NEW PHASE OF SCHOOL SITUATION

Trains arrive at 8.53 a. m. and 5.45 p. m. Sundays at 8.53 a. m.

The Examinations of Substitute Teachers Involve City Superintendent Garr and One or More Members of the School Board-Mr. Garr Says No Re-Examinations for Teachers Who Failed, Though the Board Has Asked for One-The Status of the Seeming Conflict.

A new phase has developed in the school board situation, one which is likely to crowd in the background for the present at least, the deadlocking of the directors over the election of Professor Bryden to the principalship of the High school.

The examination of the substitute teachers and other candidates for teacherships are what have switched interest, as it were, from the princi Though it has not been an nounced to the public in an official way, the class of substitute teachers tions several weeks before City Superintendent Garr failed, not one in the entire class reached the minimum percentage required by the examiner It was a sore disappointment to the candidates and their friends, who builded on the success of the undertaking, but "hope springs eternal in the human breast," and the belief was progress. cherished that there would be a reexamination, as was true of the first year of Superintendent Garr's adminis tration, when there were numerous to qualify. The superintendent, however, announced beforehand that there did not cause the unsuccessful and disand they were rewarded, as it were, a few wacks later, when the school board made a request, asking the superintendent to give the class that failed another chance by holding a second examination. It has developed, how ever, that Mr. Garr, who is conceded to possess a firmness of purpose in matters in which he believes he is right, does not intend to hold another examination: in fact, this is his purpose and his edict was sent forth in an answer to one of the class which failed, in which he declared "there will be no re-examination."

Tota is what has caused disturbance enough to precipitate a mild storm this seeming conflict with the express ed wishes of the board, indicated in the request of a few weeks ago. The directors, or at least those who es pecially favored the idea of another chance for those who failed, believed that the wishes of the board would be regarded, and it is safe to say that it was somewhat of a jar, the news of Mr. Gacr's decision. School directors. like the rest of humanity, are sensi live over having their wishes set aside and it will not be much a hazard to declare that there are some ruffled tempers among the directors, because of Mr. Garr's decision, which in some quarters is regarded as tantamount to ignoring the board's wishes. It will also be safe to hazard the guess that this very matetr will be a fertile topic of discussion at the next meeting of the board, unless there is a decided change of opinion, of which there is no indication at present.

The superintendent, it should b said, is safe in the course that he is taking, so far as observing the legal proprieties of his office, but it is his apparent opposition to the wishes of the board that has stirred up the discussion that waxes warmer as it pro-

The Tribune man was unable to reach Mr. Garr last night to ascertain | Church street by a severe illness, conhis views, but there is little doubt that tinues to improve daily. he can find some ground on which to stand in defense of his position. It is an open secret that the classes of instruction established by him for the benefit of substitute teachers and others were not taken advantage of as they might have been, and it is shrewdly suspected that this may have

had something to do with Mr. Garr reaching the determination to which

he has fastened himself. The board has no authority to compel the superintendent to hold a reexamination, however strongly it may wish to allow the unauccessful candidates another trail, but it is among the sure possibilities of a future ses-

Union of the Cobblers of the Town Who Elect Officers and Adopt a Scale of Price for Repair Which They Say Will Be Adhered to.

The shoemakers of the town have formed a union, which gives promise of being a stable organization and of correcting abuses of the craft that have demoralized trade and made prices as uncertain as stocks when Union Pacific, or some other Pacific, goes oft on a sky rocket flight.

The menders of worn soles and crooked heels met Monday night in the shop of James Pidgeon on South Main street, and effected organization by electing the following officers: President, M. H. Sullivan; secretary, Glosseppe Cerra, of Fall Brook street. In explanation, it is stated that this organization takes the place of the union formed several months ago, but which for various reasons did not become active. There are fifteen charter

Home from Convention.

Miss Maggie Thomas, who attended the convention of the Ladies' Catholic Benevolent association at Detroit, Mich., returned home last evening. The delegates were exceedingly well cared for by the Detroit members of the association, who royally entertained from the Carbondale branch, enjoyed the "Flats" on the St. Clair river, "The group of Islands is called.

The election of supreme council offitor, Mrs. Margaret F. Farre, Manchester, N. J.; marshal, Mrs. Teresa Lutz, vited the convention to come to St. Paul next year.

Miss Carroll did not reach home until be built vesterday, having stopped off at Butfalo to view the wonders of the Pan-American exposition.

