#### PITTSTON.

Special to the Scranton Tribune. Pittston, Aug. 23.-The Eagle Hoscompany of this place will be one of the out-of-town companies in attendance at the semi-centennial celebration in Carbondale the early part of next month, and at a meeting of the drill squad last night it was unanimously voted to enter the fancy drill contest. While in Carbondaie, the Eagle boys will be the guests of the Mitchell Hose company, with whom they have been on most cordial terms for several years. This year's contest will not be the first one the Eagle drill squad has participated in at Carbondale, they having won a victory there a few years ago. This year's drill will be especially intersting from the fact that the Eric's, of Susquehanna, who were defeated by Eagles at that time, will be their opponents again this year, and will make special effort to redeem themselves However, Captain Jones and his drillers have had too much experience in like contests to be the least whit neryour over the prospects for this year's outcome, and their friends are confident they will record their fourteenth victory by taking away the prize at

Horsemen M. L. Perrin, of the West Side, returned home this afternoon from Wellsville, N. Y., where he had been an important contestant in race there this week. Mr Perrin was very successful and carried away about \$400 of the prize money. In the events of Tuesday's schedule he drove Clesiminy to victory in three straight heats in the 2.16 class race for a purse of \$400. In other races the same day he took a second place with Jennie Glennon and a fourth place with Tinker. Yesterday, Pauline G took first money in the 2.19 class, and in the stake race for a purse of \$1,000 Sadie Barren took fourth meney.

A small sized riot took place at the Sterling Siik mill last evening when the eleven girls who attempted to resume work yesterday namning left the mill for their homes. A large num-ber of the girls who had refused to return to work and their sympathizers were on hand and made things decidedly unpleasant for the girls. Besides the usual epithet which are used in cases of this kind, the girls were pelted with stones. An altercation between James Moran, agent for the Central Labor union, and the watchman at the mill, resulted in a fight between the two, during which the watchman, named Judge, was worsted. Today the strikers had succeeded in reducing the number of those who wished to work from eleven to six, and it is thought these will be influenced to stay out

Unless a general response is received, the rair next year will not be a fair in the usual sense of the word; it will mean purely horse racing, which is becoming

more popular here. The Counted club, one of the most popular social organizations of this city is arranging for an informal Blue dance, to be given on Thursday, Sept. make it the event of the season, and the decorations will be on an elaborate scale. The committee of arrange ments, which has already issued invitations to a large number of Scranten and Carbondule people, is composed of the following young men: Joseph J. Keating, Ed. J. Burke, P. A. Breelin, M. Paiser, Wm. J. McKaig and J. J. Mooney.
