

STEEL STRIKE IS SHIFTED TO JOLIET

Strikers at Pittsburg Are Jubilant Over the Action of the Men in the West.

STEEL OFFICIALS ARE NOT WORRIED

They Say That the Strikers Are Nearly at the Flood of Their Success and When the Ebb Comes It Never Can Be Stopped.

By Exclusive Wire from The Associated Press.

Pittsburg, Aug. 16.—The center of interest in the steel strike today shifted to the west, where Joliet finally swung into line with the strikers, and Milwaukee, appointed tomorrow as the time for a final vote on the question. The news that came out of the west cheered the strikers throughout the district in this vicinity as no other development since the labor war was disclosed. In their enthusiasm they count upon favorable action at Milwaukee tomorrow, and carrying their hopes still further, say that they will yet win Chicago over. These successes, they declare with arrogant confidence, will make them masters of the situation and win the strike. The steel officials, on the other hand, say the strikers are nearly at the flood of their success and when the ebb comes it can never be stopped. They don't seem to be disturbed by recent events, and with a confidence equal to that of the strikers, talk of certainty of ultimate success. They assert that popular sentiment has been behind the strike, and that the general interest, which was aroused by the contest is quickly waning. They claim that they are more than holding their own in the non-union plants that were unaffected or have been started in the strike, and are perfecting plans for reopening several plants now idle. They also claim that many of their men, particularly at McKeesport, Wheeling and Baltimore, were forced out by intimidation and will come back as soon as the excitement dies out and their safety is assured. Talk of peace has been dropped for the time being, and it is agreed that in its present aspect the situation indicates a prolonged and stubborn contest.

McKeesport Tie-up.

Two hundred men employed in the National Tube company at McKeesport struck today. They were the last remaining workmen in the affected trades in that city and the tie-up is now as complete as possible here. Many of the men, however, have refused to join any union and their opinion is expressed that there will be soon a break among the strikers. The leaders plan to re-entire the men and check any break that may be possible. They have asked President Shaffer to go there and speak, but he has not yet said definitely that he would. The organizers are working indefatigably to keep the men in line. They are also extending their operations to Duquesne and Homestead, the two great strongholds of the Carnegie company and claim to be gaining ground at both places. The recent gains here and at Joliet will bring the total number of men brought out by the third and final call of President Shaffer to about 20,000 and press the grand total to something over 70,000. Thousands of the men out have found other work and the exact number now idle is unknown. The Amalgamated association is organizing a series of open-air meetings and plans to place many more of the idle men in filling the places of striking tinplate workers.

Prospects at Carnegie.

A dispatch from McKeesport says: "The strikers expect the Duquesne plant of the Carnegie steel company will be out in three days. They say it is organized and is waiting to cooperate with Homestead and Braddock mills and that this is the trump card. President Shaffer has been holding. Trouble is expected if men are imported or any old men return to work. "The tube welders published an announcement today that they will join no union, but will remain out while the strike is on. Mayor Black refused permission to the Socialist Labor party to hold a street meeting. He says that such meetings are more dangerous than gatherings of strikers on the streets. He says he will not disperse crowds on streets if they are good natured, but will arrest speakers at the meeting for inciting riot. The mayor got a postal order yesterday to look out as the food killer is headed toward McKeesport and is liable to pick him off. He also refused permission to the strikers to hold a twenty-round fight between Jack McCallan and M. Donovan, for the strike fund. About 2,300 men of the 10,000 in this city are organized. The balance will not join in any large number. Many of these not in organizations are chafing at idleness, but do not want to work unless assured protection."

Bethlehem Steel Purchase.

By Exclusive Wire from The Associated Press. Philadelphia, Aug. 16.—At a meeting of the stockholders of the Bethlehem steel company today it was decided to ratify the purchase of the Bethlehem Iron company and to issue \$2,500,000 of bonds, the purchase price of the Iron company being not a discounting vote, 25-144 shares out of a total of 300,000 being represented.

PINKERTON'S BIG CAPTURE

Gearhardt Terlingen, of Duisburg, Germany, Is Wanted for Forger.