ELECT A SUPERIOR.

Convent Green as Head of the Or- but Chairman Blythe, as might be Rose Convent.

Sister M. Cyril, who has been superor at St. Paul's convent. Green Ridge since its opening, was yesterday elected to the office of mother of the community of the Immaculate Heart of Mary of the diocese of Scranton, the highest office in the order.

The election took place in the chapel of St. Rose convent, this city, where the second retreat of the order is in

Rt. Rev. Bishop Hoban and Monsignor Garvey, bishop-elect of the new see of Altoona, were present, the former presiding at the election. Attor failures among the teachers who tried the devotional exercises, the balloting took place, the choice falling on Sister Cyril, who was accordingly empowered would be but one examination, but this to discharge the duties of the high office to which she was called. There appointed enes to put aside their hopes were 200 sisters present at the event. Sister Cresentia, of St. Cecilia's academy, filled the unexpired term of the lately lamented Mother Mary.

Unclaimed Letters.

List of letters remaining in the Carbondale, Pa., postoffice, August 6, 1901, for persons unknown; William J. Beckey, Fred Hendricks, Dewitt Hayes, Ross M. Hofmer, F. H. Loftus, Dr. O. L. Sands, Herman Shenberger, Miss Mr. Preston, near Hancock, N. Y. Jennie Palmer, Miss Maud Sampson, Miss Elba Swarts, Miss Sara May Smuckers; foreign, H. Kennan, J. H. Thomas, postmaster.

'A Woman at the Bottom of It."

how rarely do men realize that when they succeed few lines of correspondence has been the beginning of in life, when the family grows up in health and vigor, a new life to many a woman. Dr. Pierce invites sick there's a woman at the bottom of it. The woman women to consult him by letter absolutely free. He member of that famous athletic family, standing at places at the service of every sick woman his wide the bottom of the human pyramid and supporting hus experience in the treatment of woman's diseases, gathand children, is only a type of thousands of women ered in over thirty years of practice and in the treatwho by brain and body uphold the husband and the ment and cure of more than half a million sick women.

home. Hardly anybody knows the work or worth of such a woman. Even her husband doesn't know the extent of his debt to her. She is a modest, self-sacrificing little woman. She hides the bruises and sores which she has gained in the struggle and strain of her life even from her husband. And this is the sort of woman who fades away in her prime, and leaves a husband and family rich and prosperous to awake too late to her worth and virtue.

It is useless to say to such a woman, "Stand from under. The load is too great for your strength. The load she has taken she will carry to the end. The best thing to say to her is, "If you can't diminish your burden you can increase

your strength. Bring your strength up to the weight you have to carry." Thou-sands of women have heard that message with glad hearts. And thousands of women are alive to-day who had given up hope of living, but are restored to health and happiness by the use of Dr. Pierce's Favorite Prescription.

It is not the ordinary wear and tear of life which breaks down the woman's health. It is the secret, subtle drains on her vitality, made by diseases of the delicate womanly organs, which at last bring collapse. The power of "Favorite Prescription" to heal and strengthen is primarily dependent on the fact that it heals womanly diseases, and strengthens the delicate womanly organs. It regulates the periods, dries enfeebling drains, heals inflammation and ulceration and cures female weakness. Its use renders childbirth practically painless, and enables the mother to provide abundant nutrition for the nursing child.

A PRAYER UNANSWERED.

"I think if it were not for your 'Favorite Prescription' I would have been in my grave, and my little boy and my hus-band would have been alone," writes Mrs. Edwin H. Gardner, of Egypt, Plymouth Co., Mass., Box 14. "Your medicine almost raised me from the dead. I had pain all over me, and such a dragging feeling it seemed I could not do my housework. I had to sit down to wash the dishes, even, and also to do some not care to live, and prayed many times that God would take me. Then I thought of my little boy and my husband and thought it would be dreadful to go and leave them behind; so one day I was looking over my papers and found a little book in which I used to keep my husband's accounts. I read it, and thought I would write to Dr. Pierce. I sat down, as sad as ever, and wrote a few lines to him, and in a few days received an answer. I decided to try his medicines, and to-day I am a well woman. I have no headache, no pain at all. I used always to have headache previous to the monthly periods, and such pain that I would roll on the floor in agony. This sometimes would occur every two weeks, and I would be very weak afterward. I was in pain all over. My feet would slip from under

me when I would try to go across the room, and I could not walk any distance without being in pain. Words cannot express what I suffered in two months. After I had taken one bottle of Dr. Pierce's Favorite Prescription I began to feel better. I took three bottles of 'Favorite Prescription' and three of 'Golden Medical Discovery' and three vials of Dr. Pierce's Pellets, and was completely cured."

