speaker.

"The strike is not yet over," "You can say," he remarked doggedly, "but it's not over yet."

"How's that?" abruptly asked the reporter, "didn't this about smash up the system?"

"Hully gee, no!" exclaimed President Duffy, in tones of the most startled surprise. "De whole ting started by a mistake. One of de boys didn't know nothin' about any strike bein' on. He wasn't at de meeting, and he just got his papers, and he started to sell. When he got his papers, de others fellows just fell in and got theirs too. We'll have 'em fixed by next Sunday, all right."

And with an ominous shake of his head, the youthful leader of the vendors of news and a shiver of shivers proudly walked from the spot in answer to a shrill whistle from a person nearby, who wanted an afternoon paper.

Sam Schloss, aged 17 years, a newsboy and bootblack, yesterday caused the arrest of Frank Burnack, another newsboy, whom he accused of being one of a gang who brutally abused him on Sunday.

According to the story told by Schloss, he was one of the first of the newsboys to take out New York papers on Sunday, and as a consequence was in bad odor with the rest of the boys. He says he was finally cornered by a crowd, of which Burnack was one, and brutally treated near the Lackawanna station.

After beating him, he says, some of the boys got a bottle of sulfate water and squirted nearly all of the freezing stuff down his throat. Then some of the boys held his eyes open and squirted some of the water into them.

After the hearing, Alderman Ruddy committed Burnack to the county jail in default of \$2,000. Burnack is out for a number of other boys, who are to be given a hearing today.

WANT PAY FOR TIRES.
Auditing Committee Decides Not to Reimburse Crystal Company.

The members of the auditing committee at a regular meeting, held last night, decided to refuse to approve the Crystal Tire company's bill of \$150 for rubber tires put on the apparatus by the company, while the members were laboring under the delusion that the city would reimburse them.

The committee also held up bills of the Spring House Water company amounting to \$162.75 for water furnished at Council Park and to fourteen fire hydrants in South Scranton. There is no appropriation out of which money for the payment of these bills can be taken.

SUMMER HOME AT CRESCO
Special Appeal for Remainder of Funds Necessary to Have It Do Its Work of Mercy Until Season's Close.

The summer home at Cresco has, through the weekly work of the Men's Guild, had weekly successful acknowledgments made for it of donations given to enable it to carry on its mission of mercy. Yet there is need of much more. Economically as its funds are administered, experience has proved that about \$1,000 in money is needed each year to enable it to give all the poor, tired out women and little children who most thoroughly are in need of its benefits their turn.

From June 11 to July 13 the gifts sent in were generous, bringing the summer fund up to \$415—a little less than half the sum needed. But since July 13 the contributions have fallen off, being altogether considerably less than \$100 additional to that received before; and of this over \$58 came from Stroudsburg.

There is, therefore, need of over \$400 more, and the failure to have it given will mean that a good many, to whom their turn at the summer home would mean life and renewed strength for hard daily toil through the coming year, would have to do without it.

Therefore those in charge of it make this added appeal. They "give twice who give quickly." If the committee can have all the needful money given in August their hearts and minds will be relieved by the certainty of ability to keep the home open the full time it should be so. The treasurer of the Men's Guild is Samuel Hines, his office at 135 Wyoming avenue.

BRITTON SEEKS A DIVORCE.
A. J. Britton, through his attorney, H. M. Hannah, yesterday began proceedings to secure a divorce from Caroline Britton, to whom he was married June 24, 1897.

He left her on Sept. 20, 1896, because of her alleged adulterous practices with Louis Jones and others.

COURT HOUSE NEWS NOTES.
The bond of John J. Coyne, as tax collector of Lackawanna township was yesterday approved by the court. It is in the sum of \$5,400 and has Mary Coyne, Michael A. Donohoe, P. Mulhern, Thomas J. Coyne and Martin Flaherty as sureties.

Mrs. Janet Williams yesterday petitioned the court for a license for the balance of the year for the property she owns at 1069 Exton street, April 1 last a license for the premises was granted to her by Judge Morgan, who did not take it out. If a license is not granted, she says the value of her property will be depreciated.

Marriage Licenses.
Almerian Rogers, of Oxford, N. J., and Mrs. Myrtle Cole, of the same place, came to this city yesterday to be married. He is forty-five and she is thirty-four, and both have been married before and divorced. They applied to Clerk of the Courts Daniels for a marriage license, but it was refused because they had not had their divorce decrees with them.

Licenses were granted in the clerk's office yesterday to the following:

Frank Smith yesterday caused the arrest of John Moran and George Gimborg on the charge of assault and battery. His case was so trying that Alderman Ruddy discharged the stenographer.

SARATOGA'S FLORAL FETE.
Great Preparations for This Remarkable Annual Festivity—A Grand Excursion from Scranton, Wilkes-Barre and Vicinity.

Saratoga is making great preparations for her annual floral fete, which occurs September 4, 5 and 6, and no expense is being spared to make the coming occasion excel all others, although people who witnessed the fete last year thought it almost impossible to surpass it. King Rex, who was the central figure in the New Orleans Mardi Gras, is now at Saratoga superintending the preparations. On his trip north he was attended by one hundred courtiers and scores of pretty maids, and he says that he proposes to duplicate the New Orleans Mardi Gras at Saratoga, and open the eyes of the north to the gorgeous and beautiful way in which festivals are conducted in sunny Louisiana. He has with him all the knights and ladies who have made the New Orleans Mardi Gras the eighth wonder of the world, and who now propose to make the Saratoga floral fete the ninth. Two months ago his resplendent boats and golden chariots and bejeweled processional robes were sent to the New York watering place, to be used in the coming fete, and the people of this vicinity will have an opportunity to witness a duplication of Louisiana's marvelous exhibition. In the grand parade, which occurs September 5, there will be more than twenty floats, covered with natural flowers and costing from \$5,000 to \$12,000 each. Upon these there will be over one hundred characters in the

THEY MADE A MISTAKE.
Couple Thought an Application for a Marriage License Was as Good as a Certificate.

Bruno Paine, of Archbald, and Mrs. Philomena Napoletano, of Olyphant, on June 7, 1900, went before Justice of the Peace Cummings, of Olyphant, had the proper papers applying for a marriage license made out and went off rejoicing. They conceived that this application was a license, wedding certificate and everything else needful, and they at once went to housekeeping without further formalities.

Recently Mrs. Paine's relatives got an inkling that there was something irregular about the marriage and began an investigation, which showed that the marriage was unannounced by church or state. Yesterday a marriage license was formally issued to the couple and last night they were married at their home in Peckville.

Paine is a dashing young gallant of 42 and his bride admitted that she is 40.