CAUGHT IN MILWAUKEE

The Prisoner Wanted by the German Authorities for Having Forged and Hypothecated 1,500,000 Marks Worth of Charters and Securities. The American Equivalent of Herr Terlingen's Booty Is \$376,000.

By Exclusive Wire from The Associated Press.

Chicago, Aug. 16.—Shadowed by the police of Paris, hounded by the detectives of Scotland yard, looked for by the agents of New York, Philadelphia and Cincinnati, Gearhardt Terlingen, of Duisburg, Germany, accused of forgery and embezzlement by the German government, was captured in Milwaukee by Chicago Pinkertons and brought to this city for safe keeping. The prisoner is wanted by the German authorities for having forged and hypothecated 1,500,000 marks worth of charters and securities, the property of the Gearhardt Terlingen company of Duisburg, of which he was manager. The business was a land improvement and investment enterprise, and it is said that a great number of poor persons were financially ruined by the defalcations of the manager. The American equivalent of Herr Terlingen's booty is \$376,000.

Regarding Tin Plates.

The judges of the International Tin Plate Workers' Protective association, throughout the country are passing upon the question of handling the Welsh plates which the American Tin Plate company plans to import to replenish the supply cut off by the strike and their decision will have an important bearing on the strike. The Tin Plate Workers claim that on certain occasions in the past when they asked for the aid of the Amalgamated association they were given no satisfaction and that the Amalgamated association itself furnished precedents against sympathetic strikers. A lengthy statement in behalf of the tin workers has been made public here. After stating that the Welsh plates are made by union men, the statement reviews the history of the organization after the American Federation of Labor convention in Kansas City in 1895.

President Shaffer conducted the formalities of its organization, and the statement says:

"Feeling at this time that the interests of the tin house men were identical with the members of the Amalgamated association, we solicited Shaffer to enter into a defensive alliance, to strengthen the position of both organizations in trade disputes. Shaffer objected. He told us that the Amalgamated association stood for the objective of its contract, and that it could not enter into any defensive compact which would obligate the association to violate either the spirit or the letter of its signed agreements. He said he could only promise the 'moral aid' of his organization in the laws of the American Federation of Labor, for which he acted when he organized the tin house employees. We finally got our sole aid without any assistance from the Amalgamated association."

During the Storm Thursday Night the Portuguese Bark Propheeta Collided and Sank.

By Exclusive Wire from The Associated Press. Pensacola, Fla., Aug. 16.—The American steamship Evelyn, ten days from New York, for this port, went aground at 8 o'clock yesterday a. m., about eight miles from Pensacola bar. She is listed and is fast going to pieces. During the storm last night the Portuguese bark Propheeta, laden with a cargo of timber valued at \$5,000, from St. Thoni, Africa, was badly damaged. Her rigging was carried away, masts snapped off, and she was stove in on her starboard side and stern. The bark R. A. Brayton was also slightly injured. The storm last night was one of the wildest ever known here. The storm increased in violence and reached a wind velocity of seventy miles an hour, with gusts of ninety miles.

There was great damage to shipping in the bay and the water front property of Sanders & Co.'s fishing fleet were badly damaged. Four of them sank, causing a loss aggregating \$70,000.

The schooner Tortugas from Mobile for Anascliechoh with a cargo of cypress lumber, which put in for anchorage, collided with another vessel and sank.

Constitution Wins.

By Exclusive Wire from The Associated Press. Lachmont Yacht Club, N. Y., Aug. 16.—The Constitution drifted across the finish line this afternoon a winner over the Columbia by 20 minutes and 20 seconds. The wind was light and only in the first round was there any contest of speed. The Columbia was almost becalmed in the latter part of the race.

The Canvass at Ironton.

By Exclusive Wire from The Associated Press. Ironton, O., Aug. 16.—While not affected by the steel strike, the local lodge of the Amalgamated association appointed committees to canvass the city for funds to aid the strikers. The city is thoroughly distracted and a house of solicitation is to be held.

American Coal in Europe.

By Exclusive Wire from The Associated Press. London, Aug. 17.—"American coal has ousted British coal from the Swiss market," says a dispatch to the Daily Mail from Geneva. "and the American syndicate is confident of eventually obtaining a monopoly of the entire Swiss coal market."