Dr. Pierce's Favorite Prescription. It isn't a half cure. by less meritorious articles. Insist on "Favorite It is a perfect cure. It's a common testimony of those Prescription." Give it a fair trial and it will cure cured by this medicine, "I am a well woman. I was you, as it has cured ninety-eight per cent. of all who in pain all over, but now have no pain at all."

"THERE'S a woman at the bottom of it." How If you are sick there is nothing better you can do often, when some "good man goes wrong," than to follow Mrs. Gardner's example, when, in her you hear that calumnious whisper! But helplessness, she wrote a few lines to Dr. Pierce. That

To his own services he adds those of his staff of nearly a score of medical specialists, engaged every day in the treatment of diseases in the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., of which well-known institution Dr. R. V. Pierce is chief consulting physician.
It is well to remember that while anyone can

it. To seek medical advice of any man or woman who is not a physician is even more foolish than to employ your butcher as a dressmaker. There is no other offer of free medical advice which can compare with this of Dr. Pierce, be-

cause there is no other offer which has behind

offer "medical advice," only a physician can give

it a great medical institution, and a staff of specialists, co-operating with a chief consulting physician of the recognized ability and wonderful success of

Dr. Pierce.

"LOOKING FOR DEATH."

"I think Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery the best medicines in the world," writes Mrs. Amelia Dougherty, of Kerrigan, Wayne Co., Mo. "I gave birth to a baby last summer. After confinement I became very ill, had the best physician that could be got and be discovered medical transfer." that could be got, and he diagnosed my case as uterine trouble, tending to dropsy. Medicine seemed to do me no good; I lingered between life and death

for quite a while, every day growing weaker, until I could not walk across the room. My friends were looking for my death every minute.

A friend wrote and told me about Dr. R. V. Pierce, and I at once wrote to him for medical advice. He replied immediately, giving me full instructions as to what to do. I at once followed his advice, and when I had taken his medicine about a week I felt a good deal stronger. When I had taken it about one month I felt as strong as I do to-day. I I took four bottles of each kind and two vials of 'Pleasant Pellets.' Many thanks for the medicine. It has permanently cured me."

Dr. Pierce's Favorite Prescription can be used freely without the fear of acquiring some terrible drug habit, which frequently follows the use of certain medicines prepared for woman's use There is no alcohol in "Favorite Prescription," neither does it contain opium, cocaine, chloral, or any other narcotic.

"AN EASY TIME."

"When I wrote to you in March, asking advice as to what to do for myself," says Mrs. Elia Reynolds, of Guffie, McLean Co., Ky. "I was expecting to be confined in June, and was sick all of the time. Had been sick for several months. Could not get anything to stay in my stomach, not even water. Had miscarriage twice in six months, threatening all the time with this one. Had female me all the time. Had numbness from my hips down. Had severa hard cramping spells, and was not able to do any work at all. received your answer in a few days, telling me to take Dr. Pierce Favorite Prescription. I took three bottles, and before I had taker it a week I was better, and before I had taken it a month I was able to help do my work. On the twenty-seventh of May my baby wa born, and I was only sick three hours, and had an easy time. doctor said I got along nicely, and my husband said if it had no been for Dr. Pierce we would not have had this boy.

'We praise Dr. Pierce's medicine, for it has cured me. I am better now than I have been in thirteen years. I hope all that are afflicted will do as I have done and be cured."

Do not accept any substitute for Dr. Pierce's Favorite Prescription. There is no other "put-up" medicine for women so safe to use or so sure to cure. No substitute is ever offered except where That is the kind of cure which follows the use of dealers are eager to make the larger profit paid have used it.

WOMAN'S IGNORANGE of her own nature and its needs is often to blame for a life of ill-health. Dr. Pierce's Common Sense Medical Advisor is full of wisdom for women. It is a complete guide to womanly health and happiness. This book, containing 1008 pages and bound in cloth, is sent FREE on receipt of 3! one-cent stamps, to pay expense of
